640.100. 1. The safe drinking water commission created in section 640.105 shall promulgate rules necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 and the federal Safe Drinking Water Act as amended.

2. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held by the commission after at least thirty days' prior notice in the manner prescribed by the rulemaking provisions of chapter 536 and an opportunity given to the public to be heard; the commission may solicit the views, in writing, of persons who may be affected by, knowledgeable about, or interested in proposed rules and regulations, or standards. Any person heard or registered at the hearing, or making written request for notice, shall be given written notice of the action of the commission with respect to the subject thereof. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated to administer and enforce sections 640.100 to 640.140 shall become effective only if the agency has fully complied with all of the requirements of chapter 536, including but not limited to section 536.028, if applicable, after June 9, 1998. All rulemaking authority delegated prior to June 9, 1998, is of no force and effect and repealed as of June 9, 1998, however, nothing in this section shall be interpreted to repeal or affect the validity of any rule adopted or promulgated prior to June 9, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in this chapter or chapter 644 shall affect the validity of any rule adopted and promulgated prior to June 9, 1998.

3. The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing standards for individuals who are seeking to be certified as backflow prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320 and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections 640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320 and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby authorized to be imposed upon all customers of public water systems in this state. Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections	$ 3.24
1,001 to 4,000 connections	3.00
4,001 to 7,000 connections	2.76
7,001 to 10,000 connections	2.40
10,001 to 20,000 connections	2.16
20,001 to 35,000 connections	1.92
35,001 to 50,000 connections	1.56
50,001 to 100,000 connections	1.32
More than 100,000 connections	1.08

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed seven dollars and forty-four cents; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed forty-one dollars and sixteen cents; and for customers with meters greater than four inches in size shall not exceed eighty-two dollars and forty-four cents.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

6. Fees imposed pursuant to subsection 5 of this section shall become effective on August 28, 2006, and shall be collected by the public water system serving the customer beginning September 1, 2006, and continuing until such time that the safe drinking water commission, at its discretion, specifies a different amount under subsection 8 of this section. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection 5 of this section and fees established by the commission pursuant to subsection 8 of this section are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

7. Imposition and collection of the fees authorized in subsection 5 and fees established by the commission pursuant to subsection 8 of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. Section 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

8. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from public and private water suppliers, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the safe drinking water commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or six of nine commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first

of the following calendar year, at which point the existing fee structure shall expire. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, **[**~~2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

643.079. 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source as described in subsection 2 of section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

(1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;

(2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;

(3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year. A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 of this section and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. Section 7651 et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 of this section and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal

Clean Air Act, as amended, 42 U.S.C. Section 7661 et seq., and used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080 to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. Each retail agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan under 42 U.S.C. Section 7412(r), as amended, shall pay an annual registration fee of two hundred dollars. In addition, each retail agricultural facility that uses, stores, or sells anhydrous ammonia shall pay an annual tonnage fee calculated on the number of tons of anhydrous ammonia sold. The initial retail tonnage fee shall be set at one dollar and twenty-five cents per ton of anhydrous ammonia used or sold. Each distributor or terminal agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan program 3 under 40 CFR Part 68 shall pay an annual registration fee of five thousand dollars and shall not pay a tonnage fee. The annual registration fees and tonnage fee may be periodically revised under subsection 11 of this section. However, the fees collected shall be used

exclusively for the purposes of administering the provisions of 42 U.S.C. Section 7412(r), as amended, for such agricultural facilities. Fees paid by agricultural air contaminant sources that use, store, or sell anhydrous ammonia for the purposes of implementing the requirements of 42 U.S.C. Section 7412(r), as amended, shall be deposited into the anhydrous ammonia risk management plan subaccount within the natural resources protection fund created in section 643.245. If the funding exceeds the reasonable costs to administer the programs as set forth in this section, the department of natural resources shall reduce fees for all registrants if the fees derived exceed the reasonable cost of administering the risk management plan under 42 U.S.C. Section 7412(r), as amended.

11. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure authorized by sections 643.073, 643.075, 643.079, 643.225, 643.228, 643.232, 643.237, and 643.242 after holding stakeholder meetings in order to solicit stakeholder input from each of the following groups: the asbestos industry, electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. The department shall submit a proposed fee structure with stakeholder agreement to the air conservation commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the previous fee structure shall expire upon the effective date of the commission-adopted fee structure. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation, by concurrent resolution disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the commission shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, **[**~~2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

644.057. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the clean water fee structure set forth in sections 644.052, 644.053, and 644.061. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: agriculture, industry, municipalities, public and private wastewater facilities, and the development community. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the clean water commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. In no case shall the clean water commission adopt or recommend any clean water fee in excess of five thousand dollars. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structures set forth in sections 644.052, 644.053, and 644.061 shall expire upon the effective date of the commission-adopted fee structure, contrary to section 644.054. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure provided by this

section shall expire on August 28, **[**~~2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**."; and

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void."; and

Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application, accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days proceeding the date the application is made and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every **[**~~four~~**] eight** years. **The department shall have the authority to automatically renew current valid disabled placards for a duration of eight years, or for the duration that correlates with the applicant's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.** The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every eighth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of an eight-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered

nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the eight-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis."; and

House Amendment No. 9

AMEND House Committee Substitute for Senate Bill No. 47, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) "Governing body", the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) "Political subdivision", any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

(1) The name of the political subdivision;

(2) That the political subdivision shall be subject to a fine of five hundred dollars per day if the political subdivision does not submit a copy of the annual financial statement to the state auditor's office within thirty days from the postmarked date stamped on the certified mail envelope;

(3) That the fine will be enforced and collected as provided under subsection 11 of this section; and

(4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

11. The department of revenue may collect the fine authorized under the provisions of subsection 9 of this section by offsetting any sales or use tax distributions due to the political subdivision. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

12. **(1)** Any political subdivision that has gross revenues of less than five thousand dollars or that has not levied or collected taxes in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section.

(2) Notwithstanding this section or any other law to the contrary, no political subdivision with less than five hundred inhabitants shall be subject to the fine authorized in this section, and any fine or fines previously assessed but not paid in full shall be deemed void; provided that the annual financial statement still is required to be filed timely under this section.

13. If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the political subdivision shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the statement, the department of revenue shall refund the fine upon notification from the political subdivision.

14. If a political subdivision has an outstanding balance for fines or penalties at the time it files its first annual financial statement after January 1, 2023, the director of revenue shall make a one-time downward adjustment to such outstanding balance in an amount that reduces the outstanding balance by no less than ninety percent.

15. The director of revenue shall have the authority to make a one-time downward adjustment to any outstanding penalty imposed under this section on a political subdivision if the director determines the fine is uncollectable. The director of revenue may prescribe rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 138, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"68.080. 1. There is hereby established in the state treasury the "Waterways and Ports Trust Fund".

The fund shall consist of revenues appropriated to it by the general assembly.

2. The fund may also receive any gifts, contributions, grants, or bequests received from federal, private, or other sources.

3. The fund shall be a revolving trust fund exempt from the provisions of section 33.080 relating to the transfer of unexpended balances by the state treasurer to the general revenue fund of the state. All interest earned upon the balance in the fund shall be deposited to the credit of the fund.

4. Moneys in the fund shall be withdrawn only upon appropriation by the general assembly, to be administered by the state highways and transportation commission and the department of transportation, in consultation with Missouri public ports, for the purposes in subsection 2 of section 68.035 and for no other purpose. To be eligible to receive an appropriation from the fund, a project shall be:

(1) A capital improvement project implementing physical improvements designed to improve commerce or terminal and transportation facilities on or adjacent to the navigable rivers of this state;

(2) Located on land owned or held in long term lease by a Missouri port authority, or within a navigable river adjacent to such land, and within the boundaries of a port authority;

(3) Funded by alternate sources so that moneys from the fund comprise no more than eighty percent of the cost of the project;

(4) Selected and approved by the highways and transportation commission, in consultation with Missouri public ports, to support a statewide plan for waterborne commerce, in accordance with subdivision (1) of section 68.065; and

(5) Capable of completion within two years of approval by the highways and transportation commission.

5. Appropriations made from the fund established in this section may be used as a local share in applying for other grant programs.

6. The provisions of this section shall terminate on August 28, 2033, pending the discharge of all warrant. On December 31, 2033, the fund shall be dissolved and the unencumbered balance shall be transferred to the general revenue fund.

256.800. 1. This section shall be known and may be cited as the "Flood Resiliency Act".

2. As used in this section, unless the context otherwise requires, the following terms shall mean:

(1) "Director", the director of the department of natural resources;

(2) "Flood resiliency measures", structural improvements, studies, and activities employed to improve flood resiliency in local to regional or multi-jurisdictional areas;

(3) "Flood resiliency project", a project containing planning, design, construction, or renovation of flood resiliency measures or the conduct of studies or activities in support of flood resiliency measures;

(4) "Partner", a political subdivision, entity, or person working in conjunction with a promoter to facilitate the completion of a flood resiliency project;

(5) "Plan", a preliminary report describing the need for, and implementation of, flood resiliency measures;

(6) "Promoter", any political subdivision of the state, or any levee district or drainage district organized or incorporated in the state.

3. (1) There is hereby established in the state treasury a fund to be known as the "Flood Resiliency Improvement Fund", which shall consist of all moneys deposited in such fund from any source, whether public or private. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and moneys in the fund shall be used solely for the purposes of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

(2) Upon appropriation, the department of natural resources shall use moneys in the fund created by this subsection for the purposes of carrying out the provisions of this section including, but not limited to, the provision of grants or other financial assistance and, if limitations or conditions are imposed, only upon such other limitations or conditions specified in the instrument that appropriates, grants, bequeaths, or otherwise authorizes the transmission of moneys to the fund.

4. In order to increase flood resiliency along the Missouri and Mississippi Rivers and their tributaries and improve statewide flood forecasting and monitoring ability, there is hereby established a "Flood Resiliency Program". The program shall be administered by the department of natural resources. The state may participate with a promoter in the development, construction, or renovation of a flood resiliency project if the promoter has a plan which has been submitted to and approved by the director, or the state may promote a flood resiliency project and initiate a plan on its own accord.

5. The plan shall include a description of the flood resiliency project, the need for the project, the flood resiliency measures to be implemented, the partners to be involved in the project, and other such information as the director may require to adequately evaluate the merit of the project.

6. The director shall only approve a plan upon a determination that long-term flood mitigation is needed in that area of the state and that such a plan proposes flood resiliency measures that will provide long-term flood resiliency.

7. Promoters with approved flood resiliency plans and their partners shall be eligible to receive any gifts, contributions, grants, or bequests from federal, state, private, or other sources for costs associated with flood resiliency projects that are part of such plans.

8. Promoters with approved flood resiliency plans and their partners may be granted moneys from the flood resiliency improvement fund under subsection 3 of this section for eligible costs associated with flood resiliency projects that are part of such plans.

9. The department of natural resources is hereby granted authority to promulgate rules to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void."; and

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of P.L. 97-424 codified in Title 23 of the United States Code (23 U.S.C. Section 101, et al.), as amended.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, 10, 12, 13, and 14 of this section.

7. Notwithstanding any provision of this section to the contrary, the commission shall issue a single-use special permit, or upon request of the owner of the truck or equipment shall issue an annual permit, for the transporting of any crane or concrete pump truck or well-drillers' equipment. The commission shall set fees for the issuance of permits and parameters for the transport of cranes pursuant to this subsection. Notwithstanding the provisions of section 301.133, cranes, concrete pump trucks, or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

10. Notwithstanding any provision of this section or any other law to the contrary, any vehicle or combination of vehicles hauling grain or grain coproducts during times of harvest may be as much as, but not exceeding, ten percent over the maximum weight limitation allowable under subsection 3 of this section while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

11. Notwithstanding any provision of this section or any other law to the contrary, the commission shall issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted. Under exigent circumstances, verbal approval of such operation may be made either by the department of transportation motor carrier compliance supervisor or other designated motor carrier services representative. Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. The commission shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if

it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

12. Notwithstanding any provision of this section to the contrary, emergency vehicles designed to be used under emergency conditions to transport personnel and equipment and to support the suppression of fires and mitigate hazardous situations may have a maximum gross vehicle weight of eighty-six thousand pounds inclusive of twenty-four thousand pounds on a single steering axle; thirty-three thousand five hundred pounds on a single drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two thousand pounds on a tandem rear-drive steer axle; except that, such emergency vehicles shall only operate on the Dwight D. Eisenhower National System of Interstate and Defense Highways.

13. Notwithstanding any provision of this section to the contrary, a vehicle operated by an engine fueled primarily by natural gas may operate upon the public highways of this state in excess of the vehicle weight limits set forth in this section by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. In no event shall the maximum gross vehicle weight of the vehicle operating with a natural gas engine exceed eighty-two thousand pounds.

14. Notwithstanding any provision of law to the contrary, local log trucks and local log truck tractors, as defined in section 301.010, may be operated with a weight not exceeding twenty-two thousand four hundred pounds on one axle or a weight not exceeding forty-four thousand eight hundred pounds on any tandem axle, except the front steering axle shall not exceed fifteen thousand pounds or the gross vehicle weight rating set by the manufacturer, and may have a total weight of up to one hundred **[**~~five~~**] nine** thousand **six hundred** pounds. Provided however, when operating on the national system of interstate and defense highways described in 23 U.S.C. Section 103, as amended, or outside the radius from the forested site specified in section 301.010 with an extended distance local log truck permit, the vehicle shall not exceed the weight limits otherwise specified in this section"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Copeland, **House Amendment No. 2** was adopted.

Representative McGirl offered **House Amendment No. 3**.

4. Any qualifying communities providing a portion of a loan repayment shall be considered first for placement.

340.381. 1. Sections 340.381 to 340.396 establish a student loan forgiveness program for approved veterinary students who practice in areas of defined need. Such program shall be known as the "Dr. Merrill Townley **and Dr. Dan Brown** Large Animal Veterinary Student Loan Program".

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by

the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. (3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist; and

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction shall not be claimed for any otherwise eligible activity under this subsection if such activity qualified for and received any rebate or other incentive through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

60.411. The Missouri state plane coordinate system may have one or more projection zone layers. Each layer of zones shall be covered by geodetically referenced mapping projections adopted and supported by the National Geodetic Survey as a component of the National Spatial Reference System. Each layer of zones shall be identified by the geodetic datum upon which they are defined and each zone shall remain uniquely and consistently defined throughout its implementation within a particular layer.

60.431. The plane coordinate **[**~~values for~~**] of** a point on the earth's surface, **to be** used **[**~~to express the geographic~~**] in expressing the** position or location of **[**~~such~~**] the** point in the appropriate zone of **[**~~this system~~**] the Missouri state plane coordinate system**, shall consist of two distances expressed in **[**~~U.S. Survey Feet~~**] feet** and decimals of a foot **[**~~when using the Missouri coordinate system of 1927 and expressed in~~**] or in** meters and decimals of a meter **[**~~when using the Missouri coordinate system of 1983~~**]**. **If values are expressed in feet, the International foot, which is equal to three thousand forty-eight ten-thousandths meter (0.3048 meter), shall be used as the standard foot for the Missouri state plane coordinate system.** One of these distances, to be known as the "**east** x-coordinate", shall give the **[**~~position in an east-and-west direction~~**] distance east of the y-axis**; the other, to be known as the "**north** y-coordinate", shall give the **[**~~position in a north-and-south direction~~**] distance north of the x-axis. The y-axis of any zone shall be parallel with the central meridian of that zone. The x-axis of any zone shall be at right angles to the central meridian of that zone**. These coordinates shall **[**~~be made to~~**]** depend upon and conform to plane rectangular coordinate values **[**~~for the monumented points of the North American Horizontal Geodetic Control Network, as published by the National Ocean Survey/~~**] as established, published, or broadcast by the** National Geodetic Survey, or its successors, and whose plane coordinates have been computed on the systems defined in sections 60.401 to **[**~~60.481~~**] 60.496**. Any such station **or method** may be used for establishing a survey connection to **[**~~either~~**] the** Missouri **state plane** coordinate system.

60.441. When any tract of land to be defined by a single description extends from one into another of the coordinate zones **[**~~set out in section 60.410~~**]**, the positions of all points on its boundaries may be referred to as either of the zones and the zone which is used shall be specifically named in the description.

60.471. The use of the term "Missouri **State Plane** Coordinate System **[**~~of 1927" or "Missouri Coordinate System of 1983~~**]**" on any map, report of survey, or other document shall be limited to coordinates based on the Missouri **state plane** coordinate system as defined in sections 60.401 to **[**~~60.491~~**] 60.496**.

Descriptions of tracts of land by reference to subdivisions, lines, or corners of the United States public land survey, or other original pertinent surveys, are hereby recognized as the basic and prevailing method for describing such tracts. Whenever coordinates of the Missouri **state plane** coordinate system are used in such descriptions they shall be construed as being supplementary to descriptions of such subdivisions, lines, or corners contained in official plats and field notes of record; and, in the event of any conflict, the descriptions by reference to the subdivisions, lines, or corners of the United States public land surveys, or other original pertinent surveys shall prevail over the description by coordinates.

60.496. The provisions of this chapter shall not be construed to prohibit the appropriate use of other geodetic reference networks.

60.510. The functions, duties and responsibilities of the department of agriculture shall be as follows:

(5) To collect and preserve information obtained from surveys made by those authorized to establish land monuments or land boundaries, and to assist in the proper recording of the same by the duly constituted county officials, or otherwise;

(6) To furnish, upon reasonable request and tender of the required fees therefor, certified copies of records created or maintained by the department of agriculture which, when certified by the state land surveyor or a designated assistant, shall be admissible in evidence in any court in this state, as the original record; and

The origin of coordinates is at the intersection of the meridian 92 degrees — 30 minutes west of Greenwich and the parallel of 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 meters and y = 0 meters;~~

~~(3) The Missouri coordinate system 1983, west zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 94 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees — 30 minutes west of Greenwich and the parallel 36 degrees — 10 minutes north latitude. This origin is given the coordinates: x = 850,000 meters and y = 0 meters.~~

5. Every applicant shall also, at the time of filing such application, file a bond satisfactory to the division of finance in an amount not to exceed fifty thousand dollars. The penalty shall be assessed and collected by the director. In determining the amount of the penalty, the director shall take into account the appropriateness of the penalty with respect to the gravity of the violation, any history of previous violations, and any other matters justice may require.

If it appears to the court, acting on the petition of the guardian, the conservator, the respondent or of a ward over the age of fourteen, or on its own motion, at any time before the termination of the guardianship or conservatorship, that the proceeding was commenced in the wrong county, or that the domicile **[**~~or residence~~**]** of the ward or protectee has **[**~~been~~**]** changed to another county, or in case of conservatorship of the estate that it would be for the best interest of the ward or disabled person and his estate, the court may order the proceeding with all papers, files and a transcript of the proceedings transferred to the probate division of the circuit court of another county. The court to which the transfer is made shall take jurisdiction of the case, place the transcript of record and proceed to the final settlement of the case as if the appointment originally had been made by it.

If the depositary is the conservator, the certifying officer shall not be the officer verifying the account. The conservator may exhibit the securities or investments to the judge of the court, who shall endorse on the account and copy thereof, a certificate that the securities or investments shown therein as held by the conservator were each in fact exhibited to him and that those exhibited to him were the same as those in the account and noting any omission or discrepancy. The certificate, and the certificate of an official of the bank in which are deposited any funds for which the conservator is accountable, showing the amount on deposit, shall be prepared and signed in duplicate and one of each shall be filed by the conservator with his account.

2. (c) Confirm if collateral is pledged to secure amounts on deposit in the pooled account in excess of Federal Deposit Insurance Corporation coverage; and

(d) Confirm the account balance with the financial institution.

(3) A public administrator using and utilizing pooled accounts as provided by this section shall certify by affidavit that he or she has met the conditions for establishing a pooled account as set forth in subdivision (2) of this subsection.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

SIXTY-SIXTH DAY, THURSDAY, MAY 4, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Happy is the man that findeth wisdom, and the man that getteth understanding." (Proverbs 3:13)

Almighty and most merciful God, from whom comes all wisdom and understanding, make us aware of Your presence as we seek to provide leadership for our people. May we be guided in all our debate to find the better pathway and be given strength to walk in it that the safety and honor of our state may be strengthened, freedom may be increased, and Your purposes be promoted in every county, urban or rural.

Grant that we may do only that which is right, wise and good. Give to us a serenity of mind and a steadiness of heart that we may fulfill Your will in this all too short life and find happiness in walking in Your ways and working for Your ways here in the People's House on this National Day of Prayer.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Elena Caroline Talken and Eleanor Corrine Talken.

The Journal of the sixty-fifth day was approved as printed.

The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(4) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring under chapter 144.

(5) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller collects or is deemed to collect.

(6) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law. On or after the effective date of the service charge imposed under the provisions of this section, the director of the department of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the service charge, and the director shall collect, in addition to the sales tax for the state of Missouri, all additional service charges imposed in this section. All service charges imposed under this section together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director. (4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. (5) The board shall set a rate between twenty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and one hundred percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. If a county has an elected emergency services board, the Missouri 911 service board shall remit the funds to the elected emergency services board, except for an emergency services board originally organized under section 190.325 operating within a county with a charter form of government and with more than two hundred thousand but fewer than three hundred fifty thousand inhabitants, in which case the funds shall be remitted to the county's general fund for the purpose of public safety infrastructure. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county shall be set by June thirtieth of each applicable year and may be adjusted annually for the first three years, and thereafter the rate may be adjusted every three years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305, 190.325, and 190.335. Any amounts received by any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants under this section may be used for emergency service notification systems.

If the governing body does adopt such ordinance, order, rule, resolution, or regulation by at least a two-thirds vote, the charge shall not be collected and the county or city shall not be allowed to obtain funds from the Missouri 911 service trust fund that are remitted to the fund under the charge established under this section. Such amount shall then immediately be deposited in the Missouri 911 service trust fund and credited to the loan recipient.

The board or such other entity shall immediately deposit such payments in the Missouri 911 service trust fund.

"287.067. 1. In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. "Loss of hearing due to industrial noise" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. "Harmful noise" means sound capable of producing occupational deafness.

5. "Radiation disability" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. (1) (a) Posttraumatic stress disorder (PTSD), as described in the Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition, published by the American Psychiatric Association, (DSM-5) is recognized as a compensable occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.

(b) Benefits payable to a first responder under this section shall not require a physical injury to the first responder and are not subject to any preexisting PTSD.

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or,

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. Any claim for compensation for such injury shall be properly noticed within fifty-two weeks after the qualifying exposure, or the diagnosis of the disorder, whichever is later."; and

House Amendment No. 7

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 24, Page 4, Section 287.245, Line 35, by inserting after all of said section and line the following:

"287.715. 1. For the purpose of providing for revenue for the second injury fund, every authorized self-insurer, and every workers' compensation policyholder insured pursuant to the provisions of this chapter, shall be liable for payment of an annual surcharge in accordance with the provisions of this section. The annual surcharge imposed under this section shall apply to all workers' compensation insurance policies and self-insurance coverages which are written or renewed on or after April 26, 1988, including the state of Missouri, including any of its departments, divisions, agencies, commissions, and boards or any political subdivisions of the state who self-insure or hold themselves out to be any part self-insured. Notwithstanding any law to the contrary, the surcharge imposed pursuant to this section shall not apply to any reinsurance or retrocessional transaction.

2. Beginning October 31, 2005, and each year thereafter, the director of the division of workers' compensation shall estimate the amount of benefits payable from the second injury fund during the following calendar year and shall calculate the total amount of the annual surcharge to be imposed during the following calendar year upon all workers' compensation policyholders and authorized self-insurers. The amount of the annual surcharge percentage to be imposed upon each policyholder and self-insured for the following calendar year commencing with the calendar year beginning on January 1, 2006, shall be set at and calculated against a percentage, not to exceed three percent, of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point, that shall generate, as nearly as possible, one hundred ten percent of the moneys to be paid from the second injury fund in the following calendar year, less any moneys contained in the fund at the end of the previous calendar year. All policyholders and self-insurers shall be notified by the division of workers' compensation within ten calendar days of the determination of the surcharge percent to be imposed for, and paid in, the following calendar year. The net premium equivalent for individual self-insured employers shall be based on average rate classifications calculated by the department of commerce and insurance as taken from premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. For employers qualified to self-insure their liability pursuant to this chapter, the rates filed by such group of employers in accordance with subsection 4 of section 287.280 shall be the net premium equivalent. Any group of political subdivisions of this state qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 may choose either the average rate classification method or the filed rate method, provided that the method used may only be changed once without receiving the consent of the director of the division of workers' compensation. The director may advance funds from the workers' compensation fund to the second injury fund if surcharge collections prove to be insufficient. Any funds advanced from the workers' compensation fund to the second injury fund must be reimbursed by the second injury fund no later than December thirty-first of the year following the advance. The surcharge shall be collected from policyholders by each insurer at the same time and in the same manner that the premium is collected, but no insurer or its agent shall be entitled to any portion of the surcharge as a fee or commission for its collection. The surcharge is not subject to any taxes, licenses or fees.

3. All surcharge amounts imposed by this section shall be deposited to the credit of the second injury fund.

4. Such surcharge amounts shall be paid quarterly by insurers and self-insurers, and insurers shall pay the amounts not later than the thirtieth day of the month following the end of the quarter in which the amount is received from policyholders. If the director of the division of workers' compensation fails to calculate the surcharge by the thirty-first day of October of any year for the following year, any increase in the surcharge ultimately set by the director shall not be effective for any calendar quarter beginning less than sixty days from the date the director makes such determination.

5. If a policyholder or self-insured fails to make payment of the surcharge or an insurer fails to make timely transfer to the division of surcharges actually collected from policyholders, as required by this section, a penalty of one-half of one percent of the surcharge unpaid, or untransferred, shall be assessed against the liable policyholder, self-insured or insurer. Penalties assessed under this subsection shall be collected in a civil action by a summary proceeding brought by the director of the division of workers' compensation.

6. Notwithstanding subsection 2 of this section to the contrary, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed **[**~~three~~**] one** percent for calendar years 2014 to

[~~2022~~**] 2026** of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest **[**~~one-half~~**] one-quarter** of a percentage point. **[**~~For calendar year 2023, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed two and one-half percent of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point.~~**]** All policyholders and self-insurers shall be notified by the division of the supplemental surcharge percentage to be imposed for such period of time as part of the notice provided in subsection 2 of this section. The provisions of this subsection shall expire on December 31, **[**~~2023~~**] 2026**.

7. Funds collected under the provisions of this chapter shall be the sole funding source of the second injury fund."; and

THIRD READING OF SENATE BILLS - INFORMAL

HS HCS SS#2 SCS SB 96, relating to voting procedures, was taken up by Representative Baker.

On motion of Representative Baker, the title of **HS HCS SS#2 SCS SB 96** was agreed to.

Representative Baker offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Substitute for House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 96, Page 5, Section 67.1421, Line 141, by inserting after said section and line the following:

"67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The _____ (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefitted within the district for the purpose of providing revenue for _____ (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by _____ (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed _____ dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on _____ (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: _____ (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefitted in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861. Notwithstanding the provisions of this subsection and section 67.1541 to the contrary, the county collector may, upon certification by the district for collection, add each special assessment to the annual real estate tax bill for the property and collect the assessment in the same manner the collector uses for real estate taxes. Any special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district.

10. All decisions of the board of directors shall be by a majority vote unless otherwise provided by law.

11. Notwithstanding any provision of this section to the contrary, all property owned by an entity that is exempt from taxation pursuant to 26 U.S.C. Section 501(c) shall be exempt from any property tax or special assessment levied by a district."; and

"**115.240. No such ballot measure shall be labeled in a descriptive manner aside from its numerical or alphabetical designation. Election authorities may coordinate with each other, or with the secretary of state, to maintain a database or other record to facilitate numerical or alphabetical assignment.**"; and

Further amend said bill, Page 8, Section 115.761, Line 18, by deleting the word "**April**" and inserting in lieu thereof the word "**March**"; and

Further amend said bill, Page 9, Section 115.904, Line 6, by inserting after said section and line the following:

"**137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking approval to add, change, or modify a tax on real property shall express the effect of the proposed change within the ballot language in terms of the change in real dollars owed per one hundred thousand dollars of a property's market valuation.**

137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales

taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and

personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection **[**~~14~~**]** "**15**" of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-

month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) **The provisions of subdivision (2) of this subsection notwithstanding, if, prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase, voters of a political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.**

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision **[**~~(4)~~**] (5)** of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

[~~(4)~~**] (5)** In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an

explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and

4. If a proposal for making a special assessment fails, the district board of directors may, with the prior approval of the commission or the local transportation authority which will assume ownership of the completed project, delete from the project any portion which was to be funded by special assessment and which is not otherwise required for project integrity.

5. A district may establish different classes or subclasses of real property within the district for purposes of levying differing rates of special assessments. The levy rate for special assessments may vary for each class or subclass of real property based on the level of benefit derived by each class or subclass from projects funded by the district.

6. All decisions of the board of directors shall be by a majority vote unless otherwise provided by law.

7. Notwithstanding any provision of this section to the contrary, all property owned by an entity that is exempt from taxation pursuant to 26 U.S.C. Section 501(c) shall be exempt from any special assessment levied by a district pursuant to this section."; and

2. (1) A voter claiming to be properly registered in the jurisdiction of the election authority and eligible to vote in an election, but whose eligibility at that precinct cannot be immediately established upon examination of the precinct register, shall be entitled to vote a provisional ballot after providing a form of personal identification required pursuant to section 115.427 or upon executing an affidavit under section 115.427, or may vote at a central polling place as established in section 115.115 where the voter may vote his or her appropriate ballot for his or her precinct of residence upon verification of eligibility or vote a provisional ballot if eligibility cannot be determined. The provisional ballot provided to a voter under this section shall be the ballot provided to a resident of the voter's precinct determined by reference to the affidavit provided for in this section. If the voter declares that the voter is eligible to vote and the election authority determines that the voter is eligible to vote at another polling place, the voter shall be directed to the correct polling place or a central polling place as established by the election authority pursuant to subsection 5 of section 115.115. If the voter refuses to go to the correct polling place or a central polling place, the voter shall be permitted to vote a provisional ballot at the incorrect polling place, but such ballot shall not be counted if the voter was not eligible to vote at that polling place.

(2) The following steps shall be taken to establish a voter's eligibility to vote at a polling place:

(a) The election judge shall examine the precinct register as provided in section 115.425. If the voter is registered and eligible to vote at the polling place, the voter shall receive a regular ballot;

(b) If the voter's eligibility cannot be immediately established by examining the precinct register, the election judge shall contact the election authority. If the election authority cannot immediately establish that the

voter is registered and eligible to vote at the polling place upon examination of the Missouri voter registration system, or if the election judge is unable to make contact with the election authority immediately, the voter shall be notified that the voter is entitled to a provisional ballot.

(3) The voter shall have the duty to appear and vote at the correct polling place. If an election judge determines that the voter is not eligible to vote at the polling place at which a voter presents himself or herself, and if the voter appears to be eligible to vote at another polling place, the voter shall be informed that he or she may cast a provisional ballot at the current polling place or may travel to the correct polling place or a central polling place, as established by the election authority under subsection 5 of section 115.115, where the voter may cast a regular ballot or provisional ballot if the voter's eligibility still cannot be determined. Provisional ballots cast at a polling place shall be counted only if the voter was eligible to vote at such polling place as provided in subsection 5 of this section.

(4) For a voter requesting an absentee ballot in person, such voter shall be entitled to cast a provisional ballot when the voter's eligibility cannot be immediately established upon examination of the precinct registers or the Missouri voter registration system.

(5) Prior to accepting any provisional ballot at the polling place, the election judges shall determine that the information provided on the provisional ballot envelope by the provisional voter is consistent with the identification provided by such person under section 115.427.

3. (1) No person shall be entitled to receive a provisional ballot until such person has completed a provisional ballot affidavit on the provisional ballot envelope.

(2) The secretary of state shall produce appropriate sizes of provisional ballot envelopes and distribute them to each election authority according to their tabulating system. All provisional ballot envelopes shall be printed on a distinguishable color of paper that is different from the color of the regular ballot. The provisional ballot envelope shall be in the form required by subsection 4 of this section. All provisional ballots shall be marked with a conspicuous stamp or other distinguishing mark that makes them readily distinguishable from the regular ballots.

(3) Once voted, the provisional ballot shall be placed and sealed in a provisional ballot envelope.

4. The provisional ballot in its envelope shall be deposited in the ballot box. The provisional ballot envelope shall be completed by the voter for use in determining eligibility. The provisional ballot envelope specified in this section shall contain a voter's certificate which shall be in substantially the following form:

The voter may provide additional information to further assist the election authority in determining eligibility, including the place and date the voter registered to vote, if known.

5. (1) Prior to counting any provisional ballot, the election authority shall determine if the voter is registered and eligible to vote and if the vote was properly cast. The eligibility of provisional votes shall be determined according to the requirements for a voter to cast a ballot in the election as set forth in sections 115.133 and 115.135. A provisional **[**~~voter~~**]** ballot shall not be eligible to be counted until the election authority has determined that:

(a) The voter cast such provisional ballot at a polling place established for the voter or the central polling place established by the election authority under subsection 5 of section 115.115;

(b) The individual who cast the provisional ballot is an individual registered to vote in the respective election at the polling place where the ballot was cast;

(c) The voter did not otherwise vote in the same election by regular ballot, absentee ballot, or otherwise; and

(d) The information on the provisional ballot envelope is found to be correct, complete, and accurate.

(2) When the ballot boxes are delivered to the election authority from the polling places, the receiving teams shall separate the provisional ballots from the rest of the ballots and place the sealed provisional ballot envelopes in a separate container. Teams of election authority employees or teams of election judges with each team consisting of one member of each major political party shall photocopy each provisional ballot envelope, such photocopy to be used by the election authority to determine provisional voter eligibility. The sealed provisional ballot envelopes shall be placed by the team in a sealed container and shall remain therein until tabulation.

(3) To determine whether a provisional ballot is valid and entitled to be counted, the election authority shall examine its records and verify that the provisional voter is properly registered and eligible to vote in the election. If the provisional voter has provided information regarding the registration agency where the provisional voter registered to vote, the election authority shall make an inquiry of the registration agency to determine whether the provisional voter is properly registered and eligible to vote in the election.

(4) If the election authority determines that the provisional voter is registered and eligible to vote in the election, the election authority shall provide documentation verifying the voter's eligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time; and

(d) A description of evidence found that supports the voter's eligibility.

(5) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and a notation marking it as accepted.

(6) If the election authority determines that the provisional voter is not registered or eligible to vote in the election, the election authority shall provide documentation verifying the voter's ineligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time;

(d) A description of why the voter is ineligible.

(7) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and notation marking it as rejected.

(8) If rejected, a photocopy of the envelope shall be made and used by the election authority as a mail-in voter registration. The actual provisional ballot envelope shall be kept as ballot material, and the copy of the envelope shall be used by the election authority for registration record keeping.

6. All provisional ballots cast by voters whose eligibility has been verified as provided in this section shall be counted in accordance with the rules governing ballot tabulation. Provisional ballots shall not be counted until all provisional ballots are determined either eligible or ineligible and all provisional ballots must be processed before the election is certified. The provisional ballot shall be counted only if the election authority determines that the voter is registered and eligible to vote. Provisional ballots voted in the wrong polling place shall not be counted. If the voter is not registered but is qualified to register for future elections, the affidavit shall be considered a mail-in application to register to vote pursuant to this chapter.

7. (1) After the election authority completes its review of the provisional voter's eligibility under subsection 5 of this section, the election authority shall deliver the provisional ballots and copies of the provisional ballot envelopes that include eligibility information to bipartisan counting teams, which may be the board of verification, for review and tabulation. The election authority shall maintain a record of such delivery. The record

shall include the number of ballots delivered to each team and shall include a signed receipt from two judges, one from each major political party. The election authority shall provide each team with a ballot box and material necessary for tabulation.

(2) If the person named on the provisional ballot affidavit is found to have been properly qualified and registered to cast a ballot in the election and the provisional ballot otherwise qualifies to be counted under the provisions of this section, the envelope shall be opened, and the ballot shall be placed in a ballot box to be counted.

(3) If the person named on the provisional ballot affidavit is found not to have been properly qualified and registered to cast a ballot in the election or if the election authority is unable to determine such person's right to vote, the envelope containing the provisional ballot shall not be opened, and the person's vote shall not be counted. The members of the team shall follow the procedures set forth in subsection 5 of this section for rejected provisional ballots.

(4) The votes shall be tallied and the returns made as provided in sections 115.447 to 115.525 for paper ballots. After the vote on all ballots assigned to a team have been counted, the ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Voted provisional ballots and ballot envelopes from the election held _____, 20_____". All rejected provisional ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Rejected provisional ballots and ballot envelopes from the election held _____, 20_____". On the outside of each voted ballot and rejected ballot container, each member of the team shall write their name and all such containers shall be returned to the election authority. Upon receipt of the returns and ballots, the election authority shall tabulate the provisional votes.

8. Challengers and watchers, as provided by sections 115.105 and 115.107, may be present during all times that the bipartisan counting teams are reviewing or counting the provisional ballots, the provisional ballot envelopes, or copies of the provisional ballot envelopes that include eligibility information provided by the election authority. Challengers and watchers shall be permitted to observe the determination of the eligibility of all provisional ballots. The election authority shall notify the county chair of each major political party of the time and location when bipartisan counting teams will be reviewing or counting the provisional ballots, the provisional ballot envelopes, or the copies of the provisional ballot envelopes that include the eligibility information provided by the election authority.

9. The certificate of ballot cards shall:

(1) Reflect the number of provisional envelopes delivered; and

(2) Reflect the number of sealed provisional envelopes with voted ballots deposited in the ballot box.

10. In counties where the voting system does not utilize a paper ballot, the election authority shall provide the appropriate provisional ballots to each polling place.

11. The secretary of state may promulgate rules for purposes of ensuring the uniform application of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

12. The secretary of state shall design and provide to the election authorities the envelopes and forms necessary to carry out the provisions of this section.

13. Pursuant to the Help America Vote Act of 2002, the secretary of state shall ensure a free access system is established, such as a toll-free number or an internet website, that any individual who casts a provisional ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted. At the time an individual casts a provisional ballot, the election authority shall give the voter written information that states that any individual who casts a provisional ballot will be able to ascertain under such free access system whether the vote was counted, and if the vote was not counted, the reason that the vote was not counted.

14. In accordance with the Help America Vote Act of 2002, any individual who votes in an election as a result of a court order or any other order extending the time established for closing the polls in section 115.407 may vote only by using a provisional ballot, and such provisional ballot shall be separated and held apart from other provisional ballots cast by those not affected by the order. Such ballots shall not be counted until such time as the ballots are determined to be valid. No state court shall have jurisdiction to extend the polling hours established by law, including section 115.407.

"162.471. 1. The government and control of an urban school district is vested in a board of seven directors.

2. Except as provided in section 162.563, each director shall be a voter of the district who has resided within this state for one year next preceding the director's election or appointment and who is at least twenty-four years of age. All directors, except as otherwise provided in sections 162.481, 162.492, and 162.563, shall hold their offices for six years and until their successors are duly elected and qualified. All vacancies occurring in the board**[**~~, except as provided in section 162.492,~~**]** shall be filled by appointment by the board as soon as practicable, and the person appointed shall hold office until the next school board election, when a successor shall be elected for the remainder of the unexpired term. The power of the board to perform any official duty during the existence of a vacancy continues unimpaired thereby.

162.492. 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants, the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

2. School elections for the election of directors shall be held on municipal election days in 2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. Thereafter, all seven directors shall serve a four-year term. Directors shall serve until the next election and until their successors, then elected, are duly qualified as provided in this section. In addition to other qualifications prescribed by law, each member elected from a subdistrict shall be a resident of the subdistrict from which he or she is elected. The subdistricts shall be numbered from one to five.

3. The five candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for

nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes shall be elected.

5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board **[**~~between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county~~**] shall be filled in the manner provided in section 162.471**"; and

The notice shall be published in two newspapers of different political faith and qualified pursuant to chapter 493 which are published within the bounds of the area holding the election. If there is only one so-qualified newspaper, then notice shall be published in only one newspaper. If there is no newspaper published within the bounds of the election area, then the notice shall be published in two qualified newspapers of different political faith serving the area. Notice shall be published twice, the first publication occurring in the second week prior to the election, and the second publication occurring within one week prior to the election. The election authority may provide any additional notice of the election it deems desirable.

3. The election authority shall print the official ballot as the same appears on the sample ballot, and no candidate's name or ballot issue which appears on the sample ballot or official printed ballot shall be stricken or removed from the ballot except on death of a candidate or by court order, but in no event shall a candidate or issue be stricken or removed from the ballot less than eight weeks before the date of the election.

4. In lieu of causing legal notice to be published in accordance with any of the provisions of this chapter, the election authority in jurisdictions which have less than seven hundred fifty registered voters and in which no newspaper qualified pursuant to chapter 493 is published, may cause legal notice to be mailed during the second week prior to the election, by first class mail, to each registered voter at the voter's voting address. All such legal

6. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the candidate agrees to pay any printing or reprinting costs, a candidate who has filed for an office or who has been duly nominated for an office may, at any time after the certification of the notice of election required in subsection 1 of section 115.125 but no later than 5:00 p.m. on the eighth Tuesday before the election, withdraw as a candidate pursuant to a court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the candidate to the circuit court of the area of such candidate's residence.

2. (1) A voter claiming to be properly registered in the jurisdiction of the election authority and eligible to vote in an election, but whose eligibility at that precinct cannot be immediately established upon examination of the precinct register, shall be entitled to vote a provisional ballot after providing a form of personal identification required pursuant to section 115.427 or upon executing an affidavit under section 115.427, or may vote at a central polling place as established in section 115.115 where the voter may vote his or her appropriate ballot for his or her precinct of residence upon verification of eligibility or vote a provisional ballot if eligibility cannot be determined. The provisional ballot provided to a voter under this section shall be the ballot provided to a resident of the voter's precinct determined by reference to the affidavit provided for in this section. If the voter declares that the voter is eligible to vote and the election authority determines that the voter is eligible to vote at another polling place, the voter shall be directed to the correct polling place or a central polling place as established by the election authority pursuant to subsection 5 of section 115.115. If the voter refuses to go to the correct polling place or a central polling place, the voter shall be permitted to vote a provisional ballot at the incorrect polling place, but such ballot shall not be counted if the voter was not eligible to vote at that polling place.

(2) The following steps shall be taken to establish a voter's eligibility to vote at a polling place:

(a) The election judge shall examine the precinct register as provided in section 115.425. If the voter is registered and eligible to vote at the polling place, the voter shall receive a regular ballot;

(b) If the voter's eligibility cannot be immediately established by examining the precinct register, the election judge shall contact the election authority. If the election authority cannot immediately establish that the

voter is registered and eligible to vote at the polling place upon examination of the Missouri voter registration system, or if the election judge is unable to make contact with the election authority immediately, the voter shall be notified that the voter is entitled to a provisional ballot.

(3) The voter shall have the duty to appear and vote at the correct polling place. If an election judge determines that the voter is not eligible to vote at the polling place at which a voter presents himself or herself, and if the voter appears to be eligible to vote at another polling place, the voter shall be informed that he or she may cast a provisional ballot at the current polling place or may travel to the correct polling place or a central polling place, as established by the election authority under subsection 5 of section 115.115, where the voter may cast a regular ballot or provisional ballot if the voter's eligibility still cannot be determined. Provisional ballots cast at a polling place shall be counted only if the voter was eligible to vote at such polling place as provided in subsection 5 of this section.

(4) For a voter requesting an absentee ballot in person, such voter shall be entitled to cast a provisional ballot when the voter's eligibility cannot be immediately established upon examination of the precinct registers or the Missouri voter registration system.

(5) Prior to accepting any provisional ballot at the polling place, the election judges shall determine that the information provided on the provisional ballot envelope by the provisional voter is consistent with the identification provided by such person under section 115.427.

3. (1) No person shall be entitled to receive a provisional ballot until such person has completed a provisional ballot affidavit on the provisional ballot envelope.

The voter may provide additional information to further assist the election authority in determining eligibility, including the place and date the voter registered to vote, if known.

5. (1) Prior to counting any provisional ballot, the election authority shall determine if the voter is registered and eligible to vote and if the vote was properly cast. The eligibility of provisional votes shall be determined according to the requirements for a voter to cast a ballot in the election as set forth in sections 115.133 and 115.135. A provisional **[**~~voter~~**]** ballot shall not be eligible to be counted until the election authority has determined that:

(a) The voter cast such provisional ballot at a polling place established for the voter or the central polling place established by the election authority under subsection 5 of section 115.115;

(b) The individual who cast the provisional ballot is an individual registered to vote in the respective election at the polling place where the ballot was cast;

(c) The voter did not otherwise vote in the same election by regular ballot, absentee ballot, or otherwise; and

(d) The information on the provisional ballot envelope is found to be correct, complete, and accurate.

(2) When the ballot boxes are delivered to the election authority from the polling places, the receiving teams shall separate the provisional ballots from the rest of the ballots and place the sealed provisional ballot envelopes in a separate container. Teams of election authority employees or teams of election judges with each team consisting of one member of each major political party shall photocopy each provisional ballot envelope, such photocopy to be used by the election authority to determine provisional voter eligibility. The sealed provisional ballot envelopes shall be placed by the team in a sealed container and shall remain therein until tabulation.

(3) To determine whether a provisional ballot is valid and entitled to be counted, the election authority shall examine its records and verify that the provisional voter is properly registered and eligible to vote in the election. If the provisional voter has provided information regarding the registration agency where the provisional voter registered to vote, the election authority shall make an inquiry of the registration agency to determine whether the provisional voter is properly registered and eligible to vote in the election.

(4) If the election authority determines that the provisional voter is registered and eligible to vote in the election, the election authority shall provide documentation verifying the voter's eligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time; and

(d) A description of evidence found that supports the voter's eligibility.

(5) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and a notation marking it as accepted.

(6) If the election authority determines that the provisional voter is not registered or eligible to vote in the election, the election authority shall provide documentation verifying the voter's ineligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time;

(d) A description of why the voter is ineligible.

(7) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and notation marking it as rejected.

(8) If rejected, a photocopy of the envelope shall be made and used by the election authority as a mail-in voter registration. The actual provisional ballot envelope shall be kept as ballot material, and the copy of the envelope shall be used by the election authority for registration record keeping.

6. All provisional ballots cast by voters whose eligibility has been verified as provided in this section shall be counted in accordance with the rules governing ballot tabulation. Provisional ballots shall not be counted until all provisional ballots are determined either eligible or ineligible and all provisional ballots must be processed before the election is certified. The provisional ballot shall be counted only if the election authority determines that the voter is registered and eligible to vote. Provisional ballots voted in the wrong polling place shall not be counted. If the voter is not registered but is qualified to register for future elections, the affidavit shall be considered a mail-in application to register to vote pursuant to this chapter.

7. (1) After the election authority completes its review of the provisional voter's eligibility under subsection 5 of this section, the election authority shall deliver the provisional ballots and copies of the provisional ballot envelopes that include eligibility information to bipartisan counting teams, which may be the board of verification, for review and tabulation. The election authority shall maintain a record of such delivery. The record shall include the number of ballots delivered to each team and shall include a signed receipt from two judges, one from each major political party. The election authority shall provide each team with a ballot box and material necessary for tabulation.

(2) If the person named on the provisional ballot affidavit is found to have been properly qualified and registered to cast a ballot in the election and the provisional ballot otherwise qualifies to be counted under the provisions of this section, the envelope shall be opened, and the ballot shall be placed in a ballot box to be counted.

(3) If the person named on the provisional ballot affidavit is found not to have been properly qualified and registered to cast a ballot in the election or if the election authority is unable to determine such person's right to vote, the envelope containing the provisional ballot shall not be opened, and the person's vote shall not be counted. The members of the team shall follow the procedures set forth in subsection 5 of this section for rejected provisional ballots.

(4) The votes shall be tallied and the returns made as provided in sections 115.447 to 115.525 for paper ballots. After the vote on all ballots assigned to a team have been counted, the ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Voted provisional ballots and ballot envelopes from the election held _____, 20_____". All rejected provisional ballots, ballot envelopes, and copies of ballot envelopes with the eligibility information provided by the election authority shall be enclosed in sealed containers marked "Rejected provisional ballots and ballot envelopes from the election held _____, 20_____". On the outside of each voted ballot and rejected ballot container, each member of the team shall write their name and all such containers shall be returned to the election authority. Upon receipt of the returns and ballots, the election authority shall tabulate the provisional votes.

8. Challengers and watchers, as provided by sections 115.105 and 115.107, may be present during all times that the bipartisan counting teams are reviewing or counting the provisional ballots, the provisional ballot envelopes, or copies of the provisional ballot envelopes that include eligibility information provided by the election authority. Challengers and watchers shall be permitted to observe the determination of the eligibility of all provisional ballots. The election authority shall notify the county chair of each major political party of the time and location when bipartisan counting teams will be reviewing or counting the provisional ballots, the provisional ballot envelopes, or the copies of the provisional ballot envelopes that include the eligibility information provided by the election authority.

9. The certificate of ballot cards shall:

(1) Reflect the number of provisional envelopes delivered; and

(2) Reflect the number of sealed provisional envelopes with voted ballots deposited in the ballot box.

10. In counties where the voting system does not utilize a paper ballot, the election authority shall provide the appropriate provisional ballots to each polling place.

11. The secretary of state may promulgate rules for purposes of ensuring the uniform application of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

12. The secretary of state shall design and provide to the election authorities the envelopes and forms necessary to carry out the provisions of this section.

13. Pursuant to the Help America Vote Act of 2002, the secretary of state shall ensure a free access system is established, such as a toll-free number or an internet website, that any individual who casts a provisional ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted. At the time an individual casts a provisional ballot, the election authority shall give the voter written information that states that any individual who casts a provisional ballot will be able to ascertain under such free access system whether the vote was counted, and if the vote was not counted, the reason that the vote was not counted.

14. In accordance with the Help America Vote Act of 2002, any individual who votes in an election as a result of a court order or any other order extending the time established for closing the polls in section 115.407 may vote only by using a provisional ballot, and such provisional ballot shall be separated and held apart from other provisional ballots cast by those not affected by the order. Such ballots shall not be counted until such time as the ballots are determined to be valid. No state court shall have jurisdiction to extend the polling hours established by law, including section 115.407.

At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. Thereafter, all seven directors shall serve a four-year term. Directors shall serve until the next election and until their successors, then elected, are duly qualified as provided in this section. In addition to other qualifications prescribed by law, each member elected from a subdistrict shall be a resident of the subdistrict from which he or she is elected. The subdistricts shall be numbered from one to five.

3. The five candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes shall be elected.

5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board **[**~~between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county~~**] shall be filled in the manner provided in section 162.471**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, FRIDAY, MAY 5, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Holly Jones.

Most Heavenly Father God, we ask that You descend an angel army to protect these chambers from evil and those that seek to destroy them. We ask that Your mighty hand deliver unto us guidance and that the Holy Spirit fill us all with the conviction to do work that only gratifies and exalts You. We thank You for blessing us with another day to come together in Your name with love and gratitude in our hearts and we ask that You remind us of the bold promises we made to You and the people of Missouri to do work that betters the lives of those that live here. When we stray, Lord, guide us back with conviction in hearts and forgiveness for those we feel wronged by. Help us to see the goodness in each other and to love one another as You have commanded. We thank You for blessing us with so much more than we deserve.

And the House says, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-sixth day was approved as printed.

"**161.243. 1. As used in this section, the following terms mean:**

(1) "Early childhood education services", programming or services intended to effect positive developmental changes in children prior to their entry into kindergarten;

(2) "Private entity", an entity that meets the definition of a licensed child care provider as defined in section 210.201, license exempt as defined in section 210.211, or that is unlicensed but is contracted with the department of elementary and secondary education.

2. Subject to appropriation, the department of elementary and secondary education shall provide grants directly to private entities for the provision of early childhood education services. The standards prescribed in section 161.213 shall be applicable to all private entities that receive these grant funds.

161.670. 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish the "Missouri Course Access and Virtual School Program" to serve school-age students residing in the state. The Missouri course access and virtual school program shall offer nonclassroom-based instruction in a virtual setting using technology, intranet, or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the Missouri course access and virtual school program pursuant to subsection 3 of this section.

2. (1) For purposes of calculation and distribution of state school aid, students enrolled in the Missouri course access and virtual school program shall be included in the student enrollment of the school district in which the student is enrolled under **the relevant provisions of** subsection 3 of this section**[**~~; provided that any such~~**] for such enrollment.** Student attendance for full-time virtual program students shall only be included in any district pupil attendance calculation under chapter 163 and any charter school pupil attendance calculation under section 160.415, using current-year pupil attendance for such full-time virtual program pupils**[**~~; and further provided that~~**]. The average daily attendance of a full-time virtual student who is engaged in required instructional activities under subsection 4 of this section shall be calculated as if the pupil's attendance percentage equaled the host district's or charter school's prior-year average attendance percentage, and the provisions of section 162.1250 shall not apply to such funding calculation.** In the case of a host school district enrolling one or more full-time virtual school students, such enrolling district shall**, as part of its monthly state allocation,** receive no less under the state aid calculation for such students than an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students. Students residing in Missouri and enrolled in a full-time virtual school program operated by a public institution of higher education in this state shall be counted for a state aid calculation by the department, and the department shall pay, from funds dedicated to state school aid payments made under section 163.031, to such institution an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students.

(2) The Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who is enrolled in the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate.

(3) Pursuant to an education services plan and collaborative agreement under subsection 3 of this section, full-time equivalent students may be allowed to use a physical location of the resident school district for all or some portion of ongoing instructional activity, and the enrollment plan shall provide for reimbursement of costs of the resident district for providing such access pursuant to rules promulgated under this section by the department.

(4) In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

(5) A full-time virtual school program serving full-time equivalent students shall be considered an attendance center in the host school district and shall participate in the statewide assessment system as defined in section 160.518. The academic performance of students enrolled in a full-time virtual school program shall be assigned to the designated attendance center of the full-time virtual school program and shall be considered in like manner to other attendance centers. The academic performance of any student who disenrolls from a full-time virtual school program and enrolls in a public school or charter school shall not be used in determining the annual performance report score of the attendance center or school district in which the student enrolls for twelve months from the date of enrollment.

(6) For the purposes of this section, a public institution of higher education operating a full-time virtual school program shall be subject to all requirements applicable to a host school district with respect to its full-time equivalent students.

3. (1) A student who resides in this state may enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student's annual course load each school year, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in a public school, including any charter school; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. The policy shall ensure that available opportunities for in-person instruction are considered prior to moving a student to virtual courses. The policy shall allow for continuous enrollment throughout the school year. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for good cause. Good cause justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student, and shall be consistent with the determination that would be made for such course request under the process by which a district student would enroll in a similar course offered by the school district and a charter school student would enroll in a similar course offered by the charter school, except that the determination may consider the suitability of virtual courses for the student based on prior participation in virtual courses by the student. Appeals of any course denials under this subsection shall be considered under a policy that is substantially similar to the typical process by which appeals would be considered for a student seeking to enroll in courses offered by the school district and a charter school student seeking to enroll in courses offered by the charter school.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under this subdivision, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course.

(4) **[**~~For students enrolling in a full-time virtual program, the department of elementary and secondary education shall adopt a policy that delineates the process by which~~**] (a)** A student who lives in this state may enroll in a virtual program of their choice as provided in this subdivision**, and the provisions of subdivisions 1 to 3 of this subsection shall not apply to such enrollment in a full-time virtual program**. Each host school district operating a full-time virtual program under this section shall **adopt,** operate and implement **[**~~the state~~**] an** enrollment policy**[**~~, subject to~~**] as specified by** the provisions of this subdivision. **[**~~The policy shall:~~

~~(a) Require the good faith collaboration of~~**]** The student, the student's parent or guardian if the student is not considered homeless, the virtual program, the host district, and the resident district**[**~~;~~**] shall collaborate in good faith to implement the enrollment policy regarding the student's enrollment, and the resident school district and the host school district may mutually agree that the resident district shall offer or continue to offer services for the student under an agreement that includes financial terms for reimbursement by the host school district for the necessary costs of the resident school district providing such services. An enrollment policy specified under this subsection shall:**

[~~(b)~~**] a. Require a student's parent or guardian, if the student is not considered homeless, to apply for enrollment in a full time virtual program directly with the virtual program;**

b. Specify timelines for timely participation by the virtual program, the host district, and resident district; provided that the resident district shall provide any relevant information and input on the enrollment within ten business days of notice from the virtual program of the enrollment application;

[~~(c)~~**] c.** Include a survey of the reasons for the student's and parent's interests in participating in the virtual program;

[~~(d)~~**] d.** Include consideration of available opportunities for in-person instruction prior to enrolling a student in a virtual program;

[~~(e)~~**] e.** Evaluate requests for enrollment based on meeting the needs for a student to be successful considering all relevant factors;

[~~(f)~~**] f.** Ensure that, for any enrolling student **with a covered disability**, an **individualized** education **[**~~services plan and collaborative agreement is~~**] program and a related services agreement, in cases where such agreement is needed, are** created to provide all services required to ensure a free and appropriate public education, including financial terms for reimbursement by the host district for the necessary costs of any virtual program, school district, or public or private entity providing all or a portion of such services;

[~~(g)~~**] g.** Require the virtual program to determine whether an enrolling student will be admitted, based on the enrollment policy, in consideration of all relevant factors and provide the basis for its determination and any service plan for the student, in writing, to the student, the student's parent or guardian, the host district, and the resident district; **and**

[~~(h)~~**] h.** Provide a process for reviewing appeals of decisions made under this subdivision**[**~~; and~~**].**

[~~(i) Require~~**] (b)** The department **[**~~to~~**] shall** publish an annual report based on the enrollments and enrollment surveys conducted under this subdivision that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the virtual program at the statewide and district levels; provided that no such survey results will be published in a manner that reveals individual student information. The department shall also include, in the annual report, data at the statewide and district levels of sufficient detail to allow detection and analysis of the racial, ethnic, and socio-economic balance of virtual program participation among schools and districts at the statewide and district levels, provided that no such survey results will be published in a manner that reveals individual student information.

(5) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(6) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(7) Virtual school programs shall monitor individual student success and engagement of students enrolled in their program**[**~~,~~**] and, for students enrolled in virtual courses on a part-time basis, the virtual school program shall** provide regular student progress reports for each student at least four times per school year to the school district or charter school, provide the host school district and the resident school district ongoing access to academic and other relevant information on student success and engagement, and shall terminate or alter the course offering if it is found the course **[**~~or full-time virtual school~~**]** is not meeting the educational needs of the students enrolled in the course.

(8) The department of elementary and secondary education shall monitor the aggregate performance of providers and make such information available to the public under subsection 11 of this section.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(10) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(11) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(12) Nothing in this subsection shall require any school district, charter school, virtual program, or the state to provide computers, equipment, or internet access to any student unless required under the education services plan created for an eligible student under subdivision (4) of this subsection or for an eligible student with a disability to comply with federal law. An education services plan may require an eligible student to have access to school facilities of the resident school district during regular school hours for participation and instructional activities of a virtual program under this section, and the education services plan shall provide for reimbursement of the resident school district for such access pursuant to rules adopted by the department under this section.

(13) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(14) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(15) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

(16) A host district may contract with a provider to perform any required services involved with delivering a full time virtual education.

4. (1) As used in this subsection, the term "instructional activities" means classroom-based or nonclassroom-based activities that a student shall be expected to complete, participate in, or attend during any given school day, such as:

(a) Online logins to curricula or programs;

(b) Offline activities;

(c) Completed assignments within a particular program, curriculum, or class;

(d) Testing;

(e) Face-to-face communications or meetings with school staff;

(f) Telephone or video conferences with school staff;

(g) School-sanctioned field trips; or

(h) Orientation.

(2) A full-time virtual school shall submit a notification to the parent or guardian of any student who is not consistently engaged in instructional activities.

(3) Each full-time virtual school shall develop, adopt, and post on the school's website a policy setting forth the consequences for a student who fails to complete the required instructional activities. Such policy shall state, at a minimum, that if a student fails to complete the instructional activities after receiving a notification under subdivision (2) of this subsection, and after reasonable intervention strategies have been implemented, that the student shall be subject to certain consequences which may include disenrollment from the school. Prior to any disenrollment, the parent or guardian shall have the opportunity to present any information that the parent deems relevant, and such information shall be considered prior to any final decision.

(4) If a full-time virtual school disenrolls a student under subdivision (3) of this subsection, the school shall immediately provide written notification to such student's school district of residence. The student's school district of residence shall then provide to the parents or guardian of the student a written list of available educational options and promptly enroll the student in the selected option. Any student disenrolled from a full-time virtual school shall be prohibited from reenrolling in the same virtual school for the remainder of the school year.

(5) For the purpose of subsection 2 of this section, the average daily attendance of a full-time virtual student who is completing required instructional activities under this subsection shall be calculated as if the pupil's attendance percentage equaled the host district's or charter school's prior-year average attendance percentage.

5. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

6. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

(a) Submit all necessary information pursuant to the requirements of the process; and

(b) Meet the criteria described in subdivision (3) of this subsection;

(3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization;

(5) Allow a course or full-time virtual school provider denied authorization to reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), annual performance report (APR), teacher certification, curriculum standards, audit requirements under chapter 165, access to public records under chapter 610, and school accountability report cards under section 160.522. Teachers and administrators employed by a virtual provider shall be considered to be employed in a public school for all certification purposes under chapter 168.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. The report shall at a minimum include the following information:

(1) The annual number of unique students participating in courses authorized under this section and the total number of courses in which students are enrolled in;

(2) The number of authorized providers;

(3) The number of authorized courses and the number of students enrolled in each course;

(4) The number of courses available by subject and grade level;

(5) The number of students enrolled in courses broken down by subject and grade level;

(6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy;

(7) The costs per course;

(8) Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. (1) The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

(2) On or before January 1, 2023, the department shall publish on its website, and distribute to all school districts and charter schools in this state, a guidance document that details the options for virtual course access and full-time virtual course access for all students in the state. The guidance document shall include a complete and readily understood description of the applicable enrollment processes including the opportunity for students to enroll and the roles and responsibilities of the student, parent, virtual provider, school district or districts, and charter schools, as appropriate. The guidance document shall be distributed in written and electronic form to all school districts, charter schools, and virtual providers. School districts and charter schools shall provide a copy of the guidance document to every pupil and parent or legal guardian of every pupil enrolled in the district or charter school at the beginning of each school year and upon enrollment for every pupil enrolling at a different time of the school year. School districts and charter schools shall provide a readily viewable link to the electronic version of the guidance document on the main page of the district's or charter school's website.

12. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers and learning management systems are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

163.063. 1. As used in this section, the following words mean:

(1) "Nonresident pupil", a child who:

(a) At the time such child is admitted to a residential care facility, is domiciled in one school district in Missouri but resides in a residential care facility located in another school district in Missouri as a result of placement arranged by or approved by the department of mental health or the department of social services or placement arranged by or ordered by a court of competent jurisdiction;

(b) Receives care or treatment in such residential care facility that is not within the school district in which the child's domicile is located;

(c) Is unable to attend school in either the school district in which such domicile is located or the school district in which such residential care facility is located because such child:

a. May be a safety risk; or

b. Has behavioral conditions that support the need to educate such child on such residential care facility's site or campus; and

(d) Is being provided all required educational services within such residential care facility;

(2) "Residential care facility", any residential care facility required to be licensed under sections 210.481 to 210.536, or a similar facility.

2. For purposes of calculating federal aid and state aid distributions for nonresident pupils pursuant to the provisions of this chapter, a nonresident pupil who receives all of such pupil's required educational services on-site at a residential care facility shall be included in the average daily attendance of the following school district that results in the greatest total amount of state and federal aid to the district in which the residential care facility is located:

(1) The school district of such pupil's domicile prior to placement in a residential care facility; or

(2) The school district of such pupil's residence following placement in a residential care facility.

3. Any educational costs incurred by a residential care facility that are not remitted under this section may be reimbursed as provided in section 167.126.

4. Educational costs incurred by a residential care facility for a child who was not enrolled in a school district in Missouri at the time the child was admitted to such residential care facility shall be reimbursed as provided in section 167.126.

5. No provision of this section shall be construed to prevent a residential care facility and a school district from mutually agreeing to a financial arrangement that deviates from the provisions of this section.

167.019. 1. **(1)** A child-placing agency, as defined under section 210.481, shall promote educational stability for foster care children by considering the child's school attendance area when making placement decisions. The foster care pupil shall have the right to remain enrolled in and attend his or her school of origin pending resolution of school placement disputes or to return to a previously attended school in an adjacent district.

(2) In the event that a best interest determination is not completed within ten days of a child's being placed in a foster care placement that is located in a school district other than the child's domicile school district prior to such placement, it shall be deemed that enrollment in the school district where the child resides as a result of such placement shall be in the best interest of the child for the purpose of the required best interest determination. This subdivision shall apply only to cases where the distance between the child's residential address as a result of the foster care placement and the school building that was the child's previous school in their domicile district is more than ten miles, or fifteen miles if the child is receiving service from a special school district established under the provisions of sections 162.670 to 162.999.

2. Each school district shall accept for credit full or partial course work satisfactorily completed by a pupil while attending a public school, nonpublic school, or nonsectarian school in accordance with district policies or regulations.

3. If a pupil completes the graduation requirements of his or her school district of residence while under the jurisdiction of the juvenile court as described in chapter 211, the school district of residence shall issue a diploma to the pupil.

4. School districts shall ensure that if a pupil in foster care is absent from school due to a decision to change the placement of a pupil made by a court or child placing agency, or due to a verified court appearance or related court-ordered activity, the grades and credits of the pupil shall be calculated as of the date the pupil left school, and no lowering of his or her grades shall occur as a result of the absence of the pupil under these circumstances.

5. School districts, subject to federal law, shall be authorized to permit access of pupil school records to any child placing agency for the purpose of fulfilling educational case management responsibilities required by the juvenile officer or by law and to assist with the school transfer or placement of a pupil.

6. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

167.126. 1. **(1) The following** children **shall have the right to educational services as provided in subdivision (2) of this section:**

2. Each school district or special school district constituting the domicile of any child for whom educational services are provided or procured under this section shall pay toward the per-pupil costs for educational

5. Institutions providing a place of residence for children whose parents or guardians do not reside in the district in which the institution is located shall have authority to enroll such children in a program in the district or special district in which the institution is located and such enrollment shall be subject to the provisions of subsections 2 and 3 of this section. The provisions of this subsection shall not apply to placement authorized pursuant to subsection 1 of this section or if the placement occurred for the sole purpose of enrollment in the district or special district. "Institution" as used in this subsection means a facility organized under the laws of Missouri for the purpose of providing care and treatment of juveniles.

Such contracts shall not be permitted to place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

8. For the purpose of distributing state aid under section 163.031, a child receiving educational services provided by the district in which the child actually resides, other than the district of domicile, shall be included in average daily attendance, as defined under section 163.011, of the district providing the educational services for the child.

9. Each school district or special school district where the child actually resides, other than the district of domicile, may receive payment from the department of elementary and secondary education, in lieu of receiving the local tax effort from the domiciliary school district. Such payments from the department shall be subject to appropriation and shall only be made for children that have been placed in a school other than the domiciliary school district by a state agency **[**~~or~~**],** a court of competent jurisdiction**, or by being admitted under a physician's order because of a determination of medical necessity for a diagnosed mental illness** and from whom excess educational costs are billed to the department of elementary and secondary education.

205.565. The department of social services **and the department of elementary and secondary education** may, subject to appropriation, use, administer and dispose of any gifts, grants, or in-kind services and may award grants to qualifying entities to carry out the caring communities program.

Upon receipt of the contribution verification, the department shall issue a tax credit certificate to the applicant.

(2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for contributions made to child care providers located in a child care desert. House Amendment No. 2

AMEND House Amendment No. 2 to Senate Substitute for Senate Bill No. 199, Page 14, Line 2, by inserting after said line the following:

"167.181. 1. **(1)** The department of health and senior services, after consultation with the department of elementary and secondary education, shall promulgate rules and regulations governing the immunization against poliomyelitis, rubella, rubeola, mumps, tetanus, pertussis, diphtheria, and hepatitis B, to be required of children attending public, private, parochial or parish schools. Such rules and regulations may modify the immunizations that are required of children in this subsection. The immunizations required and the manner and frequency of their administration shall conform to recognized standards of medical practice. The department of health and senior services shall supervise and secure the enforcement of the required immunization program.

(2) Neither the department of health and senior services nor any public school districts shall require any student to receive a COVID-19 vaccination or receive a dose of messenger ribonucleic acid.

2. It is unlawful for any student to attend school unless he has been immunized as required under the rules and regulations of the department of health and senior services, and can provide satisfactory evidence of such immunization; except that if he produces satisfactory evidence of having begun the process of immunization, he may continue to attend school as long as the immunization process is being accomplished in the prescribed manner. It is unlawful for any parent or guardian to refuse or neglect to have his child immunized as required by this section, unless the child is properly exempted.

3. This section shall not apply to any child if one parent or guardian objects in writing to his school administrator against the immunization of the child, because of religious beliefs or medical contraindications. In cases where any such objection is for reasons of medical contraindications, a statement from a duly licensed physician must also be provided to the school administrator.

4. Each school superintendent, whether of a public, private, parochial or parish school, shall cause to be prepared a record showing the immunization status of every child enrolled in or attending a school under his jurisdiction. The name of any parent or guardian who neglects or refuses to permit a nonexempted child to be immunized against diseases as required by the rules and regulations promulgated pursuant to the provisions of this section shall be reported by the school superintendent to the department of health and senior services.

5. The immunization required may be done by any duly licensed physician or by someone under his direction. If the parent or guardian is unable to pay, the child shall be immunized at public expense by a physician or nurse at or from the county, district, city public health center or a school nurse or by a nurse or physician in the private office or clinic of the child's personal physician with the costs of immunization paid through the state Medicaid program, private insurance or in a manner to be determined by the department of health and senior

services subject to state and federal appropriations, and after consultation with the school superintendent and the advisory committee established in section 192.630. When a child receives his or her immunization, the treating physician may also administer the appropriate fluoride treatment to the child's teeth.

6. Funds for the administration of this section and for the purchase of vaccines for children of families unable to afford them shall be appropriated to the department of health and senior services from general revenue or from federal funds if available.

7. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

AMEND Senate Substitute for House Bill No. 447, Page 15, Section 167.126, Line 130, by inserting after all of said line the following:

"173.280. 1. As used in this section, the following terms mean:

(1) **"Institutional marketing associate", any third party entity that enters into an agreement with a postsecondary educational institution or its intercollegiate athletics or sports program to market and/or promote the postsecondary educational institution or its intercollegiate athletics or sports program, or to**

otherwise act on behalf of the postsecondary educational institution or the postsecondary educational institution's intercollegiate athletics or sports program. This term does not include a regulatory body, postsecondary educational institution, postsecondary educational institution staff member, or their respective officers, directors, managers, owners, or employees;

(2) "Postsecondary educational institution", any campus of a public or private institution of higher education in this state that is subject to the coordinating board for higher education under section 173.005;

[~~(2)~~**] (3)** "Student athlete", an individual who **is eligible to participate in,** participates **in,** or has participated in an intercollegiate sport for a postsecondary educational institution. Student athlete shall not be construed to apply to an individual's participation in a college intramural sport or in a professional sport outside of intercollegiate athletics;

[~~(3)~~**] (4)** "Third party", any individual or entity, including any athlete agent, other than a postsecondary educational institution, athletic conference, or athletic association.

2. (1) No postsecondary educational institution shall uphold any rule, requirement, standard, or other limitation **of an athletic association or athletic conference** that prevents a student of that institution from fully participating in intercollegiate athletics without penalty and earning compensation as a result of the use of the student's name, image, likeness rights, or athletic reputation. A student athlete earning compensation from the use of a student's name, image, likeness rights, or athletic reputation shall not affect such student athlete's grant-in-aid or stipend eligibility, amount, duration, or renewal.

(2) No postsecondary educational institution shall interfere with or prevent a student from fully participating in intercollegiate athletics or obtaining professional representation in relation to contracts or legal matters **relating to earning compensation as a result of the use of the student athlete's name, image, likeness rights, or athletic reputation**, including, but not limited to, representation provided by athlete agents, financial advisors, or legal representation provided by attorneys.

3. A grant-in-aid or stipend from the postsecondary educational institution in which a student is enrolled shall not be construed to be compensation for use of the student's name, image, likeness rights, or athletic reputation for purposes of this section, and no grant-in-aid or stipend shall be revoked or reduced as a result of a student earning compensation under this section.

4. (1) No student athlete shall enter into an apparel, equipment, or beverage contract providing compensation to the athlete for use of the athlete's name, image, likeness rights, or athletic reputation if the contract requires the athlete to display a sponsor's apparel, equipment, or beverage or otherwise advertise for the sponsor during official team activities if such provisions are in conflict with a provision of the postsecondary **educational** institution's current licenses or contracts.

(2) (a) Except with the prior written consent of the student athlete's postsecondary educational institution, a student athlete shall not enter into a contract for compensation for the use of such student athlete's name, image, likeness rights, or athletic reputation, if such institution determines that a term of the contract conflicts with a term of a contract to which such institution is a party.

(b) A postsecondary educational institution or any officer, director, or employee of such institution, including but not limited to a coach, member of the coaching staff, or any individual associated with the **[**~~institutions~~**] institution's** athletic department, **[**~~may identify~~**] shall have the right to identify, create, facilitate, negotiate, support, enable,** or otherwise assist with opportunities for a student athlete to earn compensation from a third party**, including an institutional marketing associate,** for the use of the student athlete's name, image, likeness rights, or athletic reputation, provided that such individual shall not:

a. **[**~~Serve as the athlete's agent;~~

~~b.~~**]** Receive compensation from the student athlete or a third party for facilitating **[**~~or~~**],** enabling**, or assisting with** such opportunities;

[~~c.~~**] b.** Attempt to influence an athlete's choice of professional representation related to such opportunities; **or**

[~~d.~~**] c.** Attempt to reduce such athlete's opportunities from competing third parties**[**~~; or~~

~~e. Be present at any meeting between a student athlete and a third party who provides for a student athlete's compensation, where the student athlete's name, image, likeness rights, or athletic reputation contract for compensation is negotiated or completed~~**]**.

(c) The provisions of this section shall not be construed to qualify a student athlete as an employee of a postsecondary educational institution.

(3) Before any contract for compensation for the use of a student athlete's name, image, likeness rights, or athletic reputation**, or for professional representation,** is executed, and before any compensation is provided to the student athlete in advance of a contract, the student athlete shall disclose that contract to his or her postsecondary educational institution in a manner prescribed by such institution.

(4) A postsecondary educational institution or any officer, director, or employee of such institution **[**~~or entity~~**]** shall not compensate a student athlete, prospective student athlete, or the family of such individuals, **[**~~or cause compensation to be directed to a prospective student athlete, or the family of a student athlete or the family of a prospective student athlete,~~**]** for the use of such student athlete or prospective student athlete's name, image, likeness rights, or athletic reputation**, unless otherwise permitted by institutional policy and a collegiate athletics association that the postsecondary educational institution is a member of**.

(5) (a) As used in this subdivision, "unique identifier" means any of the following developed or adopted for marketing or promotional purposes by a postsecondary educational institution or a third party:

a. Seal;

b. Logo;

c. Emblem;

d. Motto;

e. Special symbol;

f. Institutional colors;

g. Modifier or descriptor;

h. Design;

i. Patentable or copyrightable item, material, or information; or

j. Other item, material, or information that identifies and is recognizable as unique to such postsecondary educational institution or third party.

(b) A postsecondary educational institution or a third party shall develop and adopt a process for granting to a student athlete, or to a third party for use with a student athlete, a license to use such institution's or third party's unique identifiers when earning or attempting to earn compensation from the use of such student athlete's name, image, likeness rights, or athletic reputation consistent with its policies regarding licensing of its unique identifiers.

(c) A postsecondary educational institution or a third party may charge a reasonable fee for a license to use a unique identifier under this subdivision.

(d) A postsecondary educational institution, or a third party, may impose requirements that a student athlete granted a license under this subdivision refrain from using such unique identifier in a manner that the institution in its sole discretion determines:

a. Is reasonably considered to be inconsistent with such institution's or third party's values or mission;

b. Adversely affects such institution's or third party's image;

c. Negatively impacts or inappropriately reflects upon the reputation or religious, moral, or ethical standards of such institution or third party;

d. Violates such institution's or third party's code of conduct or similar requirements; or

e. Conflicts with a provision of such institution's or third party's current licenses or contracts.

5. No contract of a postsecondary educational institution's athletic program shall prevent a student athlete from receiving compensation for using the student athlete's name, image, likeness rights, or athletic reputation for a commercial purpose when the athlete is not engaged in official mandatory team activities that are recorded in writing and can be made publicly available upon request.

6. (1) If a private postsecondary educational institution collects, retains, or maintains the terms of a student athlete's contract or proposed contract detailing compensation to such student athlete for the use of such student athlete's name, image, likeness, or athletic reputation, such postsecondary educational institution shall consider such contract terms to be student governed by the Family Education Rights and Privacy Act (FERPA).

(2) The terms of a contract or proposed contract detailing compensation to a student athlete for the use of such student athlete's name, image, likeness, or athletic reputation shall be deemed a closed record under chapter 610. A public postsecondary educational institution subject to this subsection may withhold or refuse to release or otherwise disclose such contract terms without seeking a formal opinion of the attorney general of this state as authorized in section 610.027.

7. (1) No compensation to a student athlete for earning or attempting to earn compensation from the use of such student athlete's name, image, likeness rights, or athletic reputation shall be conditioned on such student athlete's athletic performance. Those providing compensation to a student athlete for the use of his or her name, image, likeness rights, or athletic reputation shall have the right to condition payment of that compensation on a student athlete's attendance at a particular postsecondary educational institution.

(2) A charitable organization that qualifies as an exempt organization under 26 U.S.C. Section 501(c)(3), as amended, shall have the right to compensate a student athlete for the commercial use of the student athlete's name, image, likeness rights, or athletic reputation.

(3) Notwithstanding any rule of an athletic association, athletic conference, or any other organization with authority over varsity intercollegiate athletics, institutional marketing associates shall have the right to compensate a student athlete for the commercial use of the student athlete's name, image, likeness rights, or athletic reputation. No postsecondary educational institution's employees, including athletics coaching staff, shall be liable for any damages to a student athlete's ability to earn compensation for the use of the student athlete's name, image, or likeness resulting from decisions or actions routinely taken in the course of intercollegiate athletics.

15. This section does not affect the rights of student athletes under Title IX of the Education Amendments of 1971 (20 U.S.C. Section 1681 et seq.).

16. (b) A decision to include the applicant on a list of applicants for consideration by another member of the employer's team;

(2) For all hiring considerations, state agencies shall determine baseline requirements for applicants.

(3) State agencies may include prior direct experience and particular certificates and courses as baseline requirements, but may not include a postsecondary degree as a baseline requirement.

3. This section shall not apply in the case of the following positions with a state agency:

(1) Those for which a clear demonstration is made that the duties of the position require a postsecondary degree. For such positions, the state agency shall dedicate a portion of the job posting to substantiating the necessity of a specific postsecondary degree, on the basis that:

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, MONDAY, MAY 8, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Dan Stacy.

Let's pray together.

Dear God, the Creator and Perfector of our souls, help each of us today to listen to You, to learn from You, and to follow Your guidance.

Help us to seek out Your will, Your ways, and Your purpose for each one of our lives. And help us find fulfillment in accomplishing that purpose.

Help us to be guided to the best methods and the best laws that can free Your Missouri citizens to fulfill the potential You have placed in each one of them.

Help us to model the behavior that would please You, that would help us listen and understand each other, that would help us serve each other, and that would guide our citizens into better relationships with each other and with You.

In the Name of Jesus, we pray.

And the House says, "AMEN!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

SIXTY-NINTH DAY, TUESDAY, MAY 9, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Be kindly affectioned one to another with brotherly love; in honor preferring one another." (Romans 12:10)

Our Heavenly Shepherd, as we enter the gate of another day may it be in the belief that we are working for You and with our fellow Representatives on behalf of our beloved Missouri.

May Your spirit have full sway in our hearts and in the hearts of our people. Let discord and division be removed, all dissension and discrimination be erased. Make us mindful that we are dependent upon each other, that we need each other, and that we must learn to live together. Help us to respect the rights of others and then help others to respect our rights.

Above all, remind us that we are here only for a little while and one day will lay down our lives and stand before You. At that time may we be unafraid and unashamed because we have been faithful in our service and stewardship here in the People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-eighth day was approved as printed.

Senate Amendment No. 1

AMEND Senate Substitute No. 3 for House Committee Substitute for House Bill No. 268, Page 18, Section 135.1350, Line 168, by inserting after all of said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023,** the assessor shall

annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **(1) To determine the true value in money for motor vehicles,** the assessor of each county and each city not within a county shall use the **[**~~trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.~~**]** **trade-in value published in the current or any of the three immediately previous years' October issue of a nationally recognized automotive trade publication selected by the state tax commission. The assessor shall not use a value that is greater than the average trade-in value for such motor vehicle in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than the average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor**

vehicle in such publication, the assessor shall use such information or publications which, in the assessor's judgment, will fairly estimate the true value in money of the motor vehicle.

(2) For all tax years beginning on or after January 1, 2025, the assessor shall apply the following depreciation schedule to the trade-in value of the motor vehicle as determined pursuant to subdivision (1) of this subsection:

Years since manufacture	**Percent Depreciation**
Current	**15**
1	**25**
2	**32.5**
3	**39.3**
4	**45.3**
5	**50.8**
6	**55.7**
7	**60.1**
8	**64.1**
9	**67.7**
10	**71**
11	**75.2**
12	**79.2**
13	**83.2**
14	**87.2**
15	**90**
Greater than 15	**Minimum value of $300**

Notwithstanding the provisions of this subdivision to the contrary, in no case shall the assessed value of a motor vehicle, as depreciated pursuant to this subdivision, be less than three hundred dollars.

(3) To implement the provisions of this subsection without large variations from the method in effect prior to January 1, 2024, the assessor shall assume that the last valuation tables used prior to October 1, 2024, are fair valuations and these valuations shall be depreciated from the table provided in subdivision (2) of this subsection until the end of their useful life. The state tax commission shall secure an annual appropriation from the general assembly for the publication used pursuant to subdivision (1) of this subsection. The state tax commission or the state of Missouri shall be the registered user of the publication with rights to allow all assessors access to the publication. The publication shall be available to all assessors by December fifteenth of each year.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND Senate Substitute No. 3 for House Committee Substitute for House Bill No. 268, Page 1, Section A, Line 7, by inserting after all of said line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

(1) The annual tax on gross premium receipts of insurance companies in chapter 148;

(2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;

(3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;

(4) The tax on other financial institutions in chapter 148;

(5) The corporation franchise tax in chapter 147;

(6) The state income tax in chapter 143; and

(7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and

stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

Further amend the title and enacting clause accordingly.

House Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 189, 36 & 37, Pages 1-2, Section 43.504, Lines 1-25, by deleting said section and lines from the bill; and

Further amend said bill, Pages 2-3, Section 43.507, Lines 1-31, by deleting said lines and inserting in lieu thereof the following:

"67.145. 1. No political subdivision of this state shall prohibit any first responder from engaging in any political activity while off duty and not in uniform, being a candidate for elected or appointed public office, or holding such office unless such political activity or candidacy is otherwise prohibited by state or federal law.

2. As used in this section, "first responder" means any person trained and authorized by law or rule to render emergency medical assistance or treatment. Such persons may include, but shall not be limited to, emergency first responders, **telecommunicator first responders,** police officers, sheriffs, deputy sheriffs, firefighters, ambulance attendants and attendant drivers, emergency medical technicians, mobile emergency medical technicians, emergency medical technician-paramedics, registered nurses, or physicians.

70.631. 1. Each political subdivision may, by majority vote of its governing body, elect to cover **[**~~emergency telecommunicators~~**] telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system. The clerk or secretary of the political subdivision shall certify an election concerning the coverage of **[**~~emergency telecommunicators~~**] telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system to the board within ten days after such vote. The date in which the political subdivision's election becomes effective shall be the first day of the calendar month specified by such governing body, the first day of the calendar month next following receipt by the board of the certification of the election, or the effective date of the political subdivision's becoming an employer, whichever is the latest date. Such election shall not be changed after the effective date. If the election is made, the coverage provisions shall be applicable to all past and future employment with the employer by present and future employees. If a political subdivision makes no election under this section, no **[**~~emergency~~**]** telecommunicator **first responder**, jailor, or emergency medical service personnel of the political subdivision shall be considered public safety personnel for purposes determining a minimum service retirement age as defined in section 70.600.

2. If an employer elects to cover **[**~~emergency telecommunicators~~**] telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system, the employer's contributions shall be correspondingly changed effective the same date as the effective date of the political subdivision's election.

3. The limitation on increases in an employer's contributions provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer making an election under the provisions of this section.

84.344. 1. Notwithstanding any provisions of this chapter to the contrary, any city not within a county may establish a municipal police force on or after July 1, 2013, according to the procedures and requirements of this section. The purpose of these procedures and requirements is to provide for an orderly and appropriate transition in the governance of the police force and provide for an equitable employment transition for commissioned and civilian personnel.

2. Upon the establishment of a municipal police force by a city under sections 84.343 to 84.346, the board of police commissioners shall convey, assign, and otherwise transfer to the city title and ownership of all indebtedness and assets, including, but not limited to, all funds and real and personal property held in the name of or controlled by the board of police commissioners created under sections 84.010 to 84.340. The board of police commissioners shall execute all documents reasonably required to accomplish such transfer of ownership and obligations.

3. If the city establishes a municipal police force and completes the transfer described in subsection 2 of this section, the city shall provide the necessary funds for the maintenance of the municipal police force.

4. Before a city not within a county may establish a municipal police force under this section, the city shall adopt an ordinance accepting responsibility, ownership, and liability as successor-in-interest for contractual obligations, indebtedness, and other lawful obligations of the board of police commissioners subject to the provisions of subsection 2 of section 84.345.

5. A city not within a county that establishes a municipal police force shall initially employ, without a reduction in rank, salary, or benefits, all commissioned and civilian personnel of the board of police commissioners created under sections 84.010 to 84.340 that were employed by the board immediately prior to the date the municipal police force was established. Such commissioned personnel who previously were employed by the board may only be involuntarily terminated by the city not within a county for cause. The city shall also recognize all accrued years of service that such commissioned and civilian personnel had with the board of police commissioners. Such personnel shall be entitled to the same holidays, vacation, and sick leave they were entitled to as employees of the board of police commissioners.

6. **[**~~(1)~~**]** Commissioned and civilian personnel of a municipal police force established under this section **[**~~who are hired prior to September 1, 2023,~~**]** shall not be subject to a residency requirement of retaining a primary residence in a city not within a county but may be required to maintain a primary residence located within a one-hour response time.

[~~(2) Commissioned and civilian personnel of a municipal police force established under this section who are hired after August 31, 2023, may be subject to a residency rule no more restrictive than a requirement of retaining a primary residence in a city not within a county for a total of seven years and of then allowing the personnel to maintain a primary residence outside the city not within a county so long as the primary residence is located within a one-hour response time.~~**]**

7. The commissioned and civilian personnel who retire from service with the board of police commissioners before the establishment of a municipal police force under subsection 1 of this section shall continue to be entitled to the same pension benefits provided under chapter 86 and the same benefits set forth in subsection 5 of this section.

8. If the city not within a county elects to establish a municipal police force under this section, the city shall establish a separate division for the operation of its municipal police force. The civil service commission of the city may adopt rules and regulations appropriate for the unique operation of a police department. Such rules and regulations shall reserve exclusive authority over the disciplinary process and procedures affecting commissioned officers to the civil service commission; however, until such time as the city adopts such rules and regulations, the commissioned personnel shall continue to be governed by the board of police commissioner's rules and regulations in effect immediately prior to the establishment of the municipal police force, with the police chief acting in place of the board of police commissioners for purposes of applying the rules and regulations. Unless otherwise provided for, existing civil service commission rules and regulations governing the appeal of disciplinary decisions to the civil service commission shall apply to all commissioned and civilian personnel. The civil service commission's rules and regulations shall provide that records prepared for disciplinary purposes shall be confidential, closed records

available solely to the civil service commission and those who possess authority to conduct investigations regarding disciplinary matters pursuant to the civil service commission's rules and regulations. A hearing officer shall be appointed by the civil service commission to hear any such appeals that involve discipline resulting in a suspension of greater than fifteen days, demotion, or termination, but the civil service commission shall make the final findings of fact, conclusions of law, and decision which shall be subject to any right of appeal under chapter 536.

9. A city not within a county that establishes and maintains a municipal police force under this section:

(1) Shall provide or contract for life insurance coverage and for insurance benefits providing health, medical, and disability coverage for commissioned and civilian personnel of the municipal police force to the same extent as was provided by the board of police commissioners under section 84.160;

(2) Shall provide or contract for medical and life insurance coverage for any commissioned or civilian personnel who retired from service with the board of police commissioners or who were employed by the board of police commissioners and retire from the municipal police force of a city not within a county to the same extent such medical and life insurance coverage was provided by the board of police commissioners under section 84.160;

(3) Shall make available medical and life insurance coverage for purchase to the spouses or dependents of commissioned and civilian personnel who retire from service with the board of police commissioners or the municipal police force and deceased commissioned and civilian personnel who receive pension benefits under sections 86.200 to 86.366 at the rate that such dependent's or spouse's coverage would cost under the appropriate plan if the deceased were living; and

(4) May pay an additional shift differential compensation to commissioned and civilian personnel for evening and night tours of duty in an amount not to exceed ten percent of the officer's base hourly rate.

10. A city not within a county that establishes a municipal police force under sections 84.343 to 84.346 shall establish a transition committee of five members for the purpose of: coordinating and implementing the transition of authority, operations, assets, and obligations from the board of police commissioners to the city; winding down the affairs of the board; making nonbinding recommendations for the transition of the police force from the board to the city; and other related duties, if any, established by executive order of the city's mayor. Once the ordinance referenced in this section is enacted, the city shall provide written notice to the board of police commissioners and the governor of the state of Missouri. Within thirty days of such notice, the mayor shall appoint three members to the committee, two of whom shall be members of a statewide law enforcement association that represents at least five thousand law enforcement officers. The remaining members of the committee shall include the police chief of the municipal police force and a person who currently or previously served as a commissioner on the board of police commissioners, who shall be appointed to the committee by the mayor of such city.

84.480. The board of police commissioners shall appoint a chief of police who shall be the chief police administrative and law enforcement officer of such cities. The chief of police shall be chosen by the board solely on the basis of his or her executive and administrative qualifications and his or her demonstrated knowledge of police science and administration with special reference to his or her actual experience in law enforcement leadership and the provisions of section 84.420. At the time of the appointment, the chief shall **[**~~not be more than sixty years of age, shall~~**]** have had at least five years' executive experience in a governmental police agency and shall be certified by a surgeon or physician to be in a good physical condition, and shall be a citizen of the United States and shall either be or become a citizen of the state of Missouri and resident of the city in which he or she is appointed as chief of police. In order to secure and retain the highest type of police leadership within the departments of such cities, the chief shall receive a salary of not less than eighty thousand two hundred eleven dollars, nor more than **[**~~one hundred eighty-nine thousand seven hundred twenty-six dollars per annum~~**] a maximum salary amount established by the board by resolution**.

84.510. 1. For the purpose of operation of the police department herein created, the chief of police, with the approval of the board, shall appoint such number of police department employees, including police officers and civilian employees as the chief of police from time to time deems necessary.

2. The base annual compensation of police officers shall be as follows for the several ranks:

(7) Detectives, investigators, and police officers at not less than twenty-six thousand six hundred forty-three dollars**[**~~, nor more than eighty-seven thousand six hundred thirty-six dollars per annum each~~**]**.

3. The board of police commissioners has the authority by resolution to effect a comprehensive pay schedule program to provide for step increases with separate pay rates within each rank, **[**~~in~~**] using** the above-specified salary **minimums as a base for such** ranges from police officers through chief of police.

4. Officers assigned to wear civilian clothes in the performance of their regular duties may receive an additional one hundred fifty dollars per month clothing allowance. Uniformed officers may receive seventy-five dollars per month uniform maintenance allowance.

5. The chief of police, subject to the approval of the board, shall establish the total regular working hours for all police department employees, and the board has the power, upon recommendation of the chief, to pay additional compensation for all hours of service rendered in excess of the established regular working period, but the rate of overtime compensation shall not exceed one and one-half times the regular hourly rate of pay to which each member shall normally be entitled. No credit shall be given nor deductions made from payments for overtime for the purpose of retirement benefits.

6. No credit shall be given nor deductions made from these payments for the purpose of retirement benefits.

7. The board of police commissioners may effect programs to provide additional compensation for successful completion of academic work at an accredited college or university. No credit shall be given nor deductions made from these payments for the purpose of retirement benefits.

8. However, any officer receiving a pay increment provided pursuant to the provisions of subsections 6 and 7 of this section shall not be deprived of such pay increment as a result of the limitations of this subsection.~~**]**

106.270. 1. If any official against whom a proceeding has been filed, as provided for in sections 106.220 to 106.290, shall be found guilty of failing personally to devote his **or her** time to the performance of the duties of such office, or of any willful, corrupt or fraudulent violation or neglect of official duty, or of knowingly or willfully failing or refusing to do or perform any official act or duty which by law it is made his **or her** duty to do or perform with respect to the execution or enforcement of the criminal laws of the state, the court shall render judgment removing him **or her** from such office, and he **or she** shall not be **[**~~elected or~~**]** appointed to fill the vacancy thereby created, but the **[**~~same~~**] vacancy** shall be filled as provided by law for filling vacancies **[**~~in other cases~~**] in any state or county office**. All actions and proceedings under sections 106.220 to 106.290 shall be in the nature of civil actions, and tried as such.

2. Nothing in this section shall be construed to authorize the removal or discharge of any chief, as that term is defined in section 106.273.

3. Any official removed from his or her office as provided for in sections 106.220 to 106.290 shall not be elected or appointed to the office from which he or she was removed. Any official against whom a proceeding has been filed, as provided for in sections 106.220 to 106.290, and who resigns before the final disposition of the proceeding shall not be elected or appointed to the office from which he or she resigned.

170.310. 1. For school year 2017-18 and each school year thereafter, upon graduation from high school, pupils in public schools and charter schools shall have received thirty minutes of cardiopulmonary resuscitation instruction and training in the proper performance of the Heimlich maneuver or other first aid for choking given any time during a pupil's four years of high school.

2. Beginning in school year 2017-18, any public school or charter school serving grades nine through twelve shall provide enrolled students instruction in cardiopulmonary resuscitation. Students with disabilities may participate to the extent appropriate as determined by the provisions of the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act. Instruction shall be included in the district's existing health or physical education curriculum. Instruction shall be based on a program established by the American Heart Association or the American Red Cross, or through a nationally recognized program based on the most current national evidence-based emergency cardiovascular care guidelines, and psychomotor skills development shall be incorporated into the instruction. For purposes of this section, "psychomotor skills" means the use of hands-on practicing and skills testing to support cognitive learning.

3. The teacher of the cardiopulmonary resuscitation course or unit shall not be required to be a certified trainer of cardiopulmonary resuscitation if the instruction is not designed to result in certification of students. Instruction that is designed to result in certification being earned shall be required to be taught by an authorized cardiopulmonary instructor. Schools may develop agreements with any local chapter of a voluntary organization of first responders to provide the required hands-on practice and skills testing. **For purposes of this subsection, "first responders" shall include telecommunicator first responders as defined in section 650.320.**

4. The department of elementary and secondary education may promulgate rules to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

The recommendations of the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices shall be followed when providing appropriate screening for contraindications to vaccination for first responders **and**

Missouri state highway patrol telecommunicators. A first responder **and Missouri state highway patrol telecommunicator** shall be exempt from vaccinations when a written statement from a licensed physician is presented to their employer indicating that a vaccine is medically contraindicated for such person.

4. If a shortage of the vaccines referred to in subsection 2 of this section exists following a bioterrorism event or suspected bioterrorism event, the director, in consultation with the governor and the federal Centers for Disease Control and Prevention, shall give priority for such vaccinations to persons exposed to the disease and to first responders **or Missouri state highway patrol telecommunicators** who are deployed to the disaster location.

5. The department shall notify first responders **and Missouri state highway patrol telecommunicators** concerning the availability of the vaccination program described in subsection 2 of this section and shall provide education to such first responders**, [**~~and~~**]** their employers**, and Missouri state highway patrol telecommunicators** concerning the vaccinations offered and the associated diseases.

287.067. 1. In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to

be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

"Loss of hearing due to industrial noise" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. "Harmful noise" means sound capable of producing occupational deafness.

5. "Radiation disability" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. (1) (a) Posttraumatic stress disorder (PTSD), as described in the Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition, published by the American Psychiatric Association, (DSM-5) is recognized as a compensable occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.

(b) Benefits payable to a first responder under this section shall not require a physical injury to the first responder, and are not subject to any preexisting PTSD.

(c) Benefits payable to a first responder under this section are compensable only if demonstrated by clear and convincing evidence that PTSD has resulted from the course and scope of employment, and the first responder is examined and diagnosed with PTSD by an authorized treating physician, due to the first responder experiencing one of the following qualifying events:

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. Any claim for compensation for such injury shall be properly noticed within fifty-two weeks after the qualifying exposure, or the diagnosis of the disorder, whichever is later.

4. The Missouri supreme court shall promulgate rules to administer this section.

5. Contemporaneously with the filing of every petition for dissolution of marriage, legal separation, motion for modification, action to establish paternity, and petition or motion for support or custody of a minor child, the filing party shall file a confidential case filing sheet with the court which shall not be subject to public inspection and which provides:

"552.020. 1. No person who as a result of mental disease or defect lacks capacity to understand the proceedings against him or her or to assist in his or her own defense shall be tried, convicted or sentenced for the commission of an offense so long as the incapacity endures.

2. Whenever any judge has reasonable cause to believe that the accused lacks mental fitness to proceed, the judge shall, upon his or her own motion or upon motion filed by the state or by or on behalf of the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused; or shall direct the director to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability, developmental disability, or mental illness. The order shall direct that a written report or reports of such examination be filed with the clerk of the court. No private physician, psychiatrist, or psychologist shall be appointed by the court unless he or she has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department to have the accused examined, the director, or his or her designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluations. The department shall establish standards and provide training for those individuals performing examinations pursuant to this section and section 552.030. No individual who is employed by or contracts with the department shall be designated to perform an examination pursuant to this chapter unless the individual meets the qualifications so established by the department. Any examination performed pursuant to this subsection shall be completed and filed with the court within sixty days of the order unless the court for good cause orders otherwise. Nothing in this section or section 552.030 shall be construed to permit psychologists to engage in any activity not authorized by chapter 337. One pretrial evaluation shall be provided at no charge to the defendant by the department. All costs of subsequent evaluations shall be assessed to the party requesting the evaluation.

3. A report of the examination made under this section shall include:

(1) Detailed findings;

(2) An opinion as to whether the accused has a mental disease or defect;

(3) An opinion based upon a reasonable degree of medical or psychological certainty as to whether the accused, as a result of a mental disease or defect, lacks capacity to understand the proceedings against him or her or to assist in his or her own defense;

(4) **An opinion, if the accused is found to lack capacity to understand the proceedings against him or her or to assist in his or her own defense, as to whether there is a substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future;**

(5) A recommendation as to whether the accused should be held in custody in a suitable hospital facility for treatment pending determination, by the court, of mental fitness to proceed; **[**~~and~~

~~(5)~~**] (6)** A recommendation as to whether the accused, if found by the court to be mentally fit to proceed, should be detained in such hospital facility pending further proceedings**;**

(7) A recommendation as to whether the accused, if found by the court to lack the mental fitness to proceed, should be committed to a suitable hospital facility for treatment to restore the mental fitness to proceed or if such treatments to restore the mental fitness to proceed may be provided in a county jail or other detention facility approved by the director or his or her designee; and

(8) A recommendation as to whether the accused, if found by the court to lack the mental fitness to proceed, and the accused is not charged with a dangerous felony as defined in section 556.061, or murder in the first degree pursuant to section 565.020, or rape in the second degree pursuant to section 566.031, or the attempts thereof:

(a) Should be committed to a suitable hospital facility; or

(b) May be appropriately treated in the community; and

(c) Whether the accused can comply with bond conditions as set forth by the court and can comply with treatment conditions and requirements as set forth by the director of the department or his or her designee.

4. When the court determines that the accused can comply with the bond and treatment conditions as referenced in paragraph (c) of subdivision (8) of subsection 3 of this section, the court shall order that the accused remain on bond while receiving treatment until the case is disposed of as set out in subsection 12 of this section. If, at any time, the court finds that the accused has failed to comply with the bond or treatment conditions, then the court may order that the accused be taken into law enforcement custody until such time as a department inpatient bed is available to provide treatment as set forth in this section.

[~~4.~~**] 5.** If the accused has pleaded lack of responsibility due to mental disease or defect or has given the written notice provided in subsection 2 of section 552.030, the court shall order the report of the examination conducted pursuant to this section to include, in addition to the information required in subsection 3 of this section, an opinion as to whether at the time of the alleged criminal conduct the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality, or wrongfulness of his or her conduct or as a result of mental disease or defect was incapable of conforming his or her conduct to the requirements of law. A plea of not guilty by reason of mental disease or defect shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. In addition, if the accused has pleaded not guilty by reason of mental disease or defect, and the alleged crime is not a dangerous felony as defined in section 556.061, or those crimes set forth in subsection 10 of section 552.040, or the attempts thereof, the court shall order the report of the examination to include an opinion as to whether or not the accused should be immediately conditionally released by the court pursuant to the provisions of section 552.040 or should be committed to a mental health or developmental disability facility. If such an evaluation is conducted at the direction of the director of the department of mental health, the court shall also order the report of the examination to include an opinion as to the conditions of release which are consistent with the needs of the accused and the interest of public safety, including, but not limited to, the following factors:

(1) Location and degree of necessary supervision of housing;

(2) Location of and responsibilities for appropriate psychiatric, rehabilitation and aftercare services, including the frequency of such services;

(3) Medication follow-up, including necessary testing to monitor medication compliance;

(4) At least monthly contact with the department's forensic case monitor;

(5) Any other conditions or supervision as may be warranted by the circumstances of the case.

[~~5.~~**] 6.** If the report contains the recommendation that the accused should be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed, and if the accused is not admitted to bail or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed.

[~~6.~~**] 7.** The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his or her counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician

with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

[~~7.~~**] 8.** If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court **[**~~may~~**] shall** make a determination and finding on the basis of the report filed or **[**~~may~~**]** hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

[~~8.~~**] 9.** At a hearing on the issue pursuant to subsection **[**~~7~~**] 8** of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

[~~9.~~**] 10.** If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him or her to the director of the department of mental health. **The director of the department, or his or her designee, shall notify the court and parties of the conditions and the secure location of treatment unless an unsecured location has otherwise been authorized by the court.** After the person has been committed, legal counsel for the department of mental health shall have standing to file motions and participate in hearings on the issue of involuntary medications.

[~~10.~~**] 11.** Any person committed pursuant to subsection **[**~~9~~**] 10** of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him or her. The issue of the mental fitness to proceed after commitment under subsection **[**~~9~~**] 10** of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. When a motion to proceed is filed, legal counsel for the department of mental health shall have standing to participate in hearings on such motions. If the motion is not contested by the accused or his or her counsel or if after a hearing on a motion the court finds the accused mentally fit to proceed, or if he or she is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

[~~11.~~**] 12.** The following provisions shall apply after a commitment as provided in this section:

(1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or reports of the examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his or her counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section **[**~~with the additional requirement that it~~**] and shall** include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subdivision shall be completed and filed with the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be furnished to the opposing party;

(3) If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of this subsection, the court may make a determination and finding on the basis of the report filed, or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The report or reports may be received in

evidence at any hearing on the issue but the party contesting any opinion therein relative to fitness to proceed shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;

(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall continue such commitment for a period not longer than six months, after which the court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall dismiss the charges without prejudice and the accused shall be discharged, but only if proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections and no others will be applicable. The probate division of the circuit court shall have concurrent jurisdiction over the accused upon the filing of a proper pleading to determine if the accused shall be involuntarily detained under chapter 632, or to determine if the accused shall be declared incapacitated under chapter 475, and approved for admission by the guardian under section 632.120 or 633.120, to a mental health or developmental disability facility. When such proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds that the accused is mentally ill and should be committed or that he or she is incapacitated and should have a guardian appointed. The period of limitation on prosecuting any criminal offense shall be tolled during the period that the accused lacks mental fitness to proceed.

[~~12.~~**] 13.** If the question of the accused's mental fitness to proceed was raised after a jury was impaneled to try the issues raised by a plea of not guilty and the court determines that the accused lacks the mental fitness to proceed or orders the accused committed for an examination pursuant to this section, the court may declare a mistrial. Declaration of a mistrial under these circumstances, or dismissal of the charges pursuant to subsection **[**~~11~~**] 12** of this section, does not constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the same offense after he or she has been found restored to competency.

[~~13.~~**] 14.** The result of any examinations made pursuant to this section shall not be a public record or open to the public.

[~~14.~~**] 15.** No statement made by the accused in the course of any examination or treatment pursuant to this section and no information received by any examiner or other person in the course thereof, whether such examination or treatment was made with or without the consent of the accused or upon his or her motion or upon that of others, shall be admitted in evidence against the accused on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice the accused in a defense to the crime charged on the ground that at the time thereof he or she was afflicted with a mental disease or defect excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

556.021. 1. An infraction does not constitute a criminal offense and conviction of an infraction shall not give rise to any disability or legal disadvantage based on conviction of a criminal offense.

2. Except as otherwise provided by law, the procedure for infractions shall be the same as for a misdemeanor.

3. If a person fails to appear in court either solely for an infraction or for an infraction which is committed in the same course of conduct as a criminal offense for which the person is charged, or if a person fails to respond to notice of an infraction from the central violations bureau established in section 476.385, the court may issue a default judgment for court costs and fines for the infraction which shall be enforced in the same manner as other default judgments, including enforcement under sections 488.5028 and 488.5030, unless the court determines that good cause or excusable neglect exists for the person's failure to appear for the infraction. The notice of entry of default judgment and the amount of fines and costs imposed shall be sent to the person by first class mail. The default judgment may be set aside for good cause if the person files a motion to set aside the judgment within six months of the date the notice of entry of default judgment is mailed.

4. Notwithstanding subsection 3 of this section or any provisions of law to the contrary, a court may issue a warrant for failure to appear for any violation **[**~~which~~**] that** is classified **or charged** as an infraction**; except that, a court shall not issue a warrant for failure to appear for any violation that is classified or charged as an infraction under chapter 307**.

5. Judgment against the defendant for an infraction shall be in the amount of the fine authorized by law and the court costs for the offense."; and

Further amend said bill, Pages 39-41, Section 558.031, Lines 1-68, by deleting all of said lines and inserting in lieu thereof the following:

"558.031. 1. A sentence of imprisonment shall commence when a person convicted of an offense in this state is received into the custody of the department of corrections or other place of confinement where the offender is sentenced.

2. Such person shall receive credit toward the service of a sentence of imprisonment for all time in prison, jail or custody after **[**~~conviction~~**] the offense occurred** and before the commencement of the sentence, when the time in custody was related to that offense**[**~~, and the circuit court may, when pronouncing sentence, award credit for time spent in prison, jail, or custody after the offense occurred and before conviction toward the service of the sentence of imprisonment, except:~~

~~(1) Such credit shall only be applied once when sentences are consecutive;~~

4. If a person convicted of an offense escapes from custody, such escape shall interrupt the sentence. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

5. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

6. If a person released from imprisonment on parole or serving a conditional release term violates any of the conditions of his or her parole or release, he or she may be treated as a parole violator. If the parole board revokes the parole or conditional release, the paroled person shall serve the remainder of the prison term and conditional release term, as an additional prison term, and the conditionally released person shall serve the remainder of the conditional release term as a prison term, unless released on parole.

Such services may include consultation, risk assessment, education, intervention, and other crisis intervention services provided by the department to peace officers **and firefighters** affected by a critical incident. For purposes of this section, a "critical incident" shall mean any event outside the usual realm of human experience that is markedly distressing or evokes reactions of intense fear, helplessness, or horror and involves the perceived threat to a person's physical integrity or the physical integrity of someone else.

2. All peace officers **and firefighters** shall be required to meet with a program service provider once every three to five years for a mental health check-in. The program service provider shall send a notification to the peace officer's commanding officer **or firefighter's fire protection district director** that he or she completed such check-in.

3. Any information disclosed by a peace officer **or firefighter** shall be privileged and shall not be used as evidence in criminal, administrative, or civil proceedings against the peace officer **or firefighter** unless:

Further amend said bill, Page 79, Section 610.140, Line 369, by inserting after said section and line the following:

"650.058. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime **[**~~solely as a result of DNA profiling analysis~~**]** may be paid restitution. The individual may receive an amount of one hundred **seventy-nine** dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

(1) The individual was convicted of a felony for which a final order of release was entered by the court;

(2) All appeals of the order of release have been exhausted;

(3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the parole board in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court's or the parole board's sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that **[**~~their~~**] the person's** probation or parole was revoked in connection with the crime for which the person has been exonerated; and

(4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, **or after an evidentiary hearing and finding in a habeas corpus proceeding or a proceeding held pursuant to section 547.031 which** demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than **[**~~thirty-six~~**] sixty-five** thousand **[**~~five hundred~~**]** dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831 **and may also be awarded other nonmonetary relief, including counseling, housing assistance, and personal financial literary assistance**.

2. If **a person receives DNA testing and** the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may **[**~~only~~**]** be filed **only** by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon **the court's** granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and **[**~~only~~**]** available **only** to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever**,** and no such inquiry shall be made for information relating to an expungement under this section.

7. Notwithstanding any provision of subsection 6 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. (2) If the maximum amount of tax credits allowed in any calendar year as provided under subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for contributions made to child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

[~~6.~~**] 7.** The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

[~~7.~~**] 8.** The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

House Amendment No. 6

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 92, Page 21, Section 135.778, Line 69, by inserting after all of said section and line the following:

"143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by

the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

(11) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in the current taxable year, but not deducted as a result of the limitation imposed under 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist; and

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. 7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. (2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

3. If the cancellation of a debt waiver occurs as a result of a default under the finance agreement, the repossession of the motor vehicle associated with the finance agreement, or any other termination of the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as a reduction of the amount owed under the finance agreement unless the borrower can show that the finance agreement has been paid in full.

407.2055. 1. Debt waivers offered by state or federal banks or credit unions in compliance with applicable state or federal law shall be exempt from the provisions of sections 407.2020 to 407.2090.

financial statements, which show a net worth of the provider or its parent company of at least one hundred million dollars. If the provider's parent company's Form 10-K, Form 20-F, or financial statements are filed to meet the provider's financial security requirement, the parent company shall agree to guarantee the obligations of the provider relating to vehicle value protection agreements sold by the provider in this state.

4. Except for the requirements specified in subsection 3 of this section, no other financial security requirements shall be required for vehicle value protection agreement providers.

(8) The terms, restrictions, or conditions governing cancellation of the vehicle value protection agreement before the termination or expiration date of the vehicle value protection agreement by either the provider or the contract holder. The provider of the vehicle value protection agreement shall mail a written notice to the contract holder at the last known address of the contract holder contained in the records of the provider at least five days before cancellation by the provider. Prior notice shall not be required if the reason for cancellation is nonpayment of the provider fee, a material misrepresentation by the contract holder to the provider or administrator, or a substantial breach of duties by the contract holder relating to the covered product or its use. The notice shall state the effective date of the cancellation and the reason for the cancellation. If a vehicle value protection agreement is cancelled by the provider for a reason other than nonpayment of the provider fee, the provider shall refund to the contract holder one hundred percent of the unearned pro rata provider fee paid by the contract holder, if any. 7. To ensure the effective supervision and enforcement of sections 436.550 to 436.572, the director may, under chapter 536:

(1) Deny, suspend, revoke, condition, or decline to renew a license for a violation of sections 436.550 to 436.572, rules issued under sections 436.550 to 436.572, or order or directive entered under sections 436.550 to 436.572;

"8.250. 1. "Project" for the purposes of this chapter means the labor or material necessary for the construction, renovation, or repair of improvements to real property so that the work, when complete, shall be ready for service for its intended purpose and shall require no other work to be a completed system or component.

2. All contracts for projects, the cost of which exceeds twenty-five thousand dollars, entered into by any city containing five hundred thousand inhabitants or more shall be let to the lowest, responsive, responsible bidder or bidders after publication of an advertisement for a period of ten days or more in a newspaper in the county where the work is located, in two daily newspapers in the state which do not have less than fifty thousand daily circulation, and on the website of the city or through an electronic procurement system.

3. All contracts for projects, the cost of which exceeds one hundred thousand dollars, entered into by an officer or agency of this state shall be let to the lowest, responsive, responsible bidder or bidders based on preestablished criteria after publication of an advertisement **[**~~for a period of ten days or more in a newspaper in the county where the work is located, in one daily newspaper in the state which does not have less than fifty thousand daily circulation, and on the website of the officer or agency or through an electronic procurement system~~**] in a newspaper in the county where the work is located and advertising the invitation for bid through an electronic medium available to the general public for a period of at least five days before bids are to be opened**. For all contracts for projects between twenty-five thousand dollars and one hundred thousand dollars, a minimum of three contractors shall be solicited with the award being made to the lowest responsive, responsible bidder based on preestablished criteria.

4. The number of such public bids shall not be restricted or curtailed, but shall be open to all persons complying with the terms upon which the bids are requested or solicited unless debarred for cause. No contract shall be awarded when the amount appropriated for same is not sufficient to complete the work ready for service.

5. Dividing a project into component labor or material allocations for the purpose of avoiding bidding or advertising provisions required by this section is specifically prohibited.

8.679. When, in the discretion of the public owner, it is determined that a public works project should be performed with a negotiated contract for construction management services, such public owner shall advertise and solicit proposals from qualified construction managers in the following manner: **[**~~If the total cost for the erection or construction of any building or structure or the improvement, alteration or repair of a building or structure exceeds five hundred thousand dollars, the public owner shall request and solicit proposals by advertising for ten days in one newspaper of general circulation in the county where the work is located . If the cost of the work contemplated exceeds one million five hundred thousand dollars, proposals shall be solicited by advertisement for ten days in two daily newspapers in the state which have not less than fifty thousand daily circulation in addition to the advertisement~~**] by advertising in a newspaper** in the county where the work is located **and by advertising the request for proposals through an electronic medium available to the general public for a period of at least five days before proposals are to be opened**. The number of such proposals shall not be restricted or curtailed, but shall be open to all construction managers complying with the terms upon which the proposals are requested.

8.690. 1. The office of administration shall have the authority to utilize:

(1) The construction manager-at-risk delivery method, as provided for in section 67.5050; and

(2) The design-build delivery method, as provided for in section 67.5060, only as follows:

(a) For noncivil works projects, as that term is used in section 67.5060, in excess of seven million dollars; and

(b) No more than five noncivil works projects, as that term is used in section 67.5060, may be contracted for in any fiscal year that are less than seven million dollars.

2. The office of administration shall not be subject to subsection 15 of section 67.5050 and subsection 22 of section 67.5060 in executing contracts pursuant to this section.

3. The office of administration shall not be subject to subsection 4 of section 67.5060 **or the provisions of subsection 3 of section 67.5050 that require disclosure at a public meeting**. The office of administration shall **[**~~publish its advertisement for proposals in the publications , and on the website of the officer or agency or through~~

~~an electronic procurement system~~**] advertise its intent to solicit qualifications or proposals, as applicable, for a design-builder or construction manager-at-risk** as set forth in subsection 3 of section 8.250. The selection and award shall follow sections 67.5050 and 67.5060, as applicable.

34.042. 1. When the commissioner of administration determines that the use of competitive bidding is either not practicable or not advantageous to the state, supplies may be procured by competitive proposals. The commissioner shall state the reasons for such determination, and a report containing those reasons shall be maintained with the vouchers or files pertaining to such purchases. All purchases in excess of ten thousand dollars to be made under this section shall be based on competitive proposals.

2. On any purchase where the estimated expenditure shall be one hundred thousand dollars or over, the commissioner of administration shall:

(1) Advertise for proposals in at least two daily newspapers of general circulation in such places as are most likely to reach prospective offerors and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before proposals for such purchases are to be opened. Other methods of advertisement, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post notice of the proposed purchase; and

(3) Solicit proposals by mail or other reasonable method generally available to the public from prospective offerors.

All proposals for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening proposals. Proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation.

3. The contract shall be let to the lowest and best offeror as determined by the evaluation criteria established in the request for proposal and any subsequent negotiations conducted pursuant to this subsection. In determining the lowest and best offeror, as provided in the request for proposals and under rules promulgated by the commissioner of administration, negotiations may be conducted with responsible offerors who submit proposals selected by the commissioner of administration on the basis of reasonable criteria for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for negotiation and subsequent revision of proposals; however, a request for proposal may set forth the manner for determining which offerors are eligible for negotiation, including, but not limited to, the use of shortlisting. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting negotiations there shall be no disclosure of any information derived from proposals submitted by competing offerors. The commissioner of administration shall have the right to reject any or all proposals and advertise for new proposals or purchase the required supplies on the open market if they can be so purchased at a better price.

4. The commissioner shall make available, upon request, to any members of the general assembly, information pertaining to competitive proposals, including the names of bidders and the amount of each bidder's offering for each contract.

5. If identified in the solicitation, the commissioner may award a contract to the lowest and best responsive vendors as determined by the evaluation criteria set out in the solicitation while reserving certain contract provisions for negotiation after the notice of award. The reserved contract provisions for post-award negotiation shall not be provisions that were part of the evaluation criteria and scoring or provisions that impacted such criteria or scoring. The timeframe for such post-award negotiations shall be set out in the solicitation itself and if such negotiations fail, the commissioner may cancel the award and award the contract to the next lowest and best vendor. If satisfied with the lowest and best responsive vendor's proposal, the commissioner may waive post-award negotiations.

64.231. 1. The county planning board shall have power to make, adopt and may publish an official master plan for the county for the purpose of bringing about coordinated physical development in accordance with present and future needs. The master plan shall be developed so as to conserve the natural resources of the county, to ensure efficient expenditure of public funds, and to promote the health, safety, convenience, prosperity and general welfare of the inhabitants. The master plan may include, among other things, a land use plan, studies and recommendations relative to the locations, character and extent of highways, railroads, bus, streetcar and other transportation routes, bridges, public buildings, schools, sewers, parks and recreation facilities, parkways, forests, wildlife refuges, dams

and projects affecting conservation of natural resources. The county planning board may adopt the master plan in whole or in part, and subsequently amend or extend the adopted plan or any portion thereof. Before the adoption, amendment or extension of the plan or portion thereof, the board shall hold at least one public hearing thereon, fifteen days' notice of the time and place of which shall be published in at least one newspaper having general circulation within the county, and notice of the hearing shall also be posted **[**~~at least fifteen days in advance thereof in at least two conspicuous places in each township~~**] on the county's website**. The hearing may be adjourned from time to time. The adoption of the plan shall be by resolution carried by not less than a majority vote of the full membership of the county planning board. After the adoption of the master plan an attested copy shall be certified to the county clerk and a copy shall be recorded in the office of the recorder of deeds.

2. The master plan, with the accompanying maps, diagrams, charts, descriptive matter, and reports, shall include the plans specified by this section which are appropriate to the county and which may be made the basis for its physical development. The master plan may comprise any, all, or any combination of the plans specified in this section, for all or any part of the county."; and

abandoned electric generating facility and any facilities ancillary thereto or used in conjunction therewith, costs of decommissioning and restoring the site of the electric generating facility, other applicable capital and operating costs, accrued carrying charges, and deferred expenses, with the foregoing to be reduced by applicable tax benefits of accumulated and excess deferred income taxes, insurance, scrap and salvage proceeds, and may include the cost of retiring any existing indebtedness, fees, costs, and expenses to modify existing debt agreements or for waivers or consents related to existing debt agreements;

(15) "Securitized utility tariff bonds", bonds, debentures, notes, certificates of participation, certificates of beneficial interest, certificates of ownership, or other evidences of indebtedness or ownership that are issued by an electrical corporation or an assignee pursuant to a financing order, the proceeds of which are used directly or indirectly to recover, finance, or refinance commission-approved securitized utility tariff costs and financing costs, and that are secured by or payable from securitized utility tariff property. (16) "Securitized utility tariff charge", the amounts authorized by the commission to repay, finance, or refinance securitized utility tariff costs and financing costs and that are, except as otherwise provided for in this section, nonbypassable charges imposed on and part of all retail customer bills, collected by an electrical corporation or its successors or assignees, or a collection agent, in full, separate and apart from the electrical corporation's base rates, and paid by all existing or future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules, except for customers receiving electrical service under special contracts as of August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electricity supplier following a fundamental change in regulation of public utilities in this state;

(17) "Securitized utility tariff costs", either energy transition costs or qualified extraordinary costs as the case may be;

(18) "Securitized utility tariff property", all of the following:

(a) All rights and interests of an electrical corporation or successor or assignee of the electrical corporation under a financing order, including the right to impose, bill, charge, collect, and receive securitized utility tariff charges authorized under the financing order and to obtain periodic adjustments to such charges as provided in the financing order;

(b) All revenues, collections, claims, rights to payments, payments, money, or proceeds arising from the rights and interests specified in the financing order, regardless of whether such revenues, collections, claims, rights to payment, payments, money, or proceeds are imposed, billed, received, collected, or maintained together with or commingled with other revenues, collections, rights to payment, payments, money, or proceeds;

(19) "Special contract", electrical service provided under the terms of a special incremental load rate schedule at a fixed price rate approved by the commission.

2. (1) An electrical corporation may petition the commission for a financing order to finance energy transition costs through an issuance of securitized utility tariff bonds. The petition shall include all of the following:

(a) A description of the electric generating facility or facilities that the electrical corporation has retired or abandoned, or proposes to retire or abandon, prior to the date that all undepreciated investment relating thereto has been recovered through rates and the reasons for undertaking such early retirement or abandonment, or if the electrical corporation is subject to a separate commission order or proceeding relating to such retirement or abandonment as contemplated by subdivision (2) of this subsection, and a description of the order or other proceeding;

(b) The energy transition costs;

(c) An indicator of whether the electrical corporation proposes to finance all or a portion of the energy transition costs using securitized utility tariff bonds. If the electrical corporation proposes to finance a portion of the costs, the electrical corporation shall identify the specific portion in the petition. By electing not to finance all or any portion of such energy transition costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to recover such costs pursuant to a separate proceeding with the commission;

(d) An estimate of the financing costs related to the securitized utility tariff bonds;

(e) An estimate of the securitized utility tariff charges necessary to recover the securitized utility tariff costs and financing costs and the period for recovery of such costs;

(f) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the traditional method of financing and recovering the undepreciated investment of facilities that may become securitized utility tariff costs from customers. The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable net present value benefits to customers;

(g) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(h) Direct testimony supporting the petition.

(2) An electrical corporation may petition the commission for a financing order to finance qualified extraordinary costs. The petition shall include all of the following:

(a) A description of the qualified extraordinary costs, including their magnitude, the reasons those costs were incurred by the electrical corporation and the retail customer rate impact that would result from customary ratemaking treatment of such costs;

(b) An indicator of whether the electrical corporation proposes to finance all or a portion of the qualified extraordinary costs using securitized utility tariff bonds. If the electrical corporation proposes to finance a portion of the costs, the electrical corporation shall identify the specific portion in the petition. By electing not to finance all or any portion of such qualified extraordinary costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to reflect such costs in its retail rates pursuant to a separate proceeding with the commission;

(c) An estimate of the financing costs related to the securitized utility tariff bonds;

(d) An estimate of the securitized utility tariff charges necessary to recover the qualified extraordinary costs and financing costs and the period for recovery of such costs;

(e) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the customary method of financing and reflecting the qualified extraordinary costs in retail customer rates. The comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of securitized utility tariff charges are expected to provide quantifiable net present value benefits to retail customers;

(f) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and

(g) Direct testimony supporting the petition.

(3) (a) Proceedings on a petition submitted pursuant to this subsection begin with the petition by an electrical corporation and shall be disposed of in accordance with the requirements of this section and the rules of the commission, except as follows:

a. The commission shall establish a procedural schedule that permits a commission decision no later than two hundred fifteen days after the date the petition is filed;

b. No later than two hundred fifteen days after the date the petition is filed, the commission shall issue a financing order approving the petition, an order approving the petition subject to conditions, or an order rejecting the petition; provided, however, that the electrical corporation shall provide notice of intent to file a petition for a financing order to the commission no less than sixty days in advance of such filing;

c. Judicial review of a financing order may be had only in accordance with sections 386.500 and 386.510.

(b) In performing its responsibilities under this section in approving, approving subject to conditions, or rejecting a petition for a financing order, the commission may retain counsel, one or more financial advisors, or other consultants as it deems appropriate. Such outside counsel, advisor or advisors, or consultants shall owe a duty of loyalty solely to the commission and shall have no interest in the proposed securitized utility tariff bonds. The costs associated with any such engagements shall be paid by the petitioning corporation and shall be included as financed costs in the securitized utility tariff charge and shall not be an obligation of the state and shall be assigned solely to the subject transaction. **The commission may directly contract counsel, financial advisors, or other consultants as necessary for effectuating the purposes of this section. Such contracting procedures shall not be subject to the provisions of chapter 34, however the commission shall establish a policy for the bid process. Such policy shall be publicly available and any information related to contracts under the established policy shall be included in publicly available rate case documentation.**

(c) A financing order issued by the commission, after a hearing, to an electrical corporation shall include all of the following elements:

a. The amount of securitized utility tariff costs to be financed using securitized utility tariff bonds and a finding that recovery of such costs is just and reasonable and in the public interest. The commission shall describe and estimate the amount of financing costs that may be recovered through securitized utility tariff charges and specify the period over which securitized utility tariff costs and financing costs may be recovered;

b. A finding that the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and in the public interest and are expected to provide quantifiable net present value benefits to customers as compared to recovery of the components of securitized utility tariff costs that would have been incurred absent the issuance of securitized utility tariff bonds. Notwithstanding any

provisions of this section to the contrary, in considering whether to find the proposed issuance of securitized utility tariff bonds and the imposition and collection of a securitized utility tariff charge are just and reasonable and in the public interest, the commission may consider previous instances where it has issued financing orders to the petitioning electrical corporation and such electrical corporation has previously issued securitized utility tariff bonds;

c. A finding that the proposed structuring and pricing of the securitized utility tariff bonds are reasonably expected to result in the lowest securitized utility tariff charges consistent with market conditions at the time the securitized utility tariff bonds are priced and the terms of the financing order;

d. A requirement that, for so long as the securitized utility tariff bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of securitized utility tariff charges authorized under a financing order shall be nonbypassable and paid by all existing and future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules except for customers receiving electrical service under special contracts on August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electric supplier following a fundamental change in regulation of public utilities in this state;

e. A formula-based true-up mechanism for making, at least annually, expeditious periodic adjustments in the securitized utility tariff charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized utility tariff bonds and financing costs and other required amounts and charges payable under the securitized utility tariff bonds;

f. The securitized utility tariff property that is, or shall be, created in favor of an electrical corporation or its successors or assignees and that shall be used to pay or secure securitized utility tariff bonds and approved financing costs;

g. The degree of flexibility to be afforded to the electrical corporation in establishing the terms and conditions of the securitized utility tariff bonds, including, but not limited to, repayment schedules, expected interest rates, and other financing costs;

h. How securitized utility tariff charges will be allocated among retail customer classes. The initial allocation shall remain in effect until the electrical corporation completes a general rate proceeding, and once the commission's order from that general rate proceeding becomes final, all subsequent applications of an adjustment mechanism regarding securitized utility tariff charges shall incorporate changes in the allocation of costs to customers as detailed in the commission's order from the electrical corporation's most recent general rate proceeding;

i. A requirement that, after the final terms of an issuance of securitized utility tariff bonds have been established and before the issuance of securitized utility tariff bonds, the electrical corporation determines the resulting initial securitized utility tariff charge in accordance with the financing order, and that such initial securitized utility tariff charge be final and effective upon the issuance of such securitized utility tariff bonds with such charge to be reflected on a compliance tariff sheet bearing such charge;

j. A method of tracing funds collected as securitized utility tariff charges, or other proceeds of securitized utility tariff property, determining that such method shall be deemed the method of tracing such funds and determining the identifiable cash proceeds of any securitized utility tariff property subject to a financing order under applicable law;

k. A statement specifying a future ratemaking process to reconcile any differences between the actual securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized utility tariff costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers;

l. A procedure that shall allow the electrical corporation to earn a return, at the cost of capital authorized from time to time by the commission in the electrical corporation's rate proceedings, on any moneys advanced by the electrical corporation to fund reserves, if any, or capital accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to the securitized utility tariff bonds;

m. In a financing order granting authorization to securitize energy transition costs or in a financing order granting authorization to securitize qualified extraordinary costs that include retired or abandoned facility costs, a procedure for the treatment of accumulated deferred income taxes and excess deferred income taxes in connection with the retired or abandoned or to be retired or abandoned electric generating facility, or in connection with retired or abandoned facilities included in qualified extraordinary costs. The accumulated deferred income taxes, including

excess deferred income taxes, shall be excluded from rate base in future general rate cases and the net tax benefits relating to amounts that will be recovered through the issuance of securitized utility tariff bonds shall be credited to retail customers by reducing the amount of such securitized utility tariff bonds that would otherwise be issued. The customer credit shall include the net present value of the tax benefits, calculated using a discount rate equal to the expected interest rate of the securitized utility tariff bonds, for the estimated accumulated and excess deferred income taxes at the time of securitization including timing differences created by the issuance of securitized utility tariff bonds amortized over the period of the bonds multiplied by the expected interest rate on such securitized utility tariff bonds;

n. An outside date, which shall not be earlier than one year after the date the financing order is no longer subject to appeal, when the authority to issue securitized utility tariff bonds granted in such financing order shall expire; and

o. Include any other conditions that the commission considers appropriate and that are not inconsistent with this section.

(d) A financing order issued to an electrical corporation may provide that creation of the electrical corporation's securitized utility tariff property is conditioned upon, and simultaneous with, the sale or other transfer of the securitized utility tariff property to an assignee and the pledge of the securitized utility tariff property to secure securitized utility tariff bonds.

(e) If the commission issues a financing order, the electrical corporation shall file with the commission at least annually a petition or a letter applying the formula-based true-up mechanism and, based on estimates of consumption for each rate class and other mathematical factors, requesting administrative approval to make the applicable adjustments. The review of the filing shall be limited to determining whether there are any mathematical or clerical errors in the application of the formula-based true-up mechanism relating to the appropriate amount of any overcollection or undercollection of securitized utility tariff charges and the amount of an adjustment. The adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized utility tariff bonds approved under the financing order. Within thirty days after receiving an electrical corporation's request pursuant to this paragraph, the commission shall either approve the request or inform the electrical corporation of any mathematical or clerical errors in its calculation. If the commission informs the electrical corporation of mathematical or clerical errors in its calculation, the electrical corporation shall correct its error and refile its request. The time frames previously described in this paragraph shall apply to a refiled request.

(f) At the time of any transfer of securitized utility tariff property to an assignee or the issuance of securitized utility tariff bonds authorized thereby, whichever is earlier, a financing order is irrevocable and, except for changes made pursuant to the formula-based true-up mechanism authorized in this section, the commission may not amend, modify, or terminate the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized utility tariff charges approved in the financing order. After the issuance of a financing order, the electrical corporation retains sole discretion regarding whether to assign, sell, or otherwise transfer securitized utility tariff property or to cause securitized utility tariff bonds to be issued, including the right to defer or postpone such assignment, sale, transfer, or issuance.

(g) The commission, in a financing order and subject to the issuance advice letter process under paragraph (h) of this subdivision, shall specify the degree of flexibility to be afforded the electrical corporation in establishing the terms and conditions for the securitized utility tariff bonds to accommodate changes in market conditions, including repayment schedules, interest rates, financing costs, collateral requirements, required debt service and other reserves and the ability of the electrical corporation, at its option, to effect a series of issuances of securitized utility tariff bonds and correlated assignments, sales, pledges, or other transfers of securitized utility tariff property. Any changes made under this paragraph to terms and conditions for the securitized utility tariff bonds shall be in conformance with the financing order.

(h) As the actual structure and pricing of the securitized utility tariff bonds will be unknown at the time the financing order is issued, prior to the issuance of each series of bonds, an issuance advice letter shall be provided to the commission by the electrical corporation following the determination of the final terms of such series of bonds no later than one day after the pricing of the securitized utility tariff bonds. The commission shall have the authority to designate a representative or representatives from commission staff, who may be advised by a financial advisor or advisors contracted with the commission, to provide input to the electrical corporation and collaborate with the electrical corporation in all facets of the process undertaken by the electrical corporation to place the securitized utility tariff bonds to market so the commission's representative or representatives can provide the commission with

an opinion on the reasonableness of the pricing, terms, and conditions of the securitized utility tariff bonds on an expedited basis. Neither the designated representative or representatives from the commission staff nor one or more financial advisors advising commission staff shall have authority to direct how the electrical corporation places the bonds to market although they shall be permitted to attend all meetings convened by the electrical corporation to address placement of the bonds to market. The form of such issuance advice letter shall be included in the financing order and shall indicate the final structure of the securitized utility tariff bonds and provide the best available estimate of total ongoing financing costs. The issuance advice letter shall report the initial securitized utility tariff charges and other information specific to the securitized utility tariff bonds to be issued, as the commission may require. Unless an earlier date is specified in the financing order, the electrical corporation may proceed with the issuance of the securitized utility tariff bonds unless, prior to noon on the fourth business day after the commission receives the issuance advice letter, the commission issues a disapproval letter directing that the bonds as proposed shall not be issued and the basis for that disapproval. The financing order may provide such additional provisions relating to the issuance advice letter process as the commission considers appropriate and as are not inconsistent with this section.

(4) (a) In performing the responsibilities of this section in connection with the issuance of a financing order, approving the petition, an order approving the petition subject to conditions, or an order rejecting the petition, the commission shall undertake due diligence as it deems appropriate prior to the issuance of the order regarding the petition pursuant to which the commission may request additional information from the electrical corporation and may engage one or more financial advisors, one or more consultants, and counsel as the commission deems necessary. Any financial advisor or advisors, counsel, and consultants engaged by the commission shall have a fiduciary duty with respect to the proposed issuance of securitized utility bonds solely to the commission. All expenses associated with such services shall be included as part of the financing costs of the securitized utility tariff bonds and shall be included in the securitized utility tariff charge.

(b) If an electrical corporation's petition for a financing order is denied or withdrawn, or for any reason securitized utility tariff bonds are not issued, any costs of retaining one or more financial advisors, one or more consultants, and counsel on behalf of the commission shall be paid by the petitioning electrical corporation and shall be eligible for full recovery, including carrying costs, if approved by the commission in the electrical corporation's future rates.

(5) At the request of an electrical corporation, the commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or refunding securitized utility tariff bonds issued pursuant to the original financing order if the commission finds that the subsequent financing order satisfies all of the criteria specified in this section for a financing order. Effective upon retirement of the refunded securitized utility tariff bonds and the issuance of new securitized utility tariff bonds, the commission shall adjust the related securitized utility tariff charges accordingly.

(6) (a) A financing order remains in effect and securitized utility tariff property under the financing order continues to exist until securitized utility tariff bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all commission-approved financing costs of such securitized utility tariff bonds have been recovered in full.

(b) A financing order issued to an electrical corporation remains in effect and unabated notwithstanding the reorganization, bankruptcy, or other insolvency proceedings, merger, or sale of the electrical corporation or its successors or assignees.

3. (1) The commission may not, in exercising its powers and carrying out its duties regarding any matter within its authority, consider the securitized utility tariff bonds issued pursuant to a financing order to be the debt of the electrical corporation other than for federal and state income tax purposes, consider the securitized utility tariff charges paid under the financing order to be the revenue of the electrical corporation for any purpose, consider the securitized utility tariff costs or financing costs specified in the financing order to be the costs of the electrical corporation, nor may the commission determine any action taken by an electrical corporation which is consistent with the financing order to be unjust or unreasonable, and section 386.300 shall not apply to the issuance of securitized utility tariff bonds.

(2) Securitized utility tariff charges shall not be utilized or accounted for in determining the electrical corporation's average overall rate, as defined in section 393.1655 and as used to determine the maximum retail rate impact limitations provided for by subsections 3 and 4 of section 393.1655.

(3) No electrical corporation is required to file a petition for a financing order under this section or otherwise utilize this section. An electrical corporation's decision not to file a petition for a financing order under this section shall not be admissible in any commission proceeding nor shall it be otherwise utilized or relied on by the commission in any proceeding respecting the electrical corporation's rates or its accounting, including, without limitation, any general rate proceeding, fuel adjustment clause docket, or proceedings relating to accounting authority, whether initiated by the electrical corporation or otherwise. The commission may not order or otherwise directly or indirectly require an electrical corporation to use securitized utility tariff bonds to recover securitized utility tariff costs or to finance any project, addition, plant, facility, extension, capital improvement, equipment, or any other expenditure.

(4) The commission may not refuse to allow an electrical corporation to recover securitized utility tariff costs in an otherwise permissible fashion, or refuse or condition authorization or approval of the issuance and sale by an electrical corporation of securities or the assumption by the electrical corporation of liabilities or obligations, because of the potential availability of securitized utility tariff bond financing.

(5) After the issuance of a financing order with or without conditions, the electrical corporation retains sole discretion regarding whether to cause the securitized utility tariff bonds to be issued, including the right to defer or postpone such sale, assignment, transfer, or issuance. Nothing shall prevent the electrical corporation from abandoning the issuance of securitized utility tariff bonds under the financing order by filing with the commission a statement of abandonment and the reasons therefor; provided, that the electrical corporation's abandonment decision shall not be deemed imprudent because of the potential availability of securitized utility tariff bond financing; and provided further, that an electrical corporation's decision to abandon issuance of such bonds may be raised by any party, including the commission, as a reason the commission should not authorize, or should modify, the rate-making treatment proposed by the electrical corporation of the costs associated with the electric generating facility that was the subject of a petition under this section that would have been securitized as energy transition costs had such abandonment decision not been made, but only if the electrical corporation requests nonstandard plant retirement treatment of such costs for rate-making purposes.

(6) The commission may not, directly or indirectly, utilize or consider the debt reflected by the securitized utility tariff bonds in establishing the electrical corporation's capital structure used to determine any regulatory matter, including but not limited to the electrical corporation's revenue requirement used to set its rates.

(7) The commission may not, directly or indirectly, consider the existence of securitized utility tariff bonds or the potential use of securitized utility tariff bond financing proceeds in determining the electrical corporation's authorized rate of return used to determine the electrical corporation's revenue requirement used to set its rates.

4. The electric bills of an electrical corporation that has obtained a financing order and caused securitized utility tariff bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electrical corporation to comply with this subsection does not invalidate, impair, or affect any financing order, securitized utility tariff property, securitized utility tariff charge, or securitized utility tariff bonds. The electrical corporation shall do the following:

(1) Explicitly reflect that a portion of the charges on such bill represents securitized utility tariff charges approved in a financing order issued to the electrical corporation and, if the securitized utility tariff property has been transferred to an assignee, shall include a statement to the effect that the assignee is the owner of the rights to securitized utility tariff charges and that the electrical corporation or other entity, if applicable, is acting as a collection agent or servicer for the assignee. The tariff applicable to customers shall indicate the securitized utility tariff charge and the ownership of the charge;

(2) Include the securitized utility tariff charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.

5. (1) (a) All securitized utility tariff property that is specified in a financing order constitutes an existing, present intangible property right or interest therein, notwithstanding that the imposition and collection of securitized utility tariff charges depends on the electrical corporation, to which the financing order is issued, performing its servicing functions relating to the collection of securitized utility tariff charges and on future electricity consumption. The property exists:

a. Regardless of whether or not the revenues or proceeds arising from the property have been billed, have accrued, or have been collected; and

b. Notwithstanding the fact that the value or amount of the property is dependent on the future provision of service to customers by the electrical corporation or its successors or assignees and the future consumption of electricity by customers.

(b) Securitized utility tariff property specified in a financing order exists until securitized utility tariff bonds issued pursuant to the financing order are paid in full and all financing costs and other costs of such securitized utility tariff bonds have been recovered in full.

(c) All or any portion of securitized utility tariff property specified in a financing order issued to an electrical corporation may be transferred, sold, conveyed, or assigned to a successor or assignee that is wholly owned, directly or indirectly, by the electrical corporation and created for the limited purpose of acquiring, owning, or administering securitized utility tariff property or issuing securitized utility tariff bonds under the financing order. All or any portion of securitized utility tariff property may be pledged to secure securitized utility tariff bonds issued pursuant to the financing order, amounts payable to financing parties and to counterparties under any ancillary agreements, and other financing costs. Any transfer, sale, conveyance, assignment, grant of a security interest in or pledge of securitized utility tariff property by an electrical corporation, or an affiliate of the electrical corporation, to an assignee, to the extent previously authorized in a financing order, does not require the prior consent and approval of the commission.

(d) If an electrical corporation defaults on any required remittance of securitized utility tariff charges arising from securitized utility tariff property specified in a financing order, a court, upon application by an interested party, and without limiting any other remedies available to the applying party, shall order the sequestration and payment of the revenues arising from the securitized utility tariff property to the financing parties or their assignees. Any such financing order remains in full force and effect notwithstanding any reorganization, bankruptcy, or other insolvency proceedings with respect to the electrical corporation or its successors or assignees.

(e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized utility tariff property specified in a financing order issued to an electrical corporation, and in the revenue and collections arising from that property, is not subject to setoff, counterclaim, surcharge, or defense by the electrical corporation or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electrical corporation or any other entity.

(f) Any successor to an electrical corporation, whether pursuant to any reorganization, bankruptcy, or other insolvency proceeding or whether pursuant to any merger or acquisition, sale, or other business combination, or transfer by operation of law, as a result of electrical corporation restructuring or otherwise, shall perform and satisfy all obligations of, and have the same rights under a financing order as, the electrical corporation under the financing order in the same manner and to the same extent as the electrical corporation, including collecting and paying to the person entitled to receive the revenues, collections, payments, or proceeds of the securitized utility tariff property. Nothing in this section is intended to limit or impair any authority of the commission concerning the transfer or succession of interests of public utilities.

(g) Securitized utility tariff bonds shall be nonrecourse to the credit or any assets of the electrical corporation other than the securitized utility tariff property as specified in the financing order and any rights under any ancillary agreement.

(2) (a) The creation, perfection, priority, and enforcement of any security interest in securitized utility tariff property to secure the repayment of the principal and interest and other amounts payable in respect of securitized utility tariff bonds, amounts payable under any ancillary agreement and other financing costs are governed by this section and not by the provisions of the code, except as otherwise provided in this section.

(b) A security interest in securitized utility tariff property is created, valid, and binding at the later of the time:

a. The financing order is issued;

b. A security agreement is executed and delivered by the debtor granting such security interest;

c. The debtor has rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property; or

d. Value is received for the securitized utility tariff property.

The description of securitized utility tariff property in a security agreement is sufficient if the description refers to this section and the financing order creating the securitized utility tariff property. A security interest shall attach as provided in this paragraph without any physical delivery of collateral or other act.

(c) Upon the filing of a financing statement with the office of the secretary of state as provided in this section, a security interest in securitized utility tariff property shall be perfected against all parties having claims of

any kind in tort, contract, or otherwise against the person granting the security interest, and regardless of whether the parties have notice of the security interest. Without limiting the foregoing, upon such filing a security interest in securitized utility tariff property shall be perfected against all claims of lien creditors, and shall have priority over all competing security interests and other claims other than any security interest previously perfected in accordance with this section.

(d) The priority of a security interest in securitized utility tariff property is not affected by the commingling of securitized utility tariff charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized utility tariff charges that are deposited in any cash or deposit account of the qualifying electrical corporation in which securitized utility tariff charges have been commingled with other funds and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party.

(e) No application of the formula-based true-up mechanism as provided in this section will affect the validity, perfection, or priority of a security interest in or transfer of securitized utility tariff property.

(f) If a default occurs under the securitized utility tariff bonds that are secured by a security interest in securitized utility tariff property, the financing parties or their representatives may exercise the rights and remedies available to a secured party under the code, including the rights and remedies available under part 6 of article 9 of the code. The commission may also order amounts arising from securitized utility tariff charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the circuit court for the county or city in which the electrical corporation's headquarters is located shall order the sequestration and payment to them of revenues arising from the securitized utility tariff charges.

(3) (a) Any sale, assignment, or other transfer of securitized utility tariff property shall be an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the securitized utility tariff property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized utility tariff property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of whether the purchaser has possession of any documents evidencing or pertaining to the interest. A sale or similar outright transfer of an interest in securitized utility tariff property may occur only when all of the following have occurred:

a. The financing order creating the securitized utility tariff property has become effective;

b. The documents evidencing the transfer of securitized utility tariff property have been executed by the assignor and delivered to the assignee; and

c. Value is received for the securitized utility tariff property.

After such a transaction, the securitized utility tariff property is not subject to any claims of the transferor or the transferor's creditors, other than creditors holding a prior security interest in the securitized utility tariff property perfected in accordance with this section.

(b) The characterization of the sale, assignment, or other transfer as an absolute transfer and true sale and the corresponding characterization of the property interest of the purchaser shall not be affected or impaired by the occurrence of any of the following factors:

a. Commingling of securitized utility tariff charges with other amounts;

b. The retention by the seller of (i) a partial or residual interest, including an equity interest, in the securitized utility tariff property, whether direct or indirect, or whether subordinate or otherwise, or (ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed on the collection of securitized utility tariff charges;

c. Any recourse that the purchaser may have against the seller;

d. Any indemnification rights, obligations, or repurchase rights made or provided by the seller;

e. The obligation of the seller to collect securitized utility tariff charges on behalf of an assignee;

f. The transferor acting as the servicer of the securitized utility tariff charges or the existence of any contract that authorizes or requires the electrical corporation, to the extent that any interest in securitized utility tariff property is sold or assigned, to contract with the assignee or any financing party that it will continue to operate its system to provide service to its customers, will collect amounts in respect of the securitized utility tariff charges for

the benefit and account of such assignee or financing party, and will account for and remit such amounts to or for the account of such assignee or financing party;

g. The treatment of the sale, conveyance, assignment, or other transfer for tax, financial reporting, or other purposes;

h. The granting or providing to bondholders a preferred right to the securitized utility tariff property or credit enhancement by the electrical corporation or its affiliates with respect to such securitized utility tariff bonds;

i. Any application of the formula-based true-up mechanism as provided in this section.

(c) Any right that an electrical corporation has in the securitized utility tariff property before its pledge, sale, or transfer or any other right created under this section or created in the financing order and assignable under this section or assignable pursuant to a financing order is property in the form of a contract right or a chose in action. Transfer of an interest in securitized utility tariff property to an assignee is enforceable only upon the later of:

a. The issuance of a financing order;

b. The assignor having rights in such securitized utility tariff property or the power to transfer rights in such securitized utility tariff property to an assignee;

c. The execution and delivery by the assignor of transfer documents in connection with the issuance of securitized utility tariff bonds; and

d. The receipt of value for the securitized utility tariff property.

An enforceable transfer of an interest in securitized utility tariff property to an assignee is perfected against all third parties, including subsequent judicial or other lien creditors, when a notice of that transfer has been given by the filing of a financing statement in accordance with subsection 7 of this section. The transfer is perfected against third parties as of the date of filing.

(d) The priority of a transfer perfected under this section is not impaired by any later modification of the financing order or securitized utility tariff property or by the commingling of funds arising from securitized utility tariff property with other funds. Any other security interest that may apply to those funds, other than a security interest perfected under this section, is terminated when they are transferred to a segregated account for the assignee or a financing party. If securitized utility tariff property has been transferred to an assignee or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

(e) The priority of the conflicting interests of assignees in the same interest or rights in any securitized utility tariff property is determined as follows:

a. Conflicting perfected interests or rights of assignees rank according to priority in time of perfection. Priority dates from the time a filing covering the transfer is made in accordance with subsection 7 of this section;

b. A perfected interest or right of an assignee has priority over a conflicting unperfected interest or right of an assignee;

c. A perfected interest or right of an assignee has priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.

6. The description of securitized utility tariff property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, granted or pledged to a pledgee in any security agreement, pledge agreement, or other security document, or indicated in any financing statement is only sufficient if such description or indication refers to the financing order that created the securitized utility tariff property and states that the agreement or financing statement covers all or part of the property described in the financing order. This section applies to all purported transfers of, and all purported grants or liens or security interests in, securitized utility tariff property, regardless of whether the related sale agreement, purchase agreement, other transfer agreement, security agreement, pledge agreement, or other security document was entered into, or any financing statement was filed.

7. The secretary of state shall maintain any financing statement filed to perfect a sale or other transfer of securitized utility tariff property and any security interest in securitized utility tariff property under this section in the same manner that the secretary of state maintains financing statements filed under the code to perfect a security interest in collateral owned by a transmitting utility. Except as otherwise provided in this section, all financing statements filed pursuant to this section shall be governed by the provisions regarding financing statements and the filing thereof under the code, including part 5 of article 9 of the code. A security interest in securitized utility tariff property may be perfected only by the filing of a financing statement in accordance with this section, and no other

method of perfection shall be effective. Notwithstanding any provision of the code to the contrary, a financing statement filed pursuant to this section is effective until a termination statement is filed under the code, and no continuation statement need be filed to maintain its effectiveness. A financing statement filed pursuant to this section may indicate that the debtor is a transmitting utility, and without regard to whether the debtor is an electrical corporation, an assignee or otherwise qualifies as a transmitting utility under the code, but the failure to make such indication shall not impair the duration and effectiveness of the financing statement.

8. The law governing the validity, enforceability, attachment, perfection, priority, and exercise of remedies with respect to the transfer of an interest or right or the pledge or creation of a security interest in any securitized utility tariff property shall be the laws of this state.

9. Neither the state nor its political subdivisions are liable on any securitized utility tariff bonds, and the bonds are not a debt or a general obligation of the state or any of its political subdivisions, agencies, or instrumentalities, nor are they special obligations or indebtedness of the state or any agency or political subdivision. An issue of securitized utility tariff bonds does not, directly, indirectly, or contingently, obligate the state or any agency, political subdivision, or instrumentality of the state to levy any tax or make any appropriation for payment of the securitized utility tariff bonds, other than in their capacity as consumers of electricity. All securitized utility tariff bonds shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the state of Missouri is pledged to the payment of the principal of, or interest on, this bond.".

10. All of the following entities may legally invest any sinking funds, moneys, or other funds in securitized utility tariff bonds:

(1) Subject to applicable statutory restrictions on state or local investment authority, the state, units of local government, political subdivisions, public bodies, and public officers, except for members of the commission, the commission's technical advisory and other staff, or employees of the office of the public counsel;

(2) Banks and bankers, savings and loan associations, credit unions, trust companies, savings banks and institutions, investment companies, insurance companies, insurance associations, and other persons carrying on a banking or insurance business;

(3) Personal representatives, guardians, trustees, and other fiduciaries;

(4) All other persons authorized to invest in bonds or other obligations of a similar nature.

11. (1) The state and its agencies, including the commission, pledge and agree with bondholders, the owners of the securitized utility tariff property, and other financing parties that the state and its agencies will not take any action listed in this subdivision. This subdivision does not preclude limitation or alteration if full compensation is made by law for the full protection of the securitized utility tariff charges collected pursuant to a financing order and of the bondholders and any assignee or financing party entering into a contract with the electrical corporation. The prohibited actions are as follows:

(a) Alter the provisions of this section, which authorize the commission to create an irrevocable contract right or chose in action by the issuance of a financing order, to create securitized utility tariff property, and make the securitized utility tariff charges imposed by a financing order irrevocable, binding, or nonbypassable charges for all existing and future retail customers of the electrical corporation except its existing special contract customers;

(b) Take or permit any action that impairs or would impair the value of securitized utility tariff property or the security for the securitized utility tariff bonds or revises the securitized utility tariff costs for which recovery is authorized;

(c) In any way impair the rights and remedies of the bondholders, assignees, and other financing parties;

(d) Except for changes made pursuant to the formula-based true-up mechanism authorized under this section, reduce, alter, or impair securitized utility tariff charges that are to be imposed, billed, charged, collected, and remitted for the benefit of the bondholders, any assignee, and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, or charges incurred, and any contracts to be performed, in connection with the related securitized utility tariff bonds have been paid and performed in full.

(2) Any person or entity that issues securitized utility tariff bonds may include the language specified in this subsection in the securitized utility tariff bonds and related documentation.

12. An assignee or financing party is not an electrical corporation or person providing electric service by virtue of engaging in the transactions described in this section.

13. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized utility tariff property, this section shall govern.

14. If any provision of this section is held invalid or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the validity of any action allowed under this section which is taken by an electrical corporation, an assignee, a financing party, a collection agent, or a party to an ancillary agreement; and any such action remains in full force and effect with respect to all securitized utility tariff bonds issued or authorized in a financing order issued under this section before the date that such provision is held invalid or is invalidated, superseded, replaced, or repealed, or expires for any reason."; and

Further amend said bill, Page 22, Section 1, Lines 1-7, by deleting all of said section and lines from the bill; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 102nd General Assembly

SEVENTIETH DAY, WEDNESDAY, MAY 10, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Bear ye one another's burden and so fulfill the law of Christ." (Galatians 6:2)

Eternal and Almighty God, who has called us to pray and to work, sustain us with Your power that we may be daily mindful of Your presence and ready to help carry the burdens of others in this historic chamber.

Guide us with Your spirit that we may understand these current times in which we live and so lead us that we may use our talents to bring forth the joy of faithful living citizenship.

Give to us the wisdom to legislate with the principles of justice, righteousness, and humility.

Install in us the readiness to render real service to You, our state, and our citizens, that out of our efforts may come peace to our cities, peace to our farms, and peace to our own hearts.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-ninth day was approved as printed.

3. If the cancellation of a debt waiver occurs as a result of a default under the finance agreement, the repossession of the motor vehicle associated with the finance agreement, or any other termination of the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as a reduction of the amount owed under the finance agreement unless the borrower can show that the finance agreement has been paid in full.

407.2055. 1. Debt waivers offered by state or federal banks or credit unions in compliance with applicable state or federal law shall be exempt from the provisions of sections 407.2020 to 407.2090.

2. Vehicle value protection agreements shall not be sold unless the contract holder has been or will be provided access to a copy of the vehicle value protection agreement within a reasonable time.

3. In order to assure the faithful performance of the provider's obligations to its contract holders, each provider shall comply with subdivision (1) or (2) of this subsection, as follows:

(1) In order to satisfy the requirements of this subsection under this subdivision, the provider shall insure all its vehicle value protection agreements under an insurance policy that pays or reimburses in the event the provider fails to perform its obligations under the vehicle value protection agreement and that is issued by an insurer who is licensed, registered, or otherwise authorized to do business in this state and who:

financial statements, which show a net worth of the provider or its parent company of at least one hundred million dollars. If the provider's parent company's Form 10-K, Form 20-F, or financial statements are filed to meet the provider's financial security requirement, the parent company shall agree to guarantee the obligations of the provider relating to vehicle value protection agreements sold by the provider in this state.

4. Except for the requirements specified in subsection 3 of this section, no other financial security requirements shall be required for vehicle value protection agreement providers.

(8) The terms, restrictions, or conditions governing cancellation of the vehicle value protection agreement before the termination or expiration date of the vehicle value protection agreement by either the provider or the contract holder. The provider of the vehicle value protection agreement shall mail a written notice to the contract holder at the last known address of the contract holder contained in the records of the provider at least five days before cancellation by the provider. Prior notice shall not be required if the reason for cancellation is nonpayment of the provider fee, a material misrepresentation by the contract holder to the provider or administrator, or a substantial breach of duties by the contract holder relating to the covered product or its use. The notice shall state the effective date of the cancellation and the reason for the cancellation. If a vehicle value protection agreement is cancelled by the provider for a reason other than nonpayment of the provider fee, the provider shall refund to the contract holder one hundred percent of the unearned pro rata provider fee paid by the contract holder, if any. (1) Order the creditor, provider, administrator, or any other person not in compliance with the provisions of sections 407.2020 to 407.2090 to cease and desist from product-related operations that are in violation of the provisions of sections 407.2020 to 407.2090; and

(2) Impose a penalty of not more than five hundred dollars for each violation of the provisions of sections 407.2020 to 407.2090 and not more than ten thousand dollars in the aggregate for all violations of a similar nature. A violation shall be considered of a similar nature to another violation if the violation consists of the same or similar course of conduct, action, or practice, irrespective of the number of times the action,

conduct, or practice that is determined to be a violation of the provisions of sections 407.2020 to 407.2090 occurred.

407.2085. Notwithstanding the provisions of section 407.2090, all motor vehicle financial protection products issued before and on and after August 28, 2023, shall not be considered insurance.

407.2090. The provisions of sections 407.2020 to 407.2090 shall apply to all motor vehicle financial protection products that become effective after February 23, 2024."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Henderson, **House Amendment No. 2** was adopted.

Representative Francis offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 398, Page 7, Section 144.070, Line 121, by inserting after all of said section and line the following:

"**303.420. As used in sections 303.420 to 303.440, unless the context requires otherwise, the following terms shall mean:**

(1) "Program", the motor vehicle financial responsibility enforcement and compliance incentive program established under section 303.425;

(2) "Qualified agency", the department of revenue, the Missouri state highway patrol, the prosecuting attorney or sheriff's office of any county or city not within a county, the chiefs of police of any city or municipality, or any other authorized law enforcement agency recognized by the state;

(3) "System" or "verification system", the web-based resource established under section 303.430 for online verification of motor vehicle financial responsibility.

303.422. 1. There is hereby created in the state treasury the "Motor Vehicle Financial Responsibility Verification and Enforcement Fund", which shall consist of money received by the department of revenue under sections 303.420 to 303.440. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the administration of sections 303.420 to 303.440.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

303.425. 1. (1) There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and equipment, maintenance thereof, and associated program management services.

(2) The department of revenue or a third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism.

(3) The department of revenue or third-party vendors shall not use any data collected from or technology associated with any automated motor vehicle financial responsibility enforcement system. For purposes of this subdivision, "motor vehicle financial responsibility enforcement system" means a device consisting of a camera or cameras and vehicle sensor or sensors installed to record motor vehicle financial responsibility violations.

(4) All fees paid to or collected by third-party vendors under sections 303.420 to 303.440 may come from violator diversion fees generated by the pretrial diversion option established under this section.

2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law.

3. The department of revenue may authorize traffic enforcement officers, or third-party vendors to administer the processing and issuance of notices of violation, the collection of fees for a violation of the motor vehicle financial responsibility law, or the referral of cases for prosecution, under the program.

4. Access to the system shall be restricted to qualified agencies and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software.

5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such corresponding data shall constitute evidence of the violations.

6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law.

7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars and four license points, and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension, the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility for participation in the diversion option, the effective date of the

suspension shall be stayed until a final order is issued following the hearing. The department of revenue shall suspend the registration of vehicles determined under the final order to have violated the motor vehicle financial responsibility law, and shall refer the case to the appropriate prosecuting attorney for prosecution. Notices under this subsection shall be mailed to the vehicle owner at the last known address shown on the department of revenue's records. The department of revenue or its third-party vendor shall issue receipts for the collection of diversion participation fees. Except as otherwise provided in subsection 1 of this section, all such fees shall be deposited into the motor vehicle financial responsibility verification and enforcement fund established in section 303.422. A vehicle owner whose registration has been suspended under sections 303.420 to 303.440 may obtain reinstatement of the registration upon providing proof of financial responsibility and payment to the department of revenue of a nonrefundable reinstatement fee equal to the fee that would be applicable under subsection 2 of section 303.042 if the registration had been suspended under section 303.041.

8. Data collected or retained under the program shall not be used by any entity for purposes other than enforcement of the motor vehicle financial responsibility law. Data collected and stored by law enforcement under the program shall be considered evidence if noncompliance with the motor vehicle financial responsibility law is confirmed. The evidence, and an affidavit stating that the evidence and system have identified a particular vehicle as being in violation of the motor vehicle financial responsibility law, shall constitute probable cause for prosecution and shall be forwarded in accordance with subsection 7 of this section to the appropriate prosecuting attorney.

9. Owners of vehicles identified under the program as being in violation of the motor vehicle financial responsibility law shall be provided with options for disputing such claims which do not require appearance at any state or local court of law, or administrative facility. Any person who presents timely proof that he or she was in compliance with the motor vehicle financial responsibility law at the time of the alleged violation shall be entitled to dismissal of the charge with no assessment of fees or fines. Proof provided by a vehicle owner to the department of revenue that the vehicle was in compliance at the time of the suspected violation of the motor vehicle financial responsibility law shall be recorded in the system established by the department of revenue under section 303.430.

10. The collection of data pursuant to this section shall be done in a manner that prohibits any bias towards a specific community, race, gender, or socioeconomic status of vehicle owner.

11. Law enforcement agencies, third-party vendors, or other entities authorized to operate under the program shall not sell data collected or retained under the program for any purpose or share it for any purpose not expressly authorized in this section. All data shall be secured and any third-party vendor or other entity authorized to operate under the program may be liable for any data security breach.

12. The department of revenue shall not take action under sections 303.420 to 303.440 against vehicles registered as fleet vehicles under section 301.032, or against vehicles known to the department of revenue to be insured under a policy of commercial auto coverage, as such term is defined in subdivision (10) of subsection 2 of section 303.430.

13. Following one year after the implementation of the program, and every year thereafter, the department of revenue shall provide a report to the president pro tempore of the senate, the speaker of the house of representatives, the chairs of the house and senate committees with jurisdictions over insurance or transportation matters, and the chairs of the house budget and senate appropriations committees. The report shall include an evaluation of program operations, information as to the costs of the program incurred by the department of revenue, insurers, and the public, information as to the effectiveness of the program in reducing the number of uninsured motor vehicles, and anonymized demographic information including the race and zip code of vehicle owners identified under the program as being in violation of the motor vehicle financial responsibility law, and may include any additional information and recommendations for improvement of the program deemed appropriate by the department of revenue. The department of revenue may, by rule, require the state, counties, and municipalities to provide information in order to complete the report.

14. The department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable

and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.430. 1. The department of revenue shall establish and maintain a web-based system for the verification of motor vehicle financial responsibility, shall provide access to insurance reporting data and vehicle registration and financial responsibility data, and shall require motor vehicle insurers to establish functionality for the verification system, as provided in sections 303.420 to 303.440. The verification system, including any exceptions as provided for in sections 303.420 to 303.440 or in the implementation guide developed to support the program, shall supersede any existing verification system, and shall be the sole system used for the purpose of verifying financial responsibility required under this chapter.

2. The system established pursuant to subsection 1 of this section shall be subject to the following:

(1) The verification system shall transmit requests to insurers for verification of motor vehicle insurance coverage via web services established by the insurers through the internet in compliance with the specifications and standards of the Insurance Industry Committee on Motor Vehicle Administration, or "IICMVA". Insurance company systems shall respond to each request with a prescribed response upon evaluation of the data provided in the request. The system shall include appropriate protections to secure its data against unauthorized access, and the department of revenue shall maintain a historical record of the system data for a period of no more than twelve months from the date of all requests and responses. The system shall be used for verification of the financial responsibility required under this chapter. The system shall be accessible to authorized personnel of the department of revenue, the courts, law enforcement personnel, and other entities authorized by the state as permitted by state or federal privacy laws, and it shall be interfaced, wherever appropriate, with existing state systems. The system shall include information enabling the department of revenue to submit inquiries to insurers regarding motor vehicle insurance which are consistent with insurance industry and IICMVA recommendations, specifications, and standards by using the following data elements for greater matching accuracy: insurer National Association of Insurance Commissioners, or "NAIC", company code; vehicle identification number; policy number; verification date; or as otherwise described in the specifications and standards of the IICMVA. The department of revenue shall promulgate rules to offer insurers who insure one thousand or fewer vehicles within this state an alternative method for verifying motor vehicle insurance coverage in lieu of web services, and to provide for the verification of financial responsibility when financial responsibility is proven to the department to be maintained by means other than a policy of motor vehicle insurance. Insurers shall not be required to verify insurance coverage for vehicles registered in other jurisdictions;

(2) The verification system shall respond to each request within a time period established by the department of revenue. An insurer's system shall respond within the time period prescribed by the IICMVA's specifications and standards. Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to the department of revenue. Insurers shall not be subject to enforcement fees or other sanctions under such circumstances, or when systems are not available because of emergency, outside attack, or other unexpected outages not planned by the insurer and reasonably outside its control;

(3) The system shall assist in identifying violations of the motor vehicle financial responsibility law in the most effective way possible. Responses to individual insurance verification requests shall have no bearing on whether insurance coverage is determined to be in force at the time of a claim. Claims shall be individually investigated to determine the existence of coverage. Nothing in sections 303.420 to 303.440 shall prohibit the department of revenue from contracting with a third-party vendor or vendors who have successfully implemented similar systems in other states to assist in establishing and maintaining this verification system;

(4) The department of revenue shall consult with representatives of the insurance industry and may consult with third-party vendors to determine the objectives, details, and deadlines related to the system by establishment of an advisory council. The advisory council shall consist of voting members comprised of:

(a) The director of the department of commerce and insurance, or his or her designee, who shall serve as chair;

(b) Two representatives of the department of revenue, to be appointed by the director of the department of revenue;

(c) One representative of the department of commerce and insurance, to be appointed by the director of the department of commerce and insurance;

(d) Three representatives of insurance companies, to be appointed by the director of the department of commerce and insurance;

(e) One representative from the Missouri Insurance Coalition;

(f) One representative chosen by the National Association of Mutual Insurance Companies;

(g) One representative chosen by the American Property and Casualty Insurance Association;

(h) One representative chosen by the Missouri Independent Agents Association; and

(i) Such other representatives as may be appointed by the director of the department of commerce and insurance;

(5) The department of revenue shall publish for comment, and then issue, a detailed implementation guide for its online verification system;

(6) The department of revenue and its third-party vendors, if any, shall each maintain a contact person for insurers during the establishment, implementation, and operation of the system;

(7) If the department of revenue has reason to believe a vehicle owner does not maintain financial responsibility as required under this chapter, it may also request an insurer to verify the existence of such financial responsibility in a form approved by the department of revenue. In addition, insurers shall cooperate with the department of revenue in establishing and maintaining the verification system established under this section, and shall provide motor vehicle insurance policy status information as provided in the rules promulgated by the department of revenue;

(8) Every property and casualty insurance company licensed to issue motor vehicle insurance or authorized to do business in this state shall comply with sections 303.420 to 303.440, and corresponding rules promulgated by the department of revenue, for the verification of such insurance for every vehicle insured by that company in this state;

(9) Insurers shall maintain a historical record of insurance data for a minimum period of six months from the date of policy inception or policy change for the purpose of historical verification inquiries;

(10) For the purposes of this section, "commercial auto coverage" shall mean any coverage provided to an insured, regardless of number of vehicles or entities covered, under a commercial coverage form and rated from a commercial manual approved by the department of commerce and insurance. Sections 303.420 to 303.440 shall not apply to vehicles insured under commercial auto coverage; however, insurers of such vehicles may participate on a voluntary basis, and vehicle owners may provide proof at or subsequent to the time of vehicle registration that a vehicle is insured under commercial auto coverage, which the department of revenue shall record in the system;

(12) Notwithstanding any provision of sections 303.420 to 303.440, insurers shall be immune from civil and administrative liability for good faith efforts to comply with the terms of sections 303.420 to 303.440;

(13) Nothing in this section shall prohibit an insurer from using the services of a third-party vendor for facilitating the verification system required under sections 303.420 to 303.440.

3. The department of revenue shall promulgate rules as necessary for the implementation of sections 303.420 to 303.440. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.440. The verification system established under section 303.430 shall be installed and fully operational on January 1, 2025, following an appropriate testing or pilot period of not less than nine months.

Until the successful completion of the testing or pilot period in the judgment of the director of the department of revenue, no enforcement action shall be taken based on the system, including but not limited to action taken under the program established under section 303.425."; and

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state

and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration **[**~~law~~**] act**, sections **[**~~281.220~~**] 281.210** to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST

Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

(6) Tangible personal property which is used exclusively in the manufacturing, processing, modification or assembling of products sold to the United States government or to any agency of the United States government;

(7) Animals or poultry used for breeding or feeding purposes, or captive wildlife;

(8) Newsprint, ink, computers, photosensitive paper and film, toner, printing plates and other machinery, equipment, replacement parts and supplies used in producing newspapers published for dissemination of news to the general public;

(9) The rentals of films, records or any type of sound or picture transcriptions for public commercial display;

(10) Pumping machinery and equipment used to propel products delivered by pipelines engaged as common carriers;

(11) Railroad rolling stock for use in transporting persons or property in interstate commerce and motor vehicles licensed for a gross weight of twenty-four thousand pounds or more or trailers used by common carriers, as defined in section 390.020, in the transportation of persons or property;

(12) Electrical energy used in the actual primary manufacture, processing, compounding, mining or producing of a product, or electrical energy used in the actual secondary processing or fabricating of the product, or a material recovery processing plant as defined in subdivision (4) of this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of the cost of electrical energy so used or if the raw materials used in such processing contain at least twenty-five percent recovered materials as defined in section 260.200. There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(13) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

(14) Machinery, equipment, appliances and devices purchased or leased and used solely for the purpose of preventing, abating or monitoring air pollution, and materials and supplies solely required for the installation, construction or reconstruction of such machinery, equipment, appliances and devices;

(15) Machinery, equipment, appliances and devices purchased or leased and used solely for the purpose of preventing, abating or monitoring water pollution, and materials and supplies solely required for the installation, construction or reconstruction of such machinery, equipment, appliances and devices;

(16) Tangible personal property purchased by a rural water district;

(17) All amounts paid or charged for admission or participation or other fees paid by or other charges to individuals in or for any place of amusement, entertainment or recreation, games or athletic events, including museums, fairs, zoos and planetariums, owned or operated by a municipality or other political subdivision where all the proceeds derived therefrom benefit the municipality or other political subdivision and do not inure to any private person, firm, or corporation, provided, however, that a municipality or other political subdivision may enter into revenue-sharing agreements with private persons, firms, or corporations providing goods or services, including management services, in or for the place of amusement, entertainment or recreation, games or athletic events, and provided further that nothing in this subdivision shall exempt from tax any amounts retained by any private person, firm, or corporation under such revenue-sharing agreement;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process

or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

You shall not have in your custody or control, or purchase, possess, receive, or attempt to purchase or receive, a firearm or ammunition while this order is in effect. You have the right to request one hearing to vacate this order, starting after the date of the issuance of this order, and to request another hearing after every extension of the order, if any. You may seek the advice of an attorney as to any matter connected with this order.".

(8) If the court issues a risk protection order, the court shall inform the respondent that he or she is entitled to request a hearing to vacate the order in the manner provided by subsection 6 of this section. The court shall provide the respondent with a form to request a hearing to vacate.

(9) If the court denies the petitioner's request for a risk protection order, the court shall state the particular reasons for the denial.

4. (1) A petitioner may request that a temporary ex parte risk protection order be issued before a hearing for a risk protection order, without notice to the respondent, by including in the petition detailed allegations based on personal knowledge that the respondent poses a significant danger of causing personal injury to himself or herself or others in the near future by having in his or her custody or control, or by purchasing, possessing, or receiving, a firearm or ammunition.

(2) In considering whether to issue a temporary ex parte risk protection order under this section, the court shall consider all relevant evidence, including any evidence described under subdivision (3) of subsection 3 of this section.

(3) If a court finds reasonable cause to believe that the respondent poses a significant danger of causing personal injury to himself or herself or others in the near future by having in his or her custody or control, or by purchasing, possessing, or receiving, a firearm or ammunition, the court shall issue a temporary ex parte risk protection order.

(4) The court shall hold a temporary ex parte risk protection order hearing in person or by telephone on the day the petition is filed or on the business day immediately following the day the petition is filed.

(5) A temporary ex parte risk protection order shall include all of the following:

(a) A statement of the grounds asserted for the order;

(b) The date the order was issued;

(c) The address of the court in which any responsive pleading may be filed;

(d) The date and time of the scheduled hearing;

(e) A description of the requirements for the surrender of all firearms and ammunition that the respondent owns, as set forth under subsection 7 of this section; and

(f) The following statement: "To the subject of this protection order: This order is valid until the date noted above. You are required to surrender all firearms and ammunition that you own in your custody, control, or possession. You shall not have in your custody or control, or purchase, possess, receive, or attempt to purchase or receive, a firearm or ammunition while this order is in effect. You shall surrender immediately to the _____ (insert name of local law enforcement agency) all firearms and ammunition in your custody, control, or possession and any license to carry a concealed weapon or firearm issued to you under 571.101 to 571.126, RSMo, or 571.205 to 571.230, RSMo. A hearing will be held on the date and at the time noted above to determine if a risk protection order should be issued. Failure to appear at that hearing may result in a court issuing an order against you which is valid for one year. You may seek the advice of an attorney as to any matter connected with this order.".

(6) A temporary ex parte risk protection order ends upon the hearing on the risk protection order.

(7) A temporary ex parte risk protection order shall be served by a law enforcement officer in the same manner as provided for in subsection 5 of this section for service of the notice of hearing and petition and shall be served concurrently with the notice of hearing and petition.

(8) If the court denies the petitioner's request for a temporary ex parte risk protection order, the court shall state the particular reasons for the denial.

5. (1) The clerk of the court shall furnish a copy of the notice of hearing, petition, and temporary ex parte risk protection order or risk protection order, as applicable, to the sheriff of the county in which the respondent resides or can be found, who shall serve it upon the respondent as soon thereafter as practicable on any day of the week and at any time of the day or night. When requested by the sheriff, the clerk of the court may transmit a facsimile copy of a temporary ex parte risk protection order or a risk protection order that has been certified by the clerk of the court, and this facsimile copy may be served in the same manner as a certified copy. Upon receiving a facsimile copy, the sheriff shall verify receipt with the sender before attempting to serve it upon the respondent. The clerk of the court shall be responsible for furnishing to the sheriff information on the respondent's physical description and location. Notwithstanding any other law to the contrary, the chief judge of each circuit, in consultation with the appropriate sheriff, may authorize a law enforcement agency within the jurisdiction to effect service. A law enforcement agency effecting service pursuant to this section shall use service and verification procedures consistent with those of the sheriff. Service under this section takes precedence over the service of other documents unless the other documents are of a similar emergency nature.

(2) All orders issued, changed, continued, extended, or vacated after the original service of documents specified in subdivision (1) of this subsection shall be certified by the clerk of the court and delivered to the parties at the time of the entry of the order. The parties may acknowledge receipt of such order in writing on the face of the original order. If a party fails or refuses to acknowledge the receipt of a certified copy of an order, the clerk shall note on the original order that service was effected. If delivery at the hearing is not possible, the clerk shall mail certified copies of the order to the parties at the last known address of each party. Service by mail is complete upon mailing. If an order is served pursuant to this subsection, the clerk shall prepare a written certification to be placed in the court file specifying the time, date, and method of service and shall notify the sheriff.

6. (1) The respondent may submit one written request for a hearing to vacate a risk protection order issued under this section, starting after the date of the issuance of the order, and may request another hearing after every extension of the order, if any. Regarding the request:

(a) Upon receipt of a request for a hearing to vacate a risk protection order, the court shall set a date for a hearing. Notice of the request shall be served on the petitioner in accordance with subsection 5 of this section. The hearing shall occur no sooner than fourteen days and no later than thirty days after the date of service of the request upon the petitioner;

(b) The respondent shall have the burden of proving by clear and convincing evidence that the respondent does not pose a significant danger of causing personal injury to himself or herself or others by having in his or her custody or control, purchasing, possessing, or receiving a firearm or ammunition. The court may consider any relevant evidence, including evidence of the considerations listed in subdivision (3) of subsection 3 of this section;

(c) If the court finds after the hearing that the respondent has met his or her burden of proof, the court shall vacate the order; and

(d) The law enforcement agency holding any firearm or ammunition or license to carry a concealed weapon or firearm that has been surrendered pursuant to this section shall be notified of the court order to vacate the risk protection order.

(2) The court shall notify the petitioner of any impending end of a risk protection order. Notice shall be received by the petitioner at least thirty days before the date the order ends.

(3) The petitioner may, by motion, request an extension of a risk protection order at any time within the thirty days before the order ends. If the petitioner does so:

(a) Upon receipt of the motion to extend, the court shall order that a hearing be held no later than fourteen days after the date the order is issued and shall schedule such hearing, and:

a. The court may schedule a hearing by telephone in the manner provided under paragraph (c) of subdivision 1 of subsection 3 of this section; and

b. The respondent shall be personally serviced in the same manner provided by subsection 5 of this section;

(b) In determining whether to extend a risk protection order issued under this section, the court may consider all relevant evidence, including evidence of the considerations listed in subdivision (3) of subsection 3 of this section;

(c) If the court finds by clear and convincing evidence that the requirements for issuance of a risk protection order as provided in subsection 3 of this section continue to be met, the court shall extend the order. However, if, after notice, the motion for extension is uncontested and no modification of the order is sought, the order may be extended on the basis of a motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested extension; and

(d) The court may extend a risk protection order for a period that it deems appropriate, up to but not exceeding twelve months, subject to an order to vacate as provided in subdivision (1) of this subsection or to another extension order by the court.

7. (1) Upon issuance of a risk protection order under this section, including a temporary ex parte risk protection order, the court shall order the respondent to surrender to the local law enforcement agency all firearms and ammunition owned by the respondent in the respondent's custody, control, or possession except as provided in subsection 9 of this section, and any license to carry a concealed weapon or firearm issued under sections 571.101 to 571.126 or sections 571.205 to 571.230, held by the respondent.

(2) The law enforcement officer serving a risk protection order under this section, including a temporary ex parte risk protection order, shall request that the respondent immediately surrender all firearms and ammunition owned by the respondent in his or her custody, control, or possession and any license to carry a concealed weapon or firearm issued under sections 571.101 to 571.126 or sections 571.205 to 571.230 held by the respondent. The law enforcement officer shall take possession of all firearms and ammunition and any license to carry a concealed weapon or firearm that the respondent surrenders. Alternatively, if personal service by a law enforcement officer is not possible or is not required because the respondent was present at the risk protection order hearing, the respondent shall surrender any firearms and ammunition owned by the respondent, and any license to carry a concealed weapon or firearm issued under sections 571.101 to 571.126 or sections 571.205 to 571.230 held by the respondent, in a safe manner to the control of the local law enforcement agency immediately after being served with the order by service or immediately after the hearing at which the respondent was present. Notwithstanding sections 542.271, a law enforcement officer may seek a search warrant from a court of competent jurisdiction to conduct a search for firearms or ammunition owned by the respondent if the officer has probable cause to believe that there are firearms or ammunition owned by the respondent in the respondent's custody, control, or possession which have not been surrendered.

(3) At the time of surrender, a law enforcement officer taking possession of any firearm or ammunition owned by the respondent, or a license to carry a concealed weapon or firearm issued under sections 571.101 to 571.126 or sections 571.205 to 571.230 held by the respondent, shall issue a receipt identifying all firearms and the quantity and type of ammunition that have been surrendered and any license surrendered and shall provide a copy of the receipt to the respondent. Within seventy-two hours after service of the order, the law enforcement officer serving the order shall file the original receipt with the court and shall ensure that his or her law enforcement agency retains a copy of the receipt.

(4) Notwithstanding section 542.271, upon the sworn statement or testimony of any person alleging that the respondent has failed to comply with the surrender of firearms or ammunition owned by the respondent, as required by an order issued under this section, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms or ammunition owned by the respondent in the respondent's custody, control, or possession. If the court finds that probable cause exists, the court shall issue a warrant describing the firearms or ammunition owned by the respondent and authorizing a search of the locations where the firearms or ammunition owned by the respondent are reasonably believed to be found and the seizure of any firearms or ammunition owned by the respondent discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms or ammunition surrendered pursuant to this section and he or she is determined by the law enforcement agency to be the lawful owner of the firearm or ammunition, the firearm or ammunition shall be returned to him or her, if:

(a) The lawful owner agrees to store the firearm or ammunition in a manner such that the respondent does not have access to or control of the firearm or ammunition; and

(b) The firearm or ammunition is not otherwise unlawfully possessed by the owner.

(6) Upon the issuance of a risk protection order, the court shall order a new hearing date and require the respondent to appear no later than three business days after the issuance of the order. The court shall require proof that the respondent has surrendered any firearms or ammunition owned by the respondent in the respondent's custody, control, or possession. The court may cancel the hearing upon a satisfactory showing that the respondent is in compliance with the order.

(7) All law enforcement agencies shall develop policies and procedures regarding the acceptance, storage, and return of firearms, ammunition, or licenses required to be surrendered under this section.

8. (1) If a risk protection order is vacated or ends without extension, a law enforcement agency holding a firearm or any ammunition owned by the respondent or a license to carry a concealed weapon or firearm issued under sections 571.101 to 571.126 or sections 571.205 to 571.230, held by the respondent, that has been surrendered or seized pursuant to this section shall return such surrendered firearm, ammunition, or license to carry a concealed weapon or firearm issued under sections 571.101 to 571.126 or sections 571.205 to 571.230, as requested by a respondent only after confirming through a background check that the respondent is currently eligible to own or possess firearms and ammunition under federal and state law and after confirming with the court that the risk protection order has been vacated or has ended without extension.

(2) If a risk protection order is vacated or ends without extension and the sheriff that issued the concealed carry permit has suspended a license to carry a concealed weapon or firearm pursuant to this section, the sheriff shall reinstate such license only after confirming that the respondent is currently eligible to have a license to carry a concealed weapon or firearm pursuant sections 571.101 to 571.126 or sections 571.205 to 571.230.

(3) A law enforcement agency shall provide notice to any family or household members of the respondent before the return of any surrendered firearm and ammunition owned by the respondent.

(4) Any firearm and ammunition surrendered by a respondent pursuant to subsection 7 of this section that remains unclaimed for one year by the lawful owner after an order to vacate the risk protection order shall be disposed of in accordance with the law enforcement agency's policies and procedures for the disposal of firearms in police custody.

9. A respondent may elect to transfer all firearms and ammunition owned by the respondent that have been surrendered to or seized by a local law enforcement agency pursuant to subsection 7 of this section to another person who is willing to receive the respondent's firearms and ammunition. The law enforcement agency shall allow such a transfer only if it is determined that the chosen recipient:

(1) Currently is eligible to own or possess a firearm and ammunition under federal and state law after confirmation through a background check;

(2) Attests to storing the firearms and ammunition in a manner such that the respondent does not have access to or control of the firearms and ammunition until the risk protection order against the respondent is vacated or ends without extension; and

(3) Attests not to transfer the firearms or ammunition back to the respondent until the risk protection order against the respondent is vacated or ends without extension.

10. (1) Within twenty-four hours after issuance, the clerk of the court shall enter any risk protection order or temporary ex parte risk protection order issued under this section into the uniform case reporting system.

(2) Within twenty-four hours after issuance, the clerk of the court shall forward a copy of an order issued under this section to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order into the Missouri Uniform Law Enforcement System (MULES) and the National Crime Information Center (NCIC). The order shall remain in each system for the period stated in the order, and the law enforcement agency may only remove an order from the systems that has ended or been vacated. Entry of the order into the MULES and NCIC constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in this state.

(3) The issuing court shall, within three business days after issuance of a risk protection order or temporary ex parte risk protection order, forward all available identifying information concerning the respondent, along with the date of order issuance, to the sheriff of the county in which the respondent resides. Upon receipt of the information, the sheriff shall determine if the respondent has a license to carry a concealed weapon or firearm. If the respondent does have a license to carry a concealed weapon or firearm, the sheriff shall immediately suspend the license.

(4) If a risk protection order is vacated before its end date, the clerk of the court shall, on the day of the order to vacate, forward a copy of the order to the sheriff of the county in which the respondent resides and any other law enforcement agency specified in the order to vacate. Upon receipt of the order, the law enforcement agency shall promptly remove the order from any computer-based system in which it was entered pursuant to subdivision (2) of this subsection.

11. (1) A person who makes a false statement, which he or she does not believe to be true, under oath in a hearing under this section in regard to any material matter is guilty of a class E felony.

(2) A person who has in his or her custody or control a firearm or any ammunition or who purchases, possesses, or receives a firearm or any ammunition with knowledge that he or she is prohibited from doing so by an order issued under this section is guilty of a class E felony.

12. This section does not affect the ability of a law enforcement officer to remove a firearm or ammunition or license to carry a concealed weapon or concealed firearm from any person or to conduct any search and seizure for firearms or ammunition pursuant to other lawful authority.

13. Except as provided in subsection 8 or 11 of this section, this section does not impose criminal or civil liability on any person or entity for acts or omissions related to obtaining a risk protection order or temporary ex parte risk protection order including, but not limited to, providing notice to the petitioner, a family or household member of the respondent, and any known third party who may be at risk of violence or failure to provide such notice, or reporting, declining to report, investigating, declining to investigate, filing, or declining to file, a petition under this section.

14. (1) The office of the state courts administrator shall develop and prepare instructions and informational brochures, standard petitions and risk protection order forms, and a court staff handbook on the risk protection order process. The standard petition and order forms shall be used after January 1, 2024, for all petitions filed and orders issued pursuant to this section. The office shall determine the significant non-English-speaking or limited English-speaking populations in the state and prepare the instructions and informational brochures and standard petitions and risk protection order forms in such languages. The instructions, brochures, forms, and handbook shall be prepared in consultation with interested persons, including representatives of gun violence prevention groups, judges, and law enforcement personnel. Materials shall be based on best practices and shall be available online to the public, and:

(a) The instructions shall be designed to assist petitioners in completing the petition and shall include a sample of a standard petition and order for protection forms;

(b) The instructions and standard petition shall include a means for the petitioner to identify, with only layman's knowledge, the firearms or ammunition the respondent may own, possess, receive, or have in his or her custody or control. The instructions shall provide pictures of types of firearms and ammunition that the petitioner may choose from to identify the relevant firearms or ammunition, or shall provide an equivalent means to allow petitioners to identify firearms or ammunition without requiring specific or technical knowledge regarding the firearms or ammunition;

(c) The informational brochure shall describe the use of and the process for obtaining, extending, and vacating a risk protection order under this section and shall provide relevant forms;

(d) The risk protection order form shall include, in a conspicuous location, notice of criminal penalties resulting from violation of the order and the following statement: "You have the sole responsibility to avoid or refrain from violating this order's provisions. Only the court can change the order and only upon written request."; and

(e) The court staff handbook shall allow for the addition of a community resource list by the clerk of the court.

(2) Any clerk of a court may create a community resource list of crisis intervention, mental health, substance abuse, interpreter, counseling, and other relevant resources serving the county in which the court is

located. The court may make the community resource list available as part of or in addition to the informational brochures described in subdivision (1) of this subsection.

(3) The office of the state courts administrator shall distribute a master copy of the petition and order forms, instructions, and informational brochures to the clerks of court. Distribution of all documents shall, at a minimum, be in an electronic format or formats accessible to all courts and clerks of court in the state.

(4) Within ninety days after receipt of the master copy from the office of the state courts administrator, the clerk of the court shall make available the standardized forms, instructions, and informational brochures required by this subsection.

(5) The office of the state courts administrator shall update the instructions, brochures, standard petition and risk protection order forms, and court staff handbook as necessary, including when changes in the law make an update necessary."; and"; and

House Amendment No. 2

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 189, 36 & 37, Pages 1-2, Section 43.504, Lines 1-25, by deleting said section and lines from the bill; and

Further amend said bill, Pages 2-3, Section 43.507, Lines 1-31, by deleting said lines and inserting in lieu thereof the following:

"67.145. 1. No political subdivision of this state shall prohibit any first responder from engaging in any political activity while off duty and not in uniform, being a candidate for elected or appointed public office, or holding such office unless such political activity or candidacy is otherwise prohibited by state or federal law.

2. As used in this section, "first responder" means any person trained and authorized by law or rule to render emergency medical assistance or treatment. Such persons may include, but shall not be limited to, emergency first responders, **telecommunicator first responders,** police officers, sheriffs, deputy sheriffs, firefighters, ambulance attendants and attendant drivers, emergency medical technicians, mobile emergency medical technicians, emergency medical technician-paramedics, registered nurses, or physicians.

70.631. 1. Each political subdivision may, by majority vote of its governing body, elect to cover **[**~~emergency telecommunicators~~**] telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system. The clerk or secretary of the political subdivision shall certify an election concerning the coverage of **[**~~emergency telecommunicators~~**] telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system to the board within ten days after such vote. The date in which the political subdivision's election becomes effective shall be the first day of the calendar month specified by such governing body, the first day of the calendar month next following receipt by the board of the certification of the election, or the effective date of the political subdivision's becoming an employer, whichever is the latest date. Such election shall not be changed after the effective date. If the election is made, the coverage provisions shall be applicable to all past and future employment with the employer by present and future employees. If a political subdivision makes no election under this section, no **[**~~emergency~~**]** telecommunicator **first responder**, jailor, or emergency medical service personnel of the political subdivision shall be considered public safety personnel for purposes determining a minimum service retirement age as defined in section 70.600.

2. If an employer elects to cover **[**~~emergency telecommunicators~~**] telecommunicator first responders**, jailors, and emergency medical service personnel as public safety personnel members of the system, the employer's contributions shall be correspondingly changed effective the same date as the effective date of the political subdivision's election.

3. The limitation on increases in an employer's contributions provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer making an election under the provisions of this section.

84.344. 1. Notwithstanding any provisions of this chapter to the contrary, any city not within a county may establish a municipal police force on or after July 1, 2013, according to the procedures and requirements of this section. The purpose of these procedures and requirements is to provide for an orderly and appropriate transition in the governance of the police force and provide for an equitable employment transition for commissioned and civilian personnel.

2. Upon the establishment of a municipal police force by a city under sections 84.343 to 84.346, the board of police commissioners shall convey, assign, and otherwise transfer to the city title and ownership of all indebtedness and assets, including, but not limited to, all funds and real and personal property held in the name of or controlled by the board of police commissioners created under sections 84.010 to 84.340. The board of police commissioners shall execute all documents reasonably required to accomplish such transfer of ownership and obligations.

3. If the city establishes a municipal police force and completes the transfer described in subsection 2 of this section, the city shall provide the necessary funds for the maintenance of the municipal police force.

4. Before a city not within a county may establish a municipal police force under this section, the city shall adopt an ordinance accepting responsibility, ownership, and liability as successor-in-interest for contractual obligations, indebtedness, and other lawful obligations of the board of police commissioners subject to the provisions of subsection 2 of section 84.345.

5. A city not within a county that establishes a municipal police force shall initially employ, without a reduction in rank, salary, or benefits, all commissioned and civilian personnel of the board of police commissioners created under sections 84.010 to 84.340 that were employed by the board immediately prior to the date the municipal police force was established. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

a. Seeing for oneself a deceased minor;

b. Witnessing directly the death of a minor;

c. Witnessing directly the injury to a minor who subsequently died prior to or upon arrival at a hospital emergency department, participating in the physical treatment of, or manually transporting, an injured minor who subsequently died prior to or upon arrival at a hospital emergency department;

d. Seeing for oneself a person who has suffered serious physical injury of a nature that shocks the conscience;

e. Witnessing directly a death, including suicide, due to serious physical injury; or homicide, including murder, mass killings, manslaughter, self-defense, misadventure, and negligence;

f. Witnessing directly an injury that results in death, if the person suffered serious physical injury that shocks the conscience;

g. Participating in the physical treatment of an injury, including attempted suicide, or manually transporting an injured person who suffered serious physical injury, if the injured person subsequently died prior to or upon arrival at a hospital emergency department; or

h. Involvement in an event that caused or may have caused serious injury or harm to the first responder or had the potential to cause the death of the first responder, whether accidental or by an intentional act of another individual.

(2) The time for notice of injury or death in cases of compensable PTSD under this section is measured from exposure to one of the qualifying stressors listed in the DSM-5 criteria, or the diagnosis of the disorder, whichever is later. A plea of not guilty by reason of mental disease or defect shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. [~~6.~~**] 7.** The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his or her counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

[~~7.~~**] 8.** If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court **[**~~may~~**] shall** make a determination and finding on the basis of the report filed or **[**~~may~~**]** hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

[~~8.~~**] 9.** At a hearing on the issue pursuant to subsection **[**~~7~~**] 8** of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

[~~9.~~**] 10.** If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him or her to the director of the department of mental health. **The director of the department, or his or her designee, shall notify the court and parties of the conditions and the secure location of treatment unless an unsecured location has otherwise been authorized by the court.** After the person has been committed, legal counsel for the department of mental health shall have standing to file motions and participate in hearings on the issue of involuntary medications.

[~~10.~~**] 11.** Any person committed pursuant to subsection **[**~~9~~**] 10** of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him or her. The issue of the mental fitness to proceed after commitment under subsection **[**~~9~~**] 10** of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. When a motion to proceed is filed, legal counsel for the department of mental health shall have standing to participate in hearings on such motions. If the motion is not contested by the accused or his or her counsel or if after a hearing on a motion the court finds the accused mentally fit to proceed, or if he or she is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

[~~11.~~**] 12.** The following provisions shall apply after a commitment as provided in this section:

(1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or reports of the examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his or her counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section **[**~~with the additional requirement that it~~**] and shall** include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subdivision shall be completed and filed with the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be furnished to the opposing party;

(3) If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of this subsection, the court may make a determination and finding on the basis of the report filed, or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein relative to fitness to proceed shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;

(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall continue such commitment for a period not longer than six months, after which the court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the court shall dismiss the charges without prejudice and the accused shall be discharged, but only if proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections and no others will be applicable. The probate division of the circuit court shall have concurrent jurisdiction over the accused upon the filing of a proper pleading to determine if the

accused shall be involuntarily detained under chapter 632, or to determine if the accused shall be declared incapacitated under chapter 475, and approved for admission by the guardian under section 632.120 or 633.120, to a mental health or developmental disability facility. When such proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds that the accused is mentally ill and should be committed or that he or she is incapacitated and should have a guardian appointed. The period of limitation on prosecuting any criminal offense shall be tolled during the period that the accused lacks mental fitness to proceed.

[~~12.~~**] 13.** If the question of the accused's mental fitness to proceed was raised after a jury was impaneled to try the issues raised by a plea of not guilty and the court determines that the accused lacks the mental fitness to proceed or orders the accused committed for an examination pursuant to this section, the court may declare a mistrial. Declaration of a mistrial under these circumstances, or dismissal of the charges pursuant to subsection **[**~~11~~**] 12** of this section, does not constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the same offense after he or she has been found restored to competency.

[~~13.~~**] 14.** The result of any examinations made pursuant to this section shall not be a public record or open to the public.

[~~14.~~**] 15.** No statement made by the accused in the course of any examination or treatment pursuant to this section and no information received by any examiner or other person in the course thereof, whether such examination or treatment was made with or without the consent of the accused or upon his or her motion or upon that of others, shall be admitted in evidence against the accused on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice the accused in a defense to the crime charged on the ground that at the time thereof he or she was afflicted with a mental disease or defect excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

556.021. 1. An infraction does not constitute a criminal offense and conviction of an infraction shall not give rise to any disability or legal disadvantage based on conviction of a criminal offense.

2. Except as otherwise provided by law, the procedure for infractions shall be the same as for a misdemeanor.

3. If a person fails to appear in court either solely for an infraction or for an infraction which is committed in the same course of conduct as a criminal offense for which the person is charged, or if a person fails to respond to notice of an infraction from the central violations bureau established in section 476.385, the court may issue a default judgment for court costs and fines for the infraction which shall be enforced in the same manner as other default judgments, including enforcement under sections 488.5028 and 488.5030, unless the court determines that good cause or excusable neglect exists for the person's failure to appear for the infraction. The notice of entry of default judgment and the amount of fines and costs imposed shall be sent to the person by first class mail. The default judgment may be set aside for good cause if the person files a motion to set aside the judgment within six months of the date the notice of entry of default judgment is mailed.

4. Notwithstanding subsection 3 of this section or any provisions of law to the contrary, a court may issue a warrant for failure to appear for any violation **[**~~which~~**] that** is classified **or charged** as an infraction**; except that, a court shall not issue a warrant for failure to appear for any violation that is classified or charged as an infraction under chapter 307**.

5. Judgment against the defendant for an infraction shall be in the amount of the fine authorized by law and the court costs for the offense."; and

"558.031. 1. A sentence of imprisonment shall commence when a person convicted of an offense in this state is received into the custody of the department of corrections or other place of confinement where the offender is sentenced.

2. This credit shall be based upon the certification of the sheriff as provided in subdivision (3) of subsection 2 of section 217.305 and may be supplemented by a certificate of a sheriff or other custodial officer from another jurisdiction having held the person on the charge of the offense for which the sentence of imprisonment is ordered**.

4. If a person convicted of an offense escapes from custody, such escape shall interrupt the sentence. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

5. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

6. Such services may include consultation, risk assessment, education, intervention, and other crisis intervention services provided by the department to peace officers **and firefighters** affected by a critical incident. For purposes of this section, a "critical incident" shall mean any event outside the usual realm of human experience that is markedly distressing or evokes reactions of intense fear, helplessness, or horror and involves the perceived threat to a person's physical integrity or the physical integrity of someone else.

2. All peace officers **and firefighters** shall be required to meet with a program service provider once every three to five years for a mental health check-in. The program service provider shall send a notification to the peace officer's commanding officer **or firefighter's fire protection district director** that he or she completed such check-in.

3. Any information disclosed by a peace officer **or firefighter** shall be privileged and shall not be used as evidence in criminal, administrative, or civil proceedings against the peace officer **or firefighter** unless:

Such services may include consultation, risk assessment, education, intervention, and other crisis intervention services provided by the department to peace officers **or firefighters** affected by a critical incident. 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The director and defenders shall provide legal services to an eligible person:

(1) Who is detained or charged with a felony, including appeals from a conviction in such a case;

(2) Who is detained or charged with a misdemeanor which will probably result in confinement in the county jail upon conviction, including appeals from a conviction in such a case, unless the prosecuting or circuit attorney has waived a jail sentence;

Further amend said bill, Page 79, Section 610.140, Line 369, by inserting after said section and line the following:

"650.058. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime **[**~~solely as a result of DNA profiling analysis~~**]** may be paid restitution. The individual may receive an amount of one hundred **seventy-nine** dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

(1) The individual was convicted of a felony for which a final order of release was entered by the court;

(2) All appeals of the order of release have been exhausted;

(3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the parole board in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court's or the parole board's sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that **[**~~their~~**] the person's** probation or parole was revoked in connection with the crime for which the person has been exonerated; and

(4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, **or after an evidentiary hearing and finding in a habeas corpus proceeding or a proceeding held pursuant to section 547.031 which** demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than **[**~~thirty-six~~**] sixty-five** thousand **[**~~five hundred~~**]** dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831 **and may also be awarded other nonmonetary relief, including counseling, housing assistance, and personal financial literary assistance**.

2. If **a person receives DNA testing and** the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may **[**~~only~~**]** be filed **only** by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon **the court's** granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and **[**~~only~~**]** available **only** to the parties or by order

of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever**,** and no such inquiry shall be made for information relating to an expungement under this section.

650.320. For the purposes of sections 650.320 to 650.340, the following terms mean:

(1) "Board", the Missouri 911 service board established in section 650.325;

(2) "Public safety answering point", the location at which 911 calls are answered;

On motion of Representative Hudson, **House Amendment No. 1** was adopted.

Representative Hudson offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Substitute for Senate Bill No. 540, Pages 1-2, Section 42.312, Lines 1-30, by deleting all of said section and lines and inserting in lieu thereof the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023,** the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-

numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is

changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **(1) To determine the true value in money for motor vehicles,** the assessor of each county and each city not within a county shall use the **[**~~trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.~~**]** **trade-in value published in the current or any of the three immediately previous years' October issue of a nationally recognized automotive trade publication selected by the state tax commission. The assessor shall not use a value that is greater than the average trade-in value for such motor vehicle in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than the average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which, in the assessor's judgment, will fairly estimate the true value in money of the motor vehicle.**

(2) For all tax years beginning on or after January 1, 2025, the assessor shall apply the following depreciation schedule to the trade-in value of the motor vehicle as determined pursuant to subdivision (1) of this subsection:

Years since manufacture	**Percent Depreciation**
Current	**15**
1	**25**
2	**32.5**
3	**39.3**
4	**45.3**

13	**83.2**
14	**87.2**
15	**90**
Greater than 15	**99.9% or a minimum value of $300, whichever is higher**

Notwithstanding the provisions of this subdivision to the contrary, in no case shall the assessed value of a motor vehicle, as depreciated pursuant to this subdivision, be less than three hundred dollars.

(3) To implement the provisions of this subsection without large variations from the method in effect prior to January 1, 2024, the assessor shall assume that the last valuation tables used prior to October 1, 2024, are fair valuations and these valuations shall be depreciated from the table provided in subdivision (2) of this subsection until the end of their useful life. The state tax commission shall secure an annual appropriation from the general assembly for the publication used pursuant to subdivision (1) of this subsection. The state tax commission or the state of Missouri shall be the registered user of the publication with rights to allow all assessors access to the publication. The publication shall be available to all assessors by December fifteenth of each year.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. "144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which

are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

JOURNAL OF THE HOUSE

First Regular Session, 102nd General Assembly

SEVENTY-FIRST DAY, THURSDAY, MAY 11, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"In every nation he who fears God and does what is right is acceptable to Him." (Acts 10:35)

O God, who has called us to let our light so shine before others that they may see our good works and glorify You, give us grace to be faithful leaders of our people, thoughtful in our thinking, wise in our wisdom, genuine in our goodness, and with hearts ever open to You. Weave our lives and the life of our State into the struggle for freedom and justice and peace.

Awaken in our citizens an abounding zeal and tie it to an adventurous willingness to work with You for the good of all in our Show Me State as we race to the end of session.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventieth day was approved as corrected.

JOURNAL OF THE HOUSE

First Regular Session, 102nd General Assembly

SEVENTY-SECOND DAY, FRIDAY, MAY 12, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"All things come from Thee, O Lord, and of Thine own have we given Thee." (I Chronicles 29:14)

O God whose wisdom is so wise that we often doubt it, whose love is so loving we often deny it, and whose truth is so true we often fear it, grant to us such a full measure of Your spirit today that we may never doubt Your wisdom, never deny Your love, and never fear Your truth.

You have called us to legislate together in cooperation on this final full day. Let Your presence so move in us that our citizens may find support for many practical procedures in their endeavors to establish justice, to maintain order, to develop understanding, and to build bridges between the state and people, House and Senate, and legislature and courts.

Teach us to unite what we ought to do with what we will do, that walking in the way of Your word and obeying Your commandments, we may have life more abundant, liberty more abounding, and love more abiding – all to the glory of Missouri!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Henley Gregory and Violet Noble.

The Journal of the seventy-first day was approved as printed.

A committee may also have a deputy treasurer who, except as provided in subsection 10 of this section, shall be a resident of this state and reside in the district or county in which the committee sits, to serve in the capacity of committee treasurer in the event the committee treasurer is unable for any reason to perform the treasurer's duties.

2. Every candidate for offices listed in subsection 1 of section 130.016 who has not filed a statement of exemption pursuant to that subsection and every candidate for offices listed in subsection 6 of section 130.016 who is not excluded from filing a statement of organization and disclosure reports pursuant to subsection 6 of section 130.016 shall form a candidate committee and appoint a treasurer. Continuing committees, political party committees, and other committees such as out-of-state committees not formed for the benefit of any single candidate or ballot issue shall not be subject to the provisions of this subdivision. 7. A committee which has filed a statement of organization and has not terminated shall not be required to file another statement of organization, except that when there is a change in any of the information previously reported as required by subdivisions (1) to (8) of subsection 5 of this section an amended statement of organization shall be filed within twenty days after the change occurs, but no later than the date of the filing of the next report required to be filed by that committee by section 130.046.

4. The notice of charges shall contain a statement of the facts constituting the deficiencies, **[**~~the~~**]** alleged violation or violations, improper use of funds, or **[**~~the~~**]** unsafe or unsound practice or practices**[**~~,~~**]** and shall fix a time and place at which a **contested** hearing will be held to determine whether an order to cease and desist therefrom should **[**~~issue~~**] be issued** against the corporation or the director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation.

A determination by the commissioner that an application is complete and is accepted for processing means only that the application, on its face, appears to include all of the items and address all of the matters that are required, and is not an assessment of the substance of the application or of the sufficiency of the information provided.

7. If an application is filed and considered complete under subsection 5 of this section, the commissioner shall investigate the financial condition and responsibility, financial and business experience, character, and general fitness of the person, or group of persons acting in concert, seeking to acquire control. The commissioner shall approve an acquisition of control under this section if the commissioner finds that all of the following conditions have been fulfilled:

(1) The requirements of subsections 2 and 4 of this section have been met, as applicable; and

(2) The financial condition and responsibility, financial and business experience, competence, character, and general fitness of the person, or group of persons acting in concert, seeking to acquire control and the competence, experience, character, and general fitness of the key individuals and persons that would be in control of the licensee after the acquisition of control indicate that it is in the interest of the public to permit the person, or group of persons acting in concert, to control the licensee.

8. If an applicant avails itself or is otherwise subject to a multistate licensing process:

(1) The commissioner is authorized to accept the investigation results of a lead investigative state for the purpose of subsection 7 of this section if the lead investigative state has sufficient staffing, expertise, and minimum standards; or

(2) If this state is a lead investigative state, the commissioner is authorized to investigate the applicant under subsection 7 of this section and the time frames established by agreement through the multistate licensing process.

9. The commissioner shall issue a formal written notice of the denial of an application to acquire control within thirty days of the decision to deny the application. The commissioner shall set forth in the notice of denial the specific reasons for the denial of the application. An applicant whose application is denied by the commissioner under this subsection may appeal within thirty days after receipt of the written notice of the denial under chapter 536.

10. The requirements of subsections 1 and 2 of this section shall not apply to any of the following:

(2) If the notice is not disapproved within thirty days after the date on which the notice was determined to be complete, the notice is deemed approved.

13. Before filing an application for approval to acquire control of a licensee, a person may request in writing a determination from the commissioner as to whether the person would be considered a person in control of a licensee upon consummation of a proposed transaction. If the commissioner determines that the person would not be a person in control of a licensee, the proposed person and transaction is not subject to the requirements of subsections 1 and 2 of this subsection.

14. If a multistate licensing process includes a determination under subsection 13 of this section and an applicant avails itself or is otherwise subject to the multistate licensing process:

(1) The commissioner is authorized to accept the control determination of a lead investigative state with sufficient staffing, expertise, and minimum standards for the purpose of subsection 13 of this section; or

(2) If this state is a lead investigative state, the commissioner is authorized to investigate the applicant under subsection 13 of this section and the time frames established by agreement through the multistate licensing process.

5. If a multistate licensing process includes a key individual notice review and disapproval process under this section and the licensee avails itself or is otherwise subject to the multistate licensing process:

361.975. 1. As used in this section, "remit" means to make direct payments of money to a licensee or its representative authorized to receive money or to deposit money in a bank in an account specified by the licensee.

2. Before a licensee is authorized to conduct business through an authorized delegate, or allows a person to act as the licensee's authorized delegate, the licensee shall:

(1) Adopt, and update as necessary, written policies and procedures reasonably designed to ensure that the licensee's authorized delegates comply with applicable state and federal law;

Upon suspension, revocation, surrender, or expiration of a license, applicable authorized delegates shall immediately cease to provide money transmission as an authorized delegate of the licensee.

6. An authorized delegate of a licensee holds in trust for the benefit of the licensee all money net of fees received from money transmission. If any authorized delegate commingles any funds received from money transmission with any other funds or property owned or controlled by the authorized delegate, all commingled funds and other property shall be considered held in trust in favor of the licensee in an amount equal to the amount of money net of fees received from money transmission.

A person that engages in such activity provides money transmission to the same extent as if the person were a licensee and shall be jointly and severally liable with the unlicensed or nonexempt person.

361.981. 1. The circuit court in an action brought by a licensee shall have jurisdiction to grant appropriate equitable or legal relief, including without limitation prohibiting the authorized delegate from directly or indirectly acting as an authorized delegate for any licensee in this state and the payment of restitution, damages, or other monetary relief, if the circuit court finds that an authorized delegate failed to remit money in accordance with the written contract required by subsection 2 of section 361.1275 or as otherwise directed by the licensee or required by law.

2. If a licensee fails to forward money received for transmission in accordance with this section, the licensee shall respond to inquiries by the sender with the reason for the failure unless providing a response would violate a state or federal law, rule, or regulation.

361.987. 1. This section shall not apply to:

(4) The refund is requested for a transaction that the licensee has not completed based on a reasonable belief or a reasonable basis to believe that a crime or violation of law, rule, or regulation has occurred, is occurring, or may occur; or

(5) The refund request does not enable the licensee to:

(a) Identify the sender's name and address or telephone number; or

(b) Identify the particular transaction to be refunded in the event the sender has multiple transactions outstanding.

361.990. 1. This section shall not apply to:

(1) Issue reports to clients detailing client payroll obligations in advance of the payroll funds being deducted from an account; and

(2) Make available worker paystubs or an equivalent statement to workers.

2. Subsection 1 of this section shall not apply to a licensee providing payroll processing services if the licensee's client designates the intended recipients to the licensee and is responsible for providing the disclosures required by subdivision (2) of subsection 1 of this section.

(2) In the event that the licensee's tangible net worth exceeds ten percent of the total assets, a surety bond of one hundred thousand dollars.

3. A licensee that maintains a bond in the maximum amount provided for in subsection 2 of this section shall not be required to calculate its average daily money transmission liability in this state for purposes of this section.

361.1005. 1. A licensee shall maintain at all times permissible investments that have a market value computed in accordance with United States generally accepted accounting principles of not less than the aggregate amount of all of its outstanding money transmission obligations.

2. Except for permissible investments enumerated in subsection 1 of section 361.1008, the commissioner, with respect to any licensee, may by rule limit the extent to which a specific investment maintained by a licensee within a class of permissible investments may be considered a permissible investment if the specific investment represents undue risk to customers not reflected in the market value of investments.

3. Permissible investments, even if commingled with other assets of the licensee, are held in trust for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations in the event of insolvency, the filing of a petition by or against the licensee under the United States Bankruptcy Code, 11 U.S.C. Section 101-110, as amended or recodified from time to time, for bankruptcy or reorganization, the filing of a petition by or against the licensee for receivership, the commencement of any

other judicial or administrative proceeding for its dissolution or reorganization, or in the event of an action by a creditor against the licensee who is not a beneficiary of the statutory trust. No permissible investments impressed with a trust under this subsection shall be subject to attachment, levy of execution, or sequestration by order of any court, except for a beneficiary of the statutory trust.

4. Upon the establishment of a statutory trust in accordance with subsection 3 of this section or when any funds are drawn on a letter of credit under subdivision (4) of subsection 1 of section 361.1008, the commissioner shall notify the applicable regulator of each state in which the licensee is licensed to engage in money transmission, if any, of the establishment of the trust or the funds drawn on the letter of credit, as applicable. Notice shall be deemed satisfied if performed under a multistate agreement or through NMLS. Funds drawn on a letter of credit, and any other permissible investments held in trust for the benefit of the purchasers and holders of the licensee's outstanding money transmission obligations, are deemed held in trust for the benefit of such purchasers and holders on a pro rata and equitable basis in accordance with statutes under which permissible investments are required to be held in this state, and other states, as applicable. Any statutory trust established under this subsection shall be terminated upon extinguishment of all of the licensee's outstanding money transmission obligations.

5. The commissioner by rule or by order may allow other types of investments that the commissioner determines are of sufficient liquidity and quality to be a permissible investment. The commissioner is authorized to participate in efforts with other state regulators to determine that other types of investments are of sufficient liquidity and quality to be a permissible investment.

361.1008. 1. The following investments are permissible under section 361.1005:

The letter of credit shall:

(a) Be issued by a federally insured depository financial institution, a foreign bank that is authorized under federal law to maintain a federal agency or federal branch office in a state or states, or a foreign bank that is authorized under state law to maintain a branch in a state that:

If the licensee is not able to do so, the commissioner may draw on the letter of credit in an amount up to the amount necessary to meet the licensee's requirements to maintain permissible investments in accordance with subsection 1 of section 361.1005. Any such draw shall be offset against the licensee's outstanding money transmission obligations. 4. The commissioner may designate an agent to serve on the commissioner's behalf as beneficiary to a letter of credit so long as the agent and letter of credit meet requirements established by the commissioner. The commissioner's agent may serve as agent for multiple licensing authorities for a single irrevocable letter of credit if the proceeds of the drawable amount for the purposes of this subsection are assigned to the commissioner.

5. The commissioner is authorized to participate in multistate processes designed to facilitate the issuance and administration of letters of credit including, but not limited to, services provided by the NMLS, State Regulatory Registry LLC, or other third parties.

A consumer legal funding contract that complies with sections 436.550 to 436.572 is not subject to any other statutory or regulatory provisions governing loans or investment contracts. To the extent that sections 436.550 to 436.572 conflict with any other law, such sections shall supersede the other law for the purposes of regulating consumer legal funding in this state.

A consumer legal funding license shall not be issued unless the division of finance, upon investigation, finds that the character and fitness of the applicant company, and of the officers and directors thereof, are such as to warrant belief that the business shall operate honestly and fairly within the purposes of sections 436.550 to 436.572.

5. Every applicant shall also, at the time of filing such application, file a bond satisfactory to the division of finance in an amount not to exceed fifty thousand dollars. All funding contracts in effect prior to the effective date of sections 436.550 to 436.572 are not subject to the terms of sections 436.550 to 436.572.

If it appears to the commissioner that any consumer legal funding company is failing, refusing, or neglecting to make a good faith effort to comply with the provisions of sections 436.550 to 436.572, or any laws or rules relating to consumer legal funding, the commissioner may issue an order to cease and desist, which may be enforceable by a civil penalty of not more than one thousand dollars per day for each day that the neglect, failure, or refusal continues. The penalty shall be assessed and collected by the commissioner. In determining the amount of the penalty, the commissioner shall take into account the appropriateness of the penalty with respect to the gravity of the violation, any history of previous violations, and any other matters justice may require.

11. If any consumer legal funding company fails, refuses, or neglects to comply with the provisions of sections 436.550 to 436.572, or of any laws or rules relating to consumer legal funding, its license may be suspended or revoked by order of the commissioner after a hearing before said commissioner on any order to show cause why such order of suspension or revocation should not be entered and that specifies the grounds therefor. Any order made and entered by the commissioner may be appealed to the circuit court of Cole County.

13. The division of finance shall have the authority to promulgate rules to carry out the provisions of sections 436.550 to 436.572. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

[469.409. 1. Any claim for breach of a trustee's duty to impartially administer a trust related, directly or indirectly, to an adjustment made by a fiduciary to the allocation between principal and income pursuant to subsection 1 of section 469.405 or any allocation made by the fiduciary pursuant to any authority or discretion specified in subsection 1 of section 469.403, unless previously barred by adjudication, consent or other limitation, shall be barred as provided in this section.

(1) Any such claim brought by a qualified beneficiary is barred if not asserted in a judicial proceeding commenced within two years after the trustee has sent a report to that qualified beneficiary that adequately discloses the facts constituting the claim.

(2) Any such claim brought by a beneficiary (other than a qualified beneficiary) with any interest whatsoever in the trust, no matter how remote or contingent, or whether or not the beneficiary is ascertainable or has the capacity to contract, is barred if not asserted in a judicial proceeding commenced within two years after the first to occur of:

(a) The date the trustee sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim; or

(b) The date the trustee sent a report to a person that represents the beneficiary under the provisions of subdivision (2) of subsection 2 of this section.

2. For purposes of this section the following rules shall apply:

(1) A report adequately discloses the facts constituting a claim if it provides sufficient information so that the beneficiary should know of the claim or reasonably should have inquired into its existence;

(2) Section 469.402 shall apply in determining whether a beneficiary (including a qualified beneficiary) has received notice for purposes of this section;

(3) The determination of the identity of all qualified beneficiaries shall be made on the date the report is deemed to have been sent; and

(4) This section does not preclude an action to recover for fraud or misrepresentation related to the report.]

[469.411. 1. (1) If the provisions of this section apply to a trust, the unitrust amount determined for each accounting year of the trust shall be a percentage between three and five percent of the average net fair market value of the trust, as of the first day of the trust's current accounting year. The percentage applicable to a trust shall be that percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section.

(2) The unitrust amount for the current accounting year computed pursuant to this section shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current accounting year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt,

~~other than a receipt that represents a return on investment, of any additional property into the trust within a current accounting year.~~

~~(3) For purposes of this section, the net fair market values of the assets held in the trust on the first business day of a prior accounting quarter shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior accounting year pursuant to subdivision (1) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior accounting year.~~

~~(4) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis.~~

~~(5) In the case where the net fair market value of an asset held in the trust has been incorrectly determined in any quarter, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.~~

~~2. As used in this section, the following terms mean:~~

~~(1) "Average net fair market value", a rolling average of the fair market value of the assets held in the trust on the first business day of the lessor of the number of accounting quarters of the trust from the date of inception of the trust to the determination of the trust's average net fair market value, or twelve accounting quarters of the trust, regardless of whether this section applied to the ascertainment of net income for all valuation quarters;~~

~~(2) "Current accounting year", the accounting period of the trust for which the unitrust amount is being determined.~~

~~3. In determining the average net fair market value of the assets held in the trust, there shall not be included the value of:~~

~~(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or~~

~~(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.~~

~~4. In determining the average net fair market value of the assets held in the trust pursuant to subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.~~

~~5. This section shall apply to the following trusts:~~

~~(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;~~

~~(2) Any trust created under an instrument that became irrevocable on, before, or after August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply unless the instrument creating the trust specifically prohibits an election under this subdivision. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Section 469.402 shall apply for all purposes of this subdivision. An action or order by any court shall~~

not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is between three and five percent, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section 469.405; and

(3) No action of any kind based on an election made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from the effective date of that election.

6. (1) Once the provisions of this section become applicable to a trust, the net income of the trust shall be the unitrust amount.

(2) Unless otherwise provided by the governing instrument, the unitrust amount distributed each year shall be paid from the following sources for that year up to the full value of the unitrust amount in the following order:

(a) Net income as determined if the trust were not a unitrust;

(b) Other ordinary income as determined for federal income tax purposes;

(c) Assets of the trust principal for which there is a readily available market value; and

(d) Other trust principal.

(3) Additionally, the trustee may allocate to trust income for each taxable year of the trust, or portion thereof:

(a) Net short-term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(5), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other amounts to trust income, as determined under the provisions of this chapter without regard to this section, for such year, or portion thereof, does not exceed the unitrust amount for such year, or portion thereof;

(b) Net long-term capital gain described in the Internal Revenue Code, 26 U.S.C. Section 1222(7), for such year, or portion thereof, but only to the extent that the amount so allocated together with all other amounts, including amounts described in paragraph (a) of this subdivision, allocated to trust income for such year, or portion thereof, does not exceed the unitrust amount for such year, or portion thereof.

7. A trust with respect to which this section applies on August 28, 2011, may calculate the unitrust amount in accordance with the provisions of this section, as it existed either before or after such date, as the trustee of such trust shall determine in a writing kept with the records of the trust in the trustee's discretion.**]**

[469.461. 1. A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries which arise from:

(1) Elections and decisions, other than those described in subsection 2 of this section, that the fiduciary makes from time to time regarding tax matters;

(2) An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving or a distribution from the estate or trust; or

(3) The ownership by an estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust or a beneficiary.

2. If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by an estate, trust or beneficiary are decreased, each estate, trust or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The

~~proportionate share of the reimbursement for each estate, trust or beneficiary whose income taxes are reduced shall be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.~~**]**"; and

House Amendment No. 1

AMEND Senate Substitute for Senate Bill No. 23, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

(1) The annual tax on gross premium receipts of insurance companies in chapter 148;

(2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;

(3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;

(4) The tax on other financial institutions in chapter 148;

(5) The corporation franchise tax in chapter 147;

(6) The state income tax in chapter 143; and

(7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed **[**~~fifty~~**]** **seventy** percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **In the event the total amount of tax credits granted for programs approved under section 32.111 for the fiscal year is less than ten million dollars, such amount may be granted for programs approved under section 32.112 such that the combined amount awarded under sections 32.111 and 32.112 annually does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

135.457. 1. This section shall be known and may be cited as the "Intern and Apprentice Recruitment Act".

2. As used in this section, the following terms mean:

(1) "Apprentice", an individual registered and participating in a qualified apprenticeship program in Missouri who has completed at least one year in such qualified apprenticeship program;

(2) "Intern", a student who is enrolled at an approved private or public institution, as defined in section 173.1102, and who has completed a minimum of thirty credit hours;

(3) "Qualified apprenticeship program", an approved apprenticeship program, as defined under 29 CFR Part 29 and 29 U.S.C. Section 50, certified by the United States Department of Labor, in partnership with the Missouri department of higher education and workforce development, and conducted in Missouri;

(4) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265;

(5) "Taxpayer", any individual, firm, partner in a firm, corporation, partnership, shareholder in an S corporation, or member of a limited liability company subject to the state income tax imposed under chapter 143, 147, 148, or 153, excluding the withholding tax imposed under sections 143.191 to 143.265, and that engages in business in the apprentice's or intern's chosen field of study.

3. For all tax years beginning on or after January 1, 2024, a taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability in an amount equal to one thousand five hundred dollars for each intern or apprentice hired at a pay rate equal to or greater than minimum wage, provided that the following criteria are met:

(1) The total number of interns or apprentices employed for the tax year that the credit is claimed exceeds the average number of interns or apprentices employed by the taxpayer over the previous three years;

(2) Interns shall work a minimum of sixty hours per month for two consecutive months during the tax year for which the credit is claimed and a copy of each intern's official transcript is submitted with the claim for such tax credit; and

(3) Apprentices comply with all federal requirements of a qualified apprenticeship including completing a minimum of two thousand hours of on-the-job training and one hundred forty-four hours of required technical instruction in a calendar year and a copy of the qualified apprenticeship program.

4. 5. The total amount of tax credits claimed by a taxpayer under this section shall not exceed nine thousand dollars in any given tax year.

6. The cumulative amount of tax credits allowed to all taxpayers under this section shall not exceed one million dollars per tax year. If the amount of tax credits claimed in a tax year under this section exceeds one million dollars, priority shall be given to taxpayers that have been in business for less than five years, with the remaining tax credits to be distributed based on the order in which they are claimed.

7. Tax credits issued under the provisions of this section shall not be refundable. No tax credit claimed under this section shall be carried forward to any subsequent tax year.

8. No tax credit claimed under this section shall be assigned, transferred, sold, or otherwise conveyed.

9. The application for the tax credits under this section shall be made to the department of economic development and shall include information on participation in the qualified apprenticeship program or a copy of the official transcript for the intern being claimed, if applicable, and any other such information that the department deems necessary. "144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the

production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

Notwithstanding any provision in a franchise to the contrary, each franchisor shall specify in writing to each of its franchisees in this state the franchisee's obligations for preparation, delivery, and warranty service on its products. The franchisor shall fairly and reasonably compensate the franchisee for preparation, delivery, and warranty service required of the franchisee by the franchisor. The franchisor shall provide the franchisee with the schedule of compensation to be paid to the franchisee for parts, labor, and service, and the time allowance for the performance of the labor and service for the franchisee's obligations for preparation, delivery, and warranty service.

2. The schedule of compensation shall include reasonable compensation for diagnostic work, as well as repair service and labor for the franchisee to meet its obligations for preparation, delivery, and warranty service. The schedule shall also include reasonable and adequate time allowances for the diagnosis and performance of preparation, delivery, and warranty service to be performed in a careful and professional manner. In the determination of what constitutes reasonable compensation for labor and service pursuant to this section, the principal factor to be given consideration shall be the prevailing wage rates being charged for similar labor and service by **[**~~franchisees in the market in which the franchisee is doing business, and in no event shall the compensation of a franchisee for labor and service be less than the rates charged by~~**]** the franchisee for similar labor and service to retail customers for nonwarranty labor and service**[**~~, provided that such rates are reasonable~~**]**. The primary factor in determining **[**~~a fair and~~**]** reasonable compensation for parts under this section shall be the **[**~~prevailing amount charged for similar parts by other same line-make franchisees in the market in which the franchisee is doing business and the fair and reasonable compensation for parts shall not be less than the~~**]** amount charged by the franchisee for similar parts to retail customers for nonwarranty parts**[**~~, provided that such rates are reasonable. If another same line-make franchisee is not available within the market, then the prevailing amount charged for similar parts by other franchisees in the market shall be used as the primary factor~~**]**.

3. A franchisor shall perform all warranty obligations, including recall notices; include in written notices of franchisor recalls to new motor vehicle owners and franchisees the expected date by which necessary parts and equipment will be available to franchisees for the correction of the defects; and **[**~~reasonably~~**]** compensate any of the franchisees in this state for repairs required by the recall. **[**~~Reasonable~~**]** Compensation for parts**[**~~,~~**]** **and** labor**[**~~, and service~~**]** **for recall repairs** shall be determined under subsection 2 of this section.

4. No franchisor shall require a franchisee to submit a claim authorized under this section sooner than thirty days after the franchisee completes the preparation, delivery, or warranty service authorizing the claim for preparation, delivery, or warranty service. All claims made by a franchisee under this section shall be paid within thirty days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any claims not specifically disapproved in writing within thirty days after the receipt of the form shall be considered to be approved and payment shall be made within fifteen days thereafter. A franchisee shall not be required to maintain defective parts for more than thirty days after submission of a claim.

5. A franchisor shall compensate the franchisee for franchisor-sponsored sales or service promotion events, including but not limited to, rebates, programs, or activities in accordance with established written guidelines for such events, programs, or activities, which guidelines shall be provided to each franchisee.

6. No franchisor shall require a franchisee to submit a claim authorized under subsection 5 of this section sooner than thirty days after the franchisee becomes eligible to submit the claim. All claims made by a franchisee pursuant to subsection 5 of this section for promotion events, including but not limited to rebates, programs, or activities shall be paid within ten days after their approval. All claims shall be either approved or disapproved by the franchisor within thirty days after their receipt on a proper form generally used by the franchisor and containing the usually required information therein. Any claim not specifically disapproved in writing within thirty days after the receipt of this form shall be considered to be approved and payment shall be made within **[**~~ten~~**]** **fifteen** days.

(4) Routine maintenance not covered under any retail customer warranty, such as fluids, filters, and belts not provided in the course of repairs;

(5) Nuts, bolts, fasteners, and similar items that do not have an individual part number;

(6) Tires; and

(7) Vehicle reconditioning.

8. If a franchisor, manufacturer, importer, or distributor furnishes a part or component to a franchisee, at no cost, to use in performing repairs under a recall, campaign service action, or warranty repair, the franchisor shall compensate the franchisee for the part or component in the same manner as warranty parts compensation under this section by compensating the franchisee at the average markup on the cost for the part or component as listed in the price schedule of the franchisor, manufacturer, importer, or distributor, less the cost for the part or component. **This subsection shall not apply to entire engine assemblies, propulsion engine assemblies, including electric vehicle batteries, or entire transmission assemblies.**

9. A franchisor shall not require a franchisee to establish the retail rate customarily charged by the franchisee for parts, service, or labor by an unduly burdensome or time-consuming method or by requiring information that is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations. A franchisee shall not request a franchisor to approve a different labor rate or parts rate more than twice in one calendar year.

10. If a franchisee submits any claim under this section to a franchisor that is incomplete, inaccurate, or lacking any information usually required by the franchisor, then the franchisor shall promptly notify the franchisee, and the time limit to submit the claim shall be extended for a reasonable length of time, not less than five business days following notice by the franchisor to the franchisee, for the franchisee to provide the complete, accurate, or lacking information to the franchisor.

11. (1) A franchisor may only audit warranty, sales, or incentive claims and charge-back to the franchisee unsubstantiated claims for a period of twelve months following payment, subject to all of the provisions of this section. Furthermore, if the franchisor has good cause to believe that a franchisee has submitted fraudulent claims, then the franchisor may only audit suspected fraudulent warranty, sales, or incentive claims and charge-back to the franchisee fraudulent claims for a period of two years following payment, subject to all provisions of this section.

(2) A franchisor shall not require documentation for warranty, sales, or incentive claims more than twelve months after the claim was paid.

(3) Prior to requiring any charge-back, reimbursement, or credit against a future transaction arising out of an audit, the franchisor shall submit written notice to the franchisee along with a copy of its audit and the detailed reason for each intended charge-back, reimbursement, or credit.

12. A franchisee may file a complaint with the administrative hearing commission **pursuant to section 407.822** within **[**~~thirty~~**] sixty** days after receipt of any **[**~~such~~**]** written notice **[**~~challenging such action~~**] by a franchisor of any adverse decision on any claim for reimbursement submitted pursuant to this section, including, but not limited to, specific claims for reimbursement in individual warranty repair transactions, and requests for an increase in labor or parts rate**. If a complaint is filed within the **[**~~thirty~~**] sixty** days, then the **[**~~charge-back, reimbursement, or credit~~**] denial or reduction of reimbursement, denial of a request for an increase in labor or parts rate, charge-back, or other determination by a franchisor which is adverse to a franchisee** shall be stayed pending a hearing and determination of the matter under section 407.822. **The franchisor shall file an answer to the complaint within thirty days after service of the complaint.** If**, following a hearing which shall be held within sixty days following service of the franchisor's answer,** the administrative hearing commission determines that **[**~~any portion of the charge-back, reimbursement, or credit is improper, then that portion of the charge-back, reimbursement, or credit shall be void and not allowed~~**] a franchisor has violated any requirements of this section, then the denial or reduction of reimbursement, denial of a request for an increase in labor or parts rate, or charge-back shall be void and the franchisor shall, within fifteen days of the**

commission's order, fairly compensate the franchisee as required by the provisions of this section. Section 407.835 shall apply to proceedings pursuant to this section.

The lien established by this subsection shall have priority over all other liens except those liens that have been perfected and recorded on personal property. The rental agreement shall contain a statement, in bold type, advising the occupant of the existence of such lien and that property stored in the leased space may be sold to satisfy such lien if the occupant is in default, and that any proceeds from the sale of the property which remain after satisfaction of the lien will be paid to the state treasurer if unclaimed by the occupant within one year after the sale of the property.

2. No proceeds shall be paid to an occupant until such occupant files a sworn affidavit with the operator stating that there are no other valid liens outstanding against the property sold and that he or she, the occupant, shall indemnify the operator for any damages incurred or moneys paid by the operator due to claims arising from other lienholders of the property sold. After the one-year period set in this subsection, any proceeds remaining after satisfaction of the lien shall be considered abandoned property to be reported and paid to the state treasurer in accordance with laws pertaining to the disposition of unclaimed property.

4. Before conducting a sale under subsection 2 of this section, the operator shall:

(1) At least forty-five days before any disposition of property under this section, which shall run concurrently with subsection 2 of this section, notify the occupant and each lienholder which is contained in any statement filed by the occupant pursuant to subsection 3 of section 415.410 of the default by first-class mail or electronic mail at the occupant's or lienholder's last known address, and shall notify any third-party owner identified by the occupant pursuant to subsection 3 of section 415.410;

(3) At least seven days before the sale, advertise the time, place**,** and terms of the sale in **the classified section of** a newspaper of general circulation in the jurisdiction where the sale is to be held **or in any other commercially reasonable manner**. **[**~~Such~~**] The manner of** advertisement shall be **[**~~in the classified section of the newspaper and shall state that the items will be released for sale~~**] deemed commercially reasonable if at least three independent bidders attend or view the sale at the time and place advertised**.

5. If the property is a vehicle, watercraft, or trailer and rent and other charges remain unpaid for sixty days, the owner may treat the vehicle, watercraft, or trailer as an abandoned vehicle and have the vehicle, watercraft, or trailer towed from the self-service storage facility. When the vehicle, watercraft, or trailer is towed from the self-

service storage facility, the owner shall not be liable for the vehicle, watercraft, or trailer for any damages to the motor vehicle, watercraft, or trailer once the tower takes possession of the property.

(10) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, chapter 147, 148, or 153.

3. (1) For all tax years beginning on or after January 1, 2023, a tax credit shall be allowed for an investor's cash investment in the qualified securities of a qualified Missouri business. The credit shall be in a total amount equal to fifty percent of such investor's cash investment in any qualified Missouri business, subject to the limitations set forth in this subsection. If the amount by which that portion of the credit allowed by this section exceeds the investor's tax liability in any one tax year, the remaining portion of the credit may be carried forward five years or until the total amount of the credit is used, whichever occurs first. If the investor is a permitted entity investor, the credit provided by this section shall be claimed by the owners of the permitted entity investor in proportion to such owners' equity investment in the permitted entity investor.

(2) A cash investment in a qualified security shall be deemed to have been made on the date of acquisition of the qualified security, as such date is determined in accordance with the provisions of the Internal Revenue Code of 1986, as amended.

(3) The department and the MTC shall not allow tax credits of more than fifty thousand dollars for a single qualified Missouri business per investor who is a natural person or a permitted entity investor and shall not allow a total of two hundred fifty thousand dollars in tax credits for a single year per investor who is a natural person or a permitted entity investor. The balance of unissued tax credits may be carried over for issuance in future years until December 31, 2032. The balance of unissued tax credits carried over, if any, shall not be used in the calculation of the total amount of tax credits allowed in a given tax year.

(4) At the beginning of each calendar year, the MTC shall equally designate the total tax credits available during that calendar year to each geographic region comprised of the boundaries of each congressional district, as such boundaries may be amended from time to time. At the beginning of each calendar quarter, the MTC shall make available one-fourth of the total annual tax credits for each region for investments made in qualified Missouri businesses located in each such region. As soon as practicable at the end of each calendar quarter, the MTC shall prepare and issue a report to the director of the department designating all tax credit awards for that quarter, so that the department may issue such tax credits in accordance with the provisions of this section and section 348.274. The report shall aggregate any unissued tax credits allocated to any region for any calendar quarter and divide such unissued tax credits equally over each other region and make such credits available for the following calendar quarter, which shall be in addition to the new allocation of tax credits available to that region for the calendar quarter.

(5) During the fourth calendar quarter, any unissued tax credits allocated to any region, which shall include the aggregate tax credits that have been reallocated under this section and section 348.274 and any unissued tax credits allocated for the fourth quarter, may be awarded in any region.

The MTC shall refrain from exercising any voting rights in the business while it holds an equity interest.

(6) The MTC may sell the equity interest at a time the MTC believes is in the economic best interest of the state and goals of this section and section 348.274 but shall consider any requests submitted by the business in writing.

(7) Any proceeds from the sale of the equity interest shall be used by the MTC to promote the goals of this section and section 348.274.

Such transferee may claim the tax credit against the transferee's Missouri income tax liability as provided in subdivision (1) of subsection 3 of section 348.273, subject to all restrictions and limitations set forth in this section and section 348.273. Documentation of any tax credit transfer under this section shall be provided by the qualified investor in the manner established by the MTC and the department, by and through its service on the MTC board of directors.

4. (1) Each qualified Missouri business for which tax credits were issued under this section and section 348.273 shall report to MTC annually on or before February first. The MTC shall provide copies of the reports to the department under appropriate confidentiality agreements as may be necessary under the circumstances. Such reports shall include the following:

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross

income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Baker, **House Amendment No. 1** was adopted.

Representative Baker offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 133, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023,** the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-two and eight-tenths percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-

numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is

changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **(1) To determine the true value in money for motor vehicles,** the assessor of each county and each city not within a county shall use the **[**~~trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.~~**]** **trade-in value published in the current or any of the three immediately previous years' October issue of a nationally recognized automotive trade publication selected by the state tax commission. The assessor shall not use a value that is greater than the average trade-in value for such motor vehicle in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than the average without performing a physical inspection of the motor vehicle. The state tax commission shall secure an annual appropriation from the general assembly for the publication used pursuant to subdivision (1) of this subsection. 11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. "144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in

whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

6. A sports wagering operator shall maintain the confidentiality of information provided by a sports governing body to the sports wagering operator unless disclosure is required by court order, the commission, or any other provision of law.

7. A sports governing body may submit to the commission a request in writing to restrict, limit, or exclude a type or form of sports wagering on its sporting events if such body believes that such sports wagering affects the integrity or perceived integrity of its sport. The commission may grant the request upon a showing of good cause by the applicable sports governing body. The commission shall promptly review any information provided and respond as expeditiously as practicable to the request. Prior to making a determination, the commission shall notify and consult with sports wagering operators. If the commission deems it relevant, it may also consult with any applicable independent monitoring providers or other jurisdictions. No restrictions, limitations, or exclusions of wagers shall be conducted without the express written approval of the commission. Sports wagering operators shall be notified of any restrictions, limitations, or exclusions granted by the commission.

8. (1) No sports wagering operator shall offer any sports wagers on an elementary or secondary school athletic or sporting event in which a school team from this state is a participant, or on the individual performance statistics of an athlete in an elementary or secondary school athletic or sporting event in which a school team from this state is a participant.

(2) No sports wager shall be placed on the performance or nonperformance of any individual athlete participating in a single game or match of a collegiate sporting event in which a collegiate team from this state is a participant.

313.1016. 1. A sports wagering operator shall, for a wager that exceeds ten thousand dollars and that is placed in person by a patron, maintain the following records for a period of at least three years after the sporting event occurs:

(1) Personally identifiable information of the patron;

3. A sports wagering operator shall make the records and data that it is required to maintain under this section available for inspection upon request of the commission or as required by court order.

313.1018. A sports wagering operator is not liable under the laws of this state to any party, including patrons, for disclosing information as required under sections 313.1000 to 313.1022 and is not liable for refusing to disclose information unless required under sections 313.1000 to 313.1022.

313.1021. 1. A wagering tax of fifteen percent is imposed on the adjusted gross receipts received from sports wagering conducted by a sports wagering operator under sections 313.1000 to 313.1022. If an interactive sports wagering platform operator is contracted to conduct sports wagering at a certificate holder's licensed facility that is an excursion gambling boat, or through an interactive sports wagering platform, the licensed interactive sports wagering platform operator may fulfill the certificate holder's duties under this section.

2. A certificate holder or interactive sports wagering platform operator shall remit the tax imposed by subsection 1 of this section to the department no later than one day prior to the last business day of the month following the month in which the taxes were generated. In a month when the adjusted gross receipts of a certificate holder or interactive sports wagering platform operator is a negative number, the certificate holder or interactive sports wagering platform operator may carry over the negative amount for a period of twelve months.

3. The payment of the tax under this section shall be by an electronic funds transfer by an automated clearing house.

4. Revenues received from the tax imposed under subsection 1 of this section shall be deposited in the state treasury to the credit of the gaming proceeds for education fund, which shall be distributed as provided under section 313.822.

5. (1) A licensed facility that is an excursion gambling boat shall pay to the commission an annual license renewal fee, not to exceed fifty thousand dollars. The commission shall deposit the annual license renewal fees received under this subdivision in the gaming commission fund established under section 313.835.

(2) In addition to the annual license renewal fee, required in this subsection, a certificate holder shall pay to the commission a fee of ten thousand dollars to cover the costs of a full reinvestigation of the certificate holder in the fourth year after the date on which the certificate holder commences sports wagering operations under sections 313.1000 to 313.1022 and on each fourth year thereafter. The commission shall deposit the fees received under this subdivision in the gaming commission fund established under section 313.835.

6. Subject to appropriation, five hundred thousand dollars shall be appropriated from the gaming commission fund created under section 313.835 and credited annually to the compulsive gamblers fund created under section 313.842. When considering the amount of funds to appropriate to the compulsive gamblers fund, the general assembly shall consider the findings and recommendations contained in the research report required under subsection 2 of section 313.842 for increased funding in excess of the five hundred thousand dollars.

2. Only to the extent required by federal law, all servers necessary to the placement or resolution of wagers, other than backup servers, shall be physically located within a certificate holder's licensed facility that is an excursion gambling boat in the state. Consistent with the intent of the United States Congress as articulated in the Unlawful Internet Gambling Enforcement Act of 2006, 31 U.S.C. Sections 5361 to 5367, as amended, the intermediate routing of electronic data relating to lawful intrastate sports wagers authorized under sections 313.1000 to 313.1022 shall not determine the location or locations in which such wager is initiated, received, or otherwise made. This subsection shall apply only to the extent required by federal law.

Section B. Because immediate action is necessary to protect taxpayers from inflated values and rapidly increasing prices, the repeal and reenactment of section 137.115 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 137.115 of section A of this act shall be in full force and effect upon its passage and approval."; and

The Benediction was given by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"*The Lord is just in all His ways, and kind in all His doings.*" (Psalm 145:17)

O God, our Creator, to whom all hearts are open, all desires known, and from whom no secrets are hidden, uplift our tired and frustrated hearts at this moment, as we wait upon Your blessings in humility. And as we prepare ourselves to depart from this House, give us grace to recognize Your spirit within us and to listen to all You have taught us these last five months. Let us not yield to the temptations of frustration or bitterness, but strong in You, may we reflect on our past experiences this year with thanksgiving. May we remember our victories and not our defeats, the people and not the problems.

In all sincerity, we pray for each other and for all those we represent. Together may we walk in the way of Your great commandments and obey Your will to serve our fellow citizens well in our districts, and may God bless us, Missouri and our moms!

And the House says, "Amen!"

MESSAGES FROM THE GOVERNOR

May 15, 2023

TO THE CHIEF CLERK OF THE
HOUSE REPRESENTATIVES
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 15** entitled:

AN ACT

To appropriate money for supplemental purposes for the expenses, grants, refunds, and distributions of the several departments and offices of state government and the several divisions and programs thereof, and to transfer money among certain funds, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri for the fiscal period ending June 30, 2023.

Section 15.156

I hereby veto $25,000 for the purpose of funding audit costs. Article IV, Section 25 of the Constitution of Missouri states that, "Until it acts on all the appropriations recommended in the budget, neither house of the general assembly shall pass any appropriation other than emergency appropriations recommended by the governor." Emergency appropriations adopted but not included in the governor's recommendations would fail to follow the aforementioned constitutional article, which is why I am vetoing this funding. Also, funding for this purpose has been included in the Fiscal Year 2024 budget for the Missouri Department of Transportation. Accordingly, an emergency supplemental appropriation for this purpose is not necessary.

Said section is vetoed in its entirety from $25,000 to $0 from State Transportation Fund.
From $25,000 to $0 in total for the section.

On May 15, 2023 I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 15**, except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Michael L. Parson
Governor

Having been returned from the Governor with his approval, except for those items specifically vetoed and not approved, **CCS SCS HCS HB 15** was delivered to the Secretary of State by the Chief Clerk of the House.

JOURNAL OF THE HOUSE

VETO SESSION

First Regular Session, 102nd GENERAL ASSEMBLY

FIRST DAY, WEDNESDAY, SEPTEMBER 13, 2023

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

O magnify the Lord with me and let us exalt His name together. (Psalm 34:3)

Almighty God, who is the source of all our blessings and the fountain of our life, help us to realize that You are always with us, seeking our good, forgiving our sins, and endeavoring to lead us in the ways of peace. Prosper us in our work, guide us through our difficulties, and reward with the joy of living those who extend a helping hand to others who have lost their way.

Sustain with Your power those whom our voters have placed in positions of authority and all who are entrusted with our safety and with the guardianship of our rights and our freedom. May peace and goodness live in the hearts of our citizens and may our veto session today exalt our state in righteousness, to the glory of the republic.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGES FROM THE GOVERNOR

June 30, 2023

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 2.025

I hereby veto $3,500,000 Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund for a technology service for supervision over school-issued electronic devices. The U.S. Department of Education dictates that ESSER funding should be used to prevent, prepare for, or respond to the COVID-19 pandemic; for construction, renovation, and minor remodeling adhering to local and state requirements; and be awarded to recipients who comply with federal award requirements. Use of ESSER III funding for this purpose would reduce the amount of aid to be distributed to local education agencies for previously planned expenditures.

For payments to local education agencies for third-party vendor technology services.
From $3,500,000 to $0 from Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund.
From $1,328,335,334 to $1,324,835,334 in total for the section.

Section 2.030

I hereby veto $955,000 general revenue for a primary substance use prevention not-for-profit organization. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, Missouri high school students are currently required to take one half credit of health education to be eligible to receive a high school diploma. Current health education curriculum adheres to the National Health Education Standards, which includes curriculum incorporating substance use awareness. Additionally, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor.

For a primary substance use prevention not-for-profit organization.
From $955,000 to $0 from General Revenue Fund.
From $80,027,012 to $79,072,012 in total for the section.

Section 2.031

I hereby veto $25,000,000 federal funds for the Close the Gap Program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. The Fiscal Year 2023 budget includes $50 million for this program, which has not yet been expended.

From $10,500,000 to $0 from Budget Stabilization Fund.
From $39,500,000 to $25,000,000 from Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund.
From $50,000,000 to $25,000,000 in total for the section.

Section 2.045

I hereby veto $350,000 general revenue for teacher training organizations. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years

to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget includes raising baseline teacher pay to $38,000 and additional compensation for teachers through the Career Ladder program. It also includes $1,700,000 for teacher training and recruitment programs in urban schools. This program is a virtual teacher training organization for college junior and senior students nationwide, but there is no requirement that the funding be restricted to supporting college students located in-state. Additionally, there are no known outcome measures to indicate that this additional state investment will recruit out-of-state teachers to Missouri.

For teacher training organizations to address learning loss and improve teacher recruitment efforts.
From $350,000 to $0 from General Revenue Fund.
From $2,050,000 to $1,700,000 in total for the section.

Section 2.097

I hereby veto $315,000 general revenue for instruction in cardiopulmonary resuscitation. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the proposed appropriation is not sufficient to meet the statewide need. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. Additionally, the budget fully funds the foundation formula. Each school district maintains discretion in allocating their resources for needs such as this.

Said section is vetoed in its entirety from $315,000 to $0 from General Revenue Fund.
From $315,000 to $0 in total for the section.

Section 2.103

I hereby veto $2,500,000 general revenue for a statewide school safety software. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor. Additionally, this duplicates a program already being provided by the Department of Public Safety. Outcome measures are necessary before the state can consider expanding the program further.

Said section is vetoed in its entirety from $2,500,000 to $0 from General Revenue Fund.
From $2,500,000 to $0 in total for the section.

Section 2.104

I hereby veto $25,000 general revenue for providing school board member training. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a

balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the proposed appropriation is not sufficient to meet the statewide need. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from $25,000 to $0 from General Revenue Fund.
From $25,000 to $0 in total for the section.

Section 2.143

I hereby veto $1,700,000 general revenue for grants to establish a mental health digital referral platform for students. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor. Additionally, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. The budget fully funds the foundation formula. Each school district maintains discretion in allocating their resources for these kinds of services as there is interest.

Said section is vetoed in its entirety from $1,700,000 to $0 from General Revenue Fund.
From $1,700,000 to $0 in total for the section.

Section 2.159

I hereby veto $3,500,000 general revenue for transfer to the Postsecondary Advising Fund. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a transfer into a fund that has no spending authority. Additionally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

Said section is vetoed in its entirety from $3,500,000 to $0 from General Revenue Fund.
From $3,500,000 to $0 in total for the section.

Section 2.173

I hereby veto $3,000,000 general revenue for youth digital mental health services. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2024 budget invests over $35 million in 988 mental health hotline infrastructure to assist citizens statewide experiencing a mental health emergency. This program would be duplicative of those investments.

Said section is vetoed in its entirety from $3,000,000 to $0 from General Revenue Fund.
From $3,000,000 to $0 in total for the section.

Section 2.190

I hereby veto $200,000 School Broadband Fund for facilitating the success of homeless children and youth. This is not an appropriate use of the School Broadband Fund.

For facilitating the identification, enrollment, attendance, and success in school of homeless children and youths under Title IX, Part A of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act of 2015.
From $200,000 to $0 from School Broadband Fund.
From $14,349,932 to $14,149,932 in total for the section.

Section 2.241

I hereby veto $2,000,000 general revenue for a classroom support staff grant program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. Additionally, the budget fully funds the foundation formula and it is at each school district's discretion to allocate their resources as needed. Finally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

Said section is vetoed in its entirety from $2,000,000 to $0 from General Revenue Fund.
From $2,000,000 to $0 in total for the section.

Section 2.300

I hereby veto $1,073,000 general revenue for an early childhood education community needs assessment. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, funds from Fiscal Year 2023 have not yet been expended and additional funding is not yet needed. Additionally, although it does not identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor.

Section 7.048

I hereby veto $300,000, including $150,000 general revenue, for a business facade improvements program in St. Louis City to provide grants to businesses in low-income communities. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is not an eligible use of the Economic Development Advancement Fund (EDAF) under Section 620.1900, RSMo. By statute, EDAF shall be used as follows: 37.5% shall be appropriated for business recruitment and marketing (Section 620.1900.2(2), RSMo); at least 50% shall be appropriated for marketing, technical assistance, and training, contracts for specialized economic development services, and new initiatives and pilot programming to address economic trends (Section 620.1900.5, RSMo); and the remainder may be appropriated toward the cost of staffing and operating expenses for DED program activities and for accountability functions (Section 620.1900.5, RSMo). Additionally, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Respectfully submitted,

/s/ Michael L. Parson
Governor

June 30, 2023

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 8** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Public Safety and Department of National Guard and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 8.005

I hereby veto $2,500,000 general revenue for the Missouri Sheriff's Retirement System. While I am supportive of local law enforcement, this item would duplicate the funding for this purpose within House Bill 5.

For the Office of the Director.
Program Distribution by $2,500,000 from $2,500,000 to $0 from General Revenue Fund.
From $5,723,514 to $3,223,514 in total from General Revenue Fund.

I hereby veto $8,000 general revenue for the purchase of equipment for the Lone Jack Police Department. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we

will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I am supportive of law enforcement officers and have made budget recommendations supporting law enforcement, first responders, and other emergency personnel in this budget and in previous budgets, this item is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

For the purchase of equipment for a police department.
From $8,000 to $0 from General Revenue Fund.

I hereby veto $500,000 Budget Stabilization Fund for a nonprofit organization in St. Joseph to help reduce the incident of violent crime and strengthen police services by researching and analyzing the best practices to help reduce violent crime. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

For a nonprofit organization located in any city with more than seventy-one thousand but fewer than seventy-nine thousand inhabitants to help reduce the incident of violent crime and strengthen police services by researching and analyzing the best practices to help reduce violent crime.
From $500,000 to $0 from Budget Stabilization Fund.

I hereby veto $500,000 general revenue for a communication platform for active duty National Guardsmen, first responders and veterans to receive direct access to chaplains and provide suicide prevention information and resources. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2024 budget invests over $35 million in 988 mental health hotline infrastructure to assist citizens statewide experiencing a mental health emergency, including a specific line for veterans where the qualified responders are trained to support veterans. The General Assembly also included $1 million to market the 988 program for which my administration will use to target national guardsmen, veterans, first responders, and members of our armed forces. Further, the National Guard also has an existing phone application which includes a suicide hotline component. This program would be duplicative of those investments.

For a communication platform for National Guardsmen, first responders, and veterans.
From $500,000 to $0 from General Revenue Fund.

From $68,991,265 to $65,483,265 in total for the section.

Section 8.007

I hereby veto $2,727,827 State Highways and Transportation Department Fund for planning, design, and construction of a new Troop A Headquarters and related facilities. While I am supportive of law enforcement officers and have made budget recommendations supporting law enforcement, first responders, and other emergency personnel in this budget and in previous budgets, this item cannot be approved in full as the cost of the project is significantly higher than the appropriated amount. These cost increases should not be borne solely by the state. With this veto, the state will still be funding the majority of the cost increase.

From $6,727,827 to $4,000,000 from State Highways and Transportation Department Fund.
From $6,727,827 to $4,000,000 in total for the section.

Section 8.085

I hereby veto $26,628 general revenue for salary increases for the Capitol Police. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I support the General Assembly's efforts to address recruitment and retention of law enforcement officers, our research indicates that a more targeted approach is needed. Therefore, I am vetoing down this item to provide a $4,000 across-the-board increase for officers, a $2,500 increase after seven years of service for officers, as well as targeted increases for identified positions. These increases are on top of the statewide 8.7% increase that went into effect March 1, 2023. This approach will enable us to offer competitive pay for our law enforcement officers while maintaining a sustainable budget.

Therefore, I am vetoing down this item to provide a $4,000 increase for troopers, troopers first class, corporals and sergeants; a $2,500 increase after seven years of service for uniformed members; as well as targeted increases for identified non-uniformed positions. These increases are on top of the statewide 8.7% increase that went into effect March 1, 2023. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an

effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. This funding is being adjusted to match the pay increase for the Missouri State Highway Patrol.

Personal Service by $54,241 from $8,686,542 to $8,632,301 from Gaming Commission Fund.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, these salary increases for the Missouri National Guard are duplicative of federal funds for the same purpose. Additionally, this item affects a narrow group of employees who are already receiving pay increases under the 8.7% statewide pay plan and without a demonstrated need for targeted salary increases.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. From $3,000,000 to $0 in total for the section.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this funding would expand the current pilot for the medication assisted treatment program. Determinations regarding additional state general revenue funding should be made once the program has been established and the effectiveness of the investments have been demonstrated.

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 10** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Mental Health, the Department of Health and Senior Services, and the several divisions and programs thereof, and the Missouri Health Facilities Review Committee to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 10.110

I hereby veto $215,000 general revenue for a 5.5% increase in funding for the Access to Recovery program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget has already budgeted for multiple items totaling over $472 million in support of behavioral health services statewide.

I hereby veto $1,500,000 general revenue to expand existing respite housing programs. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this was based on the findings of an informal House group on Crime Prevention. While I appreciate the work of the group's members to find solutions to these problems, a larger and more formal study is needed to determine the best avenues for reducing crime through mental health services. Additionally, this budget has already budgeted for multiple items totaling over $472 million in support of behavioral health services statewide.

For Recovery Support Services with the Access to Recovery Program.
From $6,117,527 to $4,402,527 from General Revenue Fund.

I hereby veto $3,700,000 general revenue for an early intervention program for youth at risk of mental health crises. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this was based on the findings of an informal House group on Crime Prevention. Additionally, this budget has already budgeted for multiple items totaling over $472 million in support of behavioral health services statewide.

For treatment of youth psychiatric services.
From $13,114,795 to $9,414,795 from General Revenue Fund.

I hereby veto $2,000,000 general revenue for the Engaging Patients in Coordinated Care (EPICC) program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, there are existing peer support services and opioid treatment investments to help address the goals of this program. Additionally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

For a behavioral health network that links individuals 14 and over with severe opioid use disorder to community based treatment with the help of Peer Recovery Coaches.
From $2,000,000 to $0 from General Revenue Fund.

I hereby veto $1,800,000 general revenue for an Electroencephalogram (EEG) combined Transcranial Magnetic Stimulation (eTMS) Pilot Program. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, while I am supportive of efforts to help address the mental health needs of veterans and first responders, this is a relatively new treatment option. A smaller pilot project allows for a closer look at the effectiveness of the treatment without being fiscally irresponsible. Additional FDA approval for the equipment is still pending. This item can be revisited once the program is able to demonstrate effectiveness.

For the Division of Behavioral Health to implement the use of EEG-Guided Transcranial Magnetic Stimulation (e-TMS) equipment.
From $3,300,000 to $1,500,000 from General Revenue Fund.

Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, there is existing funding in House Bill 20 to construct these centers. Operational funding will not be needed in Fiscal Year 2024, as construction will not yet be completed.

I hereby veto $1,050,000, including $283,500 general revenue, for public administrator liaison positions The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. In addition, Missouri has consistently maintained a AAA bond rating and we

will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, statutory changes should be pursued to reduce the workload on Public Administrators in lieu of earmarked state funding for positions that will have minimal impact.

For adult psychiatric services and community programs.
From $127,788,119 to $125,304,619 from General Revenue Fund.
From $295,891,469 to $290,458,969 from Department of Mental Health Federal Fund.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

For a single grant to be issued jointly to a Missouri not-for-profit and a Missouri public institution of higher education to be used to advance research and development of therapeutics and potential cures for cases of genetically caused autism.
From $10,000,000 to $5,000,000 from Budget Stabilization Fund.
From $2,382,945,770 to $2,377,945,770 in total for the section.

Section 10.721

I hereby veto $500,000 general revenue for the purchase of rapid response testing kits for STI testing or other health outbreaks. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Department of Health and Senior Services currently purchases, ships, and provides test results for STIs. Additionally, the state has invested $78 million in the One Health Laboratory. Current resources and future resources can handle additional STI testing. This earmark is duplicative of other tests already paid for by Missouri taxpayers.

Said section is vetoed in its entirety from $500,000 to $0 from General Revenue Fund.
From $500,000 to $0 in total for the section.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

From $700,000 to $200,000 from General Revenue fund.
From $700,000 to $200,000 in total for the section.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while this program's focus on ensuring the health and well-being of seniors is commendable, there is funding elsewhere in the budget to meet the needs of this program, particularly clarified language on the spending authority of the $32.6 million Senior Services Growth and Development Program Fund and appropriate General Revenue transfer to support Area Agencies on Aging.

For the Ombudsman Program operated by the Area Agencies on Aging or their service providers.

Section 10.831

I hereby veto $50,000 Senior Services Growth and Development Program Fund for the Texas County Food Pantry. While this funding would support an important service, especially for seniors in rural areas, the Department of Health and Senior Services is subject to state laws set forth in Section 192.385, RSMo. This section requires all Senior Services Growth and Development Program Funds to follow a formula to support ten specific Area Agencies on Aging across Missouri which excludes the Texas County Food Pantry.

Said section is vetoed in its entirety from $50,000 to $0 from Senior Services Growth and Development Program Fund.
From $50,000 to $0 in total for the section.

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 11** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Social Services and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 11.155

I hereby veto $1,500,000 Temporary Assistance for Needy Families Federal Fund for a year-round youth jobs program in the City of St. Louis. The adjusted total is more in line with that of similar projects. Additionally, the City of St. Louis allocated $2.5 million ARPA for this program.

For a program located in a city not within a county, for the purpose of providing year-round paid jobs and internship opportunities and job training for youth residing in the city.
From $2,500,000 to $1,000,000 from Temporary Assistance for Needy Families Federal Fund.

I hereby veto $50,000 Temporary Assistance for Needy Families Federal Fund for a basketball training program. While the plain language of the appropriation states the funds are for a nonprofit "in any home rule city with more than four hundred thousand inhabitants and located in more than one county that uses the game of basketball to build character," the information provided to my administration demonstrates that this basketball training facility is located in Overland Park, Kansas. Temporary Assistance for Needy Families Federal Funding cannot be distributed to entities outside the state of Missouri.

From $50,000 to $0 from Temporary Assistance for Needy Families Federal Fund.

I hereby veto $375,000 Temporary Assistance for Needy Families Federal Fund for a Film Camp USA designated state-wide youth program. This is not a good use of taxpayer funds as the cost per camper is estimated to exceed $1,000. Additionally, this earmark appears to direct public funds to a private company for non-public purposes in violation of Article III, Section 38(a) of the Missouri Constitution.

For a state-wide youth program that provides children from Missouri the opportunity to become a master of their own stories while obtaining transferable skills through acting, directing, and screenwriting in an effort for the children to make movies and memories.
From $375,000 to $0 from the Temporary Assistance for Needy Families Federal Fund.

I hereby veto $5,000,000 Temporary Assistance for Needy Families Federal Fund for the United Way organization. The adjusted total is more in line with that of similar projects.

From $10,000,000 to $5,000,000 from Temporary Assistance for Needy Families Federal Fund.

From $65,839,884 to $58,914,884 in total for the section.

Section 11.162

I hereby veto $30,000 Temporary Assistance for Needy Families Federal Fund for the St. Louis Association of Community Organizations. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. This organization could seek funds from the United States Department of Housing and Urban Development's Community Development Block Grant program and the City of St. Louis' Community Development Administration. The organization received a combined total of $149,177 from grant income in 2021.

Said section is vetoed in its entirety from $30,000 to $0 from Temporary Assistance for Needy Families Federal Fund.
From $30,000 to $0 in total for the section.

Section 11.163

I hereby veto $1,000,000 Temporary Assistance for Needy Families Federal Fund for Annie Malone Children and Family Services. The information provided to my administration demonstrates that these funds may support a capital

improvement project. Temporary Assistance for Needy Families Federal Funding cannot be disbursed for capital improvement projects.

From $4,000,000 to $3,000,000 from Temporary Assistance for Needy Families Federal Fund.
From $4,000,000 to $3,000,000 in total for the section.

Section 11.195

I hereby veto $1,904,000 general revenue for a cooperatively owned grocery store in St. Louis County. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

For a nonprofit organization founded in 2017 to open a cooperatively owned grocery store.
From $1,904,000 to $0 from General Revenue Fund.
From $14,781,682 to $12,877,682 in total for the section.

Section 11.207

I hereby veto $2,000,000 general revenue for the staffing, infrastructure, and technology expenses for House Everyone, a homelessness nonprofit. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. There are existing state programs aimed at providing services to address homelessness. Funding could be sought through the Missouri Housing Development Commission.

Said section is vetoed in its entirety from $2,000,000 to $0 from General Revenue Fund.
From $2,000,000 to $0 in total for the section.

Section 11.212

I hereby veto $2,500,000 general revenue for a transitional housing project. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the adjusted total is more in line with that of similar projects.

From $3,000,000 to $500,000 from General Revenue fund.

Section 20.575

I hereby veto $500,000 Budget Stabilization Fund for purchase of a crash truck for an airport in Jefferson City. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals $53.5 billion, over $1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding $300 million and increasing ongoing general revenue expenditures by over $200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this appropriation is being reduced to allow for a local match contribution.

From $1,000,000 to $500,000 from Budget Stabilization Fund.
From $1,000,000 to $500,000 in total for the section.

Section 20.644

I hereby veto $400,000 Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund for construction of sidewalks on Meramec Station Road in St. Louis County. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from $400,000 to $0 from Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund.
From $400,000 to $0 in total for the section.

Section 20.847

I hereby veto $3,260,000 Coronavirus State Fiscal Recovery – Revenue Replacement Fund for the Missouri Foundation Seed program. The Fiscal Year 2023 budget includes $3.24 million for this project, which has not yet been fully expended.

From $6,500,000 to $3,240,000 Coronavirus State Fiscal Recovery – Revenue Replacement Fund.
From $6,500,000 to $3,240,000 in total for the section.

Section 20.865

I hereby veto $2,000,000 Coronavirus State Fiscal Recovery – Revenue Replacement Fund for the purchase of equipment for the Kansas City Police Foundation. The Fiscal Year 2023 budget includes $3 million for this project, which has not yet been fully expended.

From $6,000,000 to $4,000,000 from Coronavirus State Fiscal Recovery – Revenue Replacement Fund.
From $6,000,000 to $4,000,000 in total for the section.

Section 20.897

I hereby veto $2,000,000 Coronavirus State Fiscal Recovery – Revenue Replacement Fund for a nonprofit community development corporation in Kansas City. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from $2,000,000 to $0 from Coronavirus State Fiscal Recovery – Revenue Replacement Fund.
From $2,000,000 to $0 in total for the section.

Section 20.898

I hereby veto $2,000,000 Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund to demolish abandoned properties in the City of Kinloch. Investments in similar demolition projects in the Fiscal Year 2023 budget have yet to move forward, other funding sources should be pursued outside of this earmarked appropriation.

Said section is vetoed in its entirety from $2,000,000 to $0 from Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund.
From $2,000,000 to $0 in total for the section.

On June 30, 2023, I approved said **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 20**, except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Michael L. Parson
Governor
